

during regular business hours (7 CFR 1.27(c)).

SUPPLEMENTARY INFORMATION: In the January 4, 2011, **Federal Register** (76 FR 317), GIPSA requested applications for designation to provide official services in the geographic area previously serviced by Lewiston Grain Inspection Service, Inc. (Lewiston). Applications were due by February 3, 2011.

Washington was the sole applicant for designation to provide official services

in this area. As a result, GIPSA did not ask for additional comments.

GIPSA evaluated all available information regarding the designation criteria in section 7(f)(1) of the USGSA (7 U.S.C. 79(f)) and determined that Washington is qualified to provide official services in the geographic area specified in the January 4, 2011, **Federal Register** for which they applied. This designation action to provide official services in the specified area is effective March 1, 2011 and will terminate on December 31, 2011.

Effective March 1, 2011, Washington's present geographic area is amended to include the following areas in the States of Idaho and Oregon:

- The northern half of the State of Idaho down to the northern boundaries of Adams, Valley, and Lemhi Counties.
- The entire State of Oregon, except those export port locations within the State that are serviced by GIPSA.

Interested persons may obtain official services by contacting this agency at the following telephone number:

Official agency	Headquarters location and telephone	Designation start	Designation end
Washington	Olympia, WA (360) 753-1484 Additional Locations: Colfax, Othello, Pasco, Quincy, Spokane, and Yakima, WA.	3/1/2011	12/31/2011

Section 7(f)(1) of the USGSA authorizes GIPSA's Administrator to designate a qualified applicant to provide official services in a specified area after determining that the applicant is better able than any other applicant to provide such official services (7 U.S.C. 79 (f)(1)).

Under section 7(g)(1) of the USGSA, designations of official agencies are effective for no longer than 3 years unless terminated by the Secretary; however, designations may be renewed according to the criteria and procedures prescribed in section 7(f) of the Act.

Authority: 7 U.S.C. 71-87k.

SUPPLEMENTARY INFORMATION:

I. Abstract

The BC-170, Census Employment Inquiry, is used to collect information such as personal data and work experience from job applicants. The BC-170 is used throughout the census and intercensal periods for surveys, special censuses, decennial census pretests, and dress rehearsals. Applicants completing the form for a census related position are applying for temporary jobs in office and field positions (clerks, enumerators, crew leaders, supervisors). In addition, as an option to the OF-612, Optional Application for Federal Employment, the BC-170 may be used when applying for temporary/permanent office and field positions (clerks, field representatives, supervisors) on a recurring survey in one of the Census Bureau's 12 Regional Offices (ROs) throughout the United States. This form is completed by job applicants at the time they are tested. Selecting officials review the information shown on the form to evaluate an applicant's eligibility for employment. During the

decennial census, the BC-170 is intended to expedite hiring and selection in situations requiring large numbers of temporary employees for assignments of a limited duration.

The use of this form is limited to only situations that involve special, one-time or recurring survey operations at one of the ROs and/or which require the establishment of a temporary office. The form has been demonstrated to meet our recruitment needs for field workers and requires significantly less burden than the Office of Personnel Management (OPM) Optional Forms that are available for use by the public when applying for Federal positions. Over the next three years, we expect to recruit approximately 61,500 applicants for census jobs (*i.e.*, one-time censuses, special censuses and decennial pretests and dress rehearsals), which would equate to a significant reduction in the required paperwork and public burden, as compared to other Federal application forms.

The bulk of the proposed changes to the form are related to standardizing the information collected across the three variations of the forms which we currently utilized and to collect additional applicant data to facilitate the processing of the application.

II. Method of Collection

We collect this information at the time of testing for temporary and permanent positions. Potential employees being tested complete a four-page paper application at the time of testing.

Bureau of Industry and Security

Action Affecting Export Privileges; Orion Air, S.L. and Syrian Pearl Airlines

In the Matter of:

Orion Air, S.L., Canada Real de Merinas, 7 Edificio 5, 3'A, Eisenhower business center, 28042 Madrid, Spain; and Ad. de las Cortes Valencianas no 37, Esc.A Puerta 45 46015 Valencia, Spain; and Syrian Pearl Airlines, Damascus International Airport, Damascus, Syria, Respondents.

