BILLING CODE 4710–15–P

DEPARTMENT OF TRANSPORTATION

Intelligent Transportation Systems Program Advisory Committee; Notice of Meeting

AGENCY: Research and Innovative Technology Administration, DOT.

ACTION: Notice.

This notice announces, pursuant to Section 10(a)(2) of the Federal Advisory Committee Act (FACA) (Pub. L. 72–363; 5 U.S.C. app. 2), a Web conference of the Intelligent Transportation Systems (ITS) Program Advisory Committee (ITS PAC). The Web conference will be held on May 18, 2011, from 1 p.m. to 4 p.m.

The ITS PAC, established under Section 5305 of Public Law 109–59, Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users, August 10, 2005, and re-chartered on February 7, 2010, was created to advise the Secretary of Transportation on all matters relating to the study, development, and implementation of intelligent transportation systems.

Through its sponsor, the ITS Joint Program Office (JPO), the ITS PAC makes recommendations to the Secretary regarding ITS Program needs, objectives, plans, approaches, content, and progress.

Following is the Web conference preliminary agenda: (1) Welcome and Opening Remarks; (2) Review Technology Strategy Subcommittee Findings; (3) Review Standards and Harmonization Subcommittee Findings; (4) Review Program Evaluation and Strategy Subcommittee Findings; and (5) Summary and Action Item Review.

The Web conference will be available to the public, but limited conference lines will be available on a first-come, first-serve basis. Members of the public who wish to participate must notify Mr. Stephen Glasscock, the Committee Designated Federal Official, at (202) 366–9126 no later than May 11, 2011, at which time the Web conference URL and call-in phone number will be provided. Members of the public who wish to present oral statements during the Web conference must request approval from Mr. Glasscock no later than May 11, 2011.

Questions about the agenda or written comments may be submitted by U.S. Mail to: U.S. Department of Transportation, Research and Innovative Technology Administration, ITS Joint Program Office, Attention: Stephen Glasscock, 1200 New Jersey Avenue, SE., HOIT, Room E33–415, Washington, DC 20590 or faxed to (202) 493–2027. The JPO requests that written comments be submitted no later than May 11, 2011.

Notice of this Web conference is provided in accordance with the FACA and the General Services Administration regulations (41 CFR part 102–3) covering management of Federal advisory committees.

Issued in Washington, DC, on the 19th day of April 2011.

Linda Dodge,
Chief of Staff, ITS Joint Program Office.

DEPARTMENT OF TRANSPORTATION

Federal Motor Carrier Safety Administration

[FMCSA Docket No. FMCSA–2011–0025]

Qualification of Drivers; Exemption Applications; Diabetes Mellitus

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of final disposition.

SUMMARY: FMCSA announces its decision to exempt twenty-one individuals from its rule prohibiting persons with insulin-treated diabetes mellitus (ITDM) from operating commercial motor vehicles (CMVs) in interstate commerce. The exemptions will enable these individuals to operate CMVs in interstate commerce.

DATES: The exemptions are effective April 25, 2011. The exemptions expire on April 25, 2013.

FOR FURTHER INFORMATION CONTACT: Dr. Mary D. Gunnels, Director, Medical Programs, (202) 366–4001, fmcsamedical@dot.gov, FMCSA, Room W64–224, Department of Transportation, 1200 New Jersey Avenue, SE., Washington, DC 20590–0001. Office hours are from 8:30 a.m. to 5 p.m., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Electronic Access
You may see all the comments online through the Federal Document Management System (FDMS) at: http://www.regulations.gov.

Docket: For access to the docket to read background documents or comments, go to http://www.regulations.gov and/or Room W12–140 on the ground level of the West Building, 1200 New Jersey Avenue, SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Privacy Act: Anyone may search the electronic form of all comments received into any of DOT’s dockets by the name of the individual submitting the comment (or of the person signing the comment, if submitted on behalf of an association, business, labor union, or other entity). You may review DOT’s Privacy Act Statement for the Federal Docket Management System (FDMS) published in the Federal Register on January 17, 2008 [73 FR 3316], or you may visit http://edocket.access.gpo.gov/2008/pdf/E08–785.pdf.

Background

On February 22, 2011, FMCSA published a notice of receipt of Federal diabetes exemption applications from twenty-one individuals and requested comments from the public (76 FR 9862). The public comment period closed on March 24, 2011 and no comments were received.

FMCSA has evaluated the eligibility of the twenty-one applicants and determined that granting the exemptions to these individuals would achieve a level of safety equivalent to, or greater than, the level that would be achieved by complying with the current regulation 49 CFR 391.41(b)(3).

