SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-1064.

Title: Regulatory Fee Assessment True-Ups.

Form Number: N/A

Type of Review: Extension of a currently approved collection.

Respondents: Businesses or other for-profit organizations.

Number of Respondents and Responses: 280 respondents; 280 responses.

Estimated Time per Response: 15 minutes (0.25 hours).

Frequency of Response: Annual reporting requirement.

Obligation to Respond: Required to obtain or retain benefits.

Total Annual Burden: 70 hours.

Total Annual Cost: None.

Privacy Act Impact Assessment: No impact.

Nature and Extent of Confidentiality: There is no need for confidentiality. However, respondents may request materials or information submitted to the Commission be withheld from public inspection under 47 CFR 0.459 of the FCC's rules.

Needs and Uses: Section 9 of the Communications Act of 1934, as amended, 47 CFR 9, mandates that the Commission collect annual regulatory fees from its regulatees. To facilitate this effort, the Commission publishes various Public Notices and Fact Sheets each year that (1) announce when fees payments are due; (2) provide the current schedule of fee amounts for all service categories; and (3) provide guidance for making fee payments to the Commission.

The Commission mails fee assessment notifications to broadcast licensees and commercial mobile radio service (CMRS) licensees on an annual basis. (The Commission notes that beginning in Fiscal Year (FY) 2004, the Commission mailed fee assessment notifications to cable television operators. The Commission stopped this practice in FY 2007 because the method was ineffective and the data sent out on the notifications were unreliable. In OMB 3060-0855, Telecommunications Reporting Worksheet and Related Collections, FCC Form 499-A, FCC499-Q, the Commission has required regulatees to provide e-mail address and revenue amount as the fee assessment basis. The Commission plans to use these e-mail addresses collected in OMB 3060-0855 to transmit the fee assessment notifications in the future.)

With these fee assessment notifications, we also provide regulatees with a "true-up," *i.e.*, to fit, place or shape accurately, opportunity to contact the FCC to update or otherwise correct their assessed fee amounts well before the actual due date for payment of regulatory fees. Providing a "true-up" opportunity is necessary because the data sources that were used to generate the fee assessments may not be complete or accurate.

The Commission offers several ways for regulatees to "true-up" their assessed fee amount. Regulatees may call the Commission's Financial Operations Help Desk. They may return their amended assessment notification or otherwise send written correspondence to a designated Commission mailing address. In addition, regulatees may use a Commission-authorized Web site at <http://www.fcc.fees.com> to key-in