Order Renewing Temporary Denial of Export Privileges

Pursuant to Section 766.24 of the Export Administration Regulations, 15 CFR parts 730-774 (2011) ("EAR" or the "Regulations"), I hereby grant the request of the Bureau of Industry and Security ("BIS") to renew for 180 days the Order Temporarily Denying the Export Privileges of Respondents Orion Air, S.L. ("Orion Air") and Syrian Pearl Airlines (collectively, "Respondents"), as I find that renewal of the temporary denial order ("TDO" or the "Order") is necessary in the public interest to prevent an imminent violation of the EAR.

I. Procedural History

On May 7, 2009, then-Acting Assistant Secretary of Commerce for Export Enforcement Kevin Delli-Colli signed an Order Temporarily Denying the Export Privileges of the Respondents for 180 days on the grounds that its issuance was necessary in the public interest to prevent an imminent violation of the Regulations. Pursuant to Section 766.24(a), the TDO was issued *ex parte* and was effective upon issuance. Copies of the TDO were sent to each Respondent in accordance with Section 766.5 of the Regulations and the Order was published in the **Federal Register** on May 26, 2009.¹ Thereafter, Acting Assistant Secretary Delli-Colli issued an Order on November 2, 2009, renewing the TDO for an additional 180 days, and I similarly issued a 180-day renewal Order on April 29, 2010.²

Most recently, on October 22, 2010, I renewed the TDO against the Respondents for an additional 180 days. This renewal was effective upon issuance and was published in the **Federal Register** on October 29, 2010.³ The current Order would expire on April 20, 2011, unless renewed in accordance with Section 766.24 of the Regulations.

On March 28, 2011, BIS, through its Office of Export Enforcement ("OEE"), filed a written request for renewal of the TDO against the Respondents for an additional 180 days. A copy of this request was delivered to the Respondents in accordance with Section 766.5 of the Regulations. No opposition to renewal of the TDO has been received from either Orion Air or Syrian Pearl Airlines.

¹ 74 FR 24,786.

² The November 2, 2009 renewal Order was published in the **Federal Register** on November 9, 2009 (74 FR 57,626). The April 29, 2010 renewal Order was published in the **Federal Register** on May 7, 2010 (75 FR 25,002).

³ 75 FR 66,728 (October 29, 2010).

II. Discussion

A. Legal Standard

Pursuant to section 766.24(d)(3) of the EAR, the sole issue to be considered in determining whether to continue a TDO is whether the TDO should be renewed to prevent an imminent violation of the EAR, as "imminent" violation is defined in Section 766.24. "A violation may be 'imminent' either in time or in degree of likelihood." 15 CFR 766.24(b)(3). BIS may show "either that a violation is about to occur, or that the general circumstances of the matter under investigation or case under criminal or administrative charges demonstrate a likelihood of future violations." *Id.* As to the likelihood of future violations, BIS may show that "the violation under investigation or charges is significant, deliberate, covert and/or likely to occur again, rather than technical and negligent[.]" *Id.* A "lack of information establishing the precise time a violation may occur does not preclude a finding that a violation is imminent, so long as there is sufficient reason to believe the likelihood of a violation." *Id.*

B. Findings

As part of its initial TDO request, BIS presented evidence that on or about May 1, 2009, Orion Air re-exported a BAE 146-300 aircraft (tail number EC-JVO) to Syria, and specifically to Syrian Pearl Airlines, without the U.S. Government authorization required by General Order No. 2 of Supplement 1 to Part 736 of the EAR. The aircraft is subject to the Regulations because it contains greater than a 10-percent de minimis amount of U.S.-origin content. Orion Air engaged in this re-export transaction despite having been directly informed of the export licensing requirements by the U.S. Government. Moreover, Orion Air not only engaged in this conduct after having received actual as well as constructive notice of the applicable license requirements, but then sought to evade the Regulations and U.S. export controls by giving the U.S. Government false assurances that it would put the transaction on hold due to the U.S. Government's concerns.

BIS also produced evidence that the re-exported aircraft bore the livery, colors and logos of Syrian Pearl Airlines, a national of Syria, a Country Group E:1 destination; was flight capable; and under the terms of the lease agreement was to be based in and operated out of Syria during the lease term. The record also shows that the re-exported aircraft currently remains in Syria under the control of Syrian Pearl Airlines.