Diabetes Mellitus and Driving Experience of the Applicants

The Agency established the current standard for diabetes in 1970 because several risk studies indicated that drivers with diabetes had a higher rate of crash involvement than the general population. The diabetes rule provides that “A person is physically qualified to drive a commercial motor vehicle if that person has no established medical history or clinical diagnosis of diabetes mellitus currently requiring insulin for control” (49 CFR 391.41(b)(3)).

FMCSA established its diabetes exemption program, based on the Agency’s July 2000 study entitled “A Report to Congress on the Feasibility of a Program to Qualify Individuals with Insulin-Treated Diabetes Mellitus to Operate in Interstate Commerce as Directed by the Transportation Act for the 21st Century.” The report concluded that a safe and practicable protocol to allow some drivers with ITDM to
operate CMVs is feasible. The September 3, 2003 (68 FR 52441) Federal Register notice in conjunction with the November 8, 2005 (70 FR 6777) Federal Register notice provides the current protocol for allowing such drivers to operate CMVs in interstate commerce.

These twenty-one applicants have had ITDM over a range of 1 to 19 years. These applicants report no severe hypoglycemic reactions resulting in loss of consciousness or seizure, requiring the assistance of another person, or resulting in impaired cognitive function that occurred without warning symptoms, in the past 12 months and no recurrent (2 or more) severe hypoglycemic episodes in the past 5 years. In each case, an endocrinologist verified that the driver has demonstrated a willingness to properly monitor and manage his/her diabetes mellitus, received education related to diabetes management, and is on a stable insulin regimen. These drivers report no other disqualifying conditions, including diabetes-related complications. Each meets the vision standard at 49 CFR 391.41(b)(10). The qualifications and medical condition of each applicant were stated and discussed in detail in the February 22, 2011, Federal Register notice and they will not be repeated in this notice.

Discussion of Comment

FMCSA did not receive any comments in this proceeding.

Basis for Exemption Determination

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption from the diabetes standard in 49 CFR 391.41(b)(3) if the exemption is likely to achieve an equivalent or greater level of safety than would be achieved without the exemption. The exemption allows the applicants to operate CMVs in interstate commerce.

To evaluate the effect of these exemptions on safety, FMCSA considered medical reports about the applicants’ ITDM and vision, and reviewed the treating endocrinologists’ medical opinion related to the ability of the driver to safely operate a CMV while using insulin.

Consequently, FMCSA finds that in each case exempting these applicants from the diabetes standard in 49 CFR 391.41(b)(3) is likely to achieve a level of safety equal to that existing without the exemption.

Conditions and Requirements

The terms and conditions of the exemption will be provided to the applicants in the exemption document and they include the following: (1) That each individual submit a quarterly monitoring checklist completed by the treating endocrinologist as well as an annual checklist with a comprehensive medical evaluation; (2) that each individual reports within 2 business days of occurrence, all episodes of severe hypoglycemia, significant complications, or inability to manage diabetes; also, any involvement in an accident or any other adverse event in a CMV or personal vehicle, whether or not it is related to an episode of hypoglycemia; (3) that each individual provide a copy of the ophthalmologist’s or optometrist’s report to the medical examiner at the time of the annual medical examination; and (4) that each individual provide a copy of the annual medical certification to the employer for retention in the driver’s qualification file or keep a copy in his/her driver’s qualification file if he/she is self-employed. The driver must also have a copy of the certification when driving, for presentation to a duly authorized Federal, State, or local enforcement official.

Conclusion

Based upon its evaluation of the twenty-one exemption applications, FMCSA exempts, Kevin J. Agler, Roger R. Cabana, Andrew J. Causey, Steven J. Cockiewicz, Jamie P. Chapman, Dennis J. Dallmann, Wade Dawson, Craig A. Fisher, Ryan D. Gibson, Omar S. Griffin Jr., George E. Heffnerman, Dennis Hohnerlein, Joshua P. Kramer, Chad M. Kunkel, Donald L. Kurtz, Jeffery S. Lomber, Rodney C. McCowan, Jennifer L. Moran, Kevin J. Van Horn, Jimmy M. Welch and Michael L. Wintrow from the ITDM standard in 49 CFR 391.41(b)(3) subject to the conditions listed under “Conditions and Requirements” above.

In accordance with 49 U.S.C. 31136(e) and 31315 each exemption will be valid for two years unless revoked earlier by FMCSA. The exemption will be revoked if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315. If the exemption is still effective at the end of the 2-year period, the person may apply to FMCSA for a renewal under procedures in effect at that time.
