**DEPARTMENT OF STATE****[Public Notice 7422]****Notice of Availability of the Supplemental Draft Environmental Impact Statement for the Proposed TransCanada Keystone XL Pipeline Project**

**AGENCY:** Department of State.

**ACTION:** Notice of availability.

**SUMMARY:** Consistent with the National Environmental Policy Act (NEPA) of 1969, as amended, the Department of State (DOS) has prepared a supplemental draft environmental impact statement (SDEIS) for the proposed TransCanada Keystone Pipeline, LP (TransCanada) Keystone XL Project (Project). On September 19, 2008, TransCanada filed an application

for a Presidential Permit for the construction, connection, operation, and maintenance of a pipeline and associated facilities at the border of the U.S. and Canada for the transport of crude oil across the U.S.-Canada international boundary. The Secretary of State is designated and empowered to receive all applications for Presidential Permits, as referred to in Executive Order 13337, as amended, for the construction, connection, operation, or maintenance, at the borders of the United States, of facilities for the exportation or importation of petroleum, petroleum products, coal, or other fuels to or from a foreign country. TransCanada has requested authorization to construct and operate border crossing facilities at the U.S.-Canadian border in Phillips County, near Morgan, Montana, in connection with its proposed international pipeline project (Keystone XL Project) that is designed to transport Canadian crude oil production from the Western Canadian Sedimentary Basin (WCSB) to destinations in the south central United States, including to a new tank farm in Cushing, Oklahoma, and to delivery points in the Port Arthur and East Houston areas of Texas.

**SUPPLEMENTARY INFORMATION:** DOS served as the lead Federal agency for the environmental review of the proposed Project consistent with NEPA, and issued a draft environmental impact statement (draft EIS) for public review on April 16, 2010. The Federal and state agencies that served as cooperating agencies in the development of the draft EIS include the U.S. Department of Agriculture—Natural Resources Conservation Service, Farm Service Agency, and Rural Utilities Service; the U.S. Army Corps of Engineers; the U.S. Department of Energy, Western Area Power Administration; the U.S. Department of the Interior—Bureau of Land Management, National Park Service, and U.S. Fish and Wildlife Service; the U.S. Department of Transportation, Pipeline and Hazardous Materials Safety Administration, Office of Pipeline Safety; the U.S. Environmental Protection Agency; and the Montana Department of Environmental Quality. Cooperating agencies either have jurisdiction by law or special expertise with respect to the environmental impacts assessed in connection with the proposal and are participating with DOS in analysis of those environmental impacts.

The public comment period for the draft EIS officially closed on July 2, 2010. DOS accepted written comments and verbal comments presented at over
