

Following due consideration for all comments obtained through this scoping effort, SEKI will prepare the DEIS/WSP. This document will state the purpose and need for Federal action, describe and analyze a range of “action” alternatives (and a “no action” baseline alternative), assess potential environmental consequences of each alternative and provide appropriate impact mitigation strategies, identify the “environmentally preferred” course of action, and explain the process and rationale for determining the “agency-preferred” alternative. The DEIS/WSP will also include an analysis of the extent to which commercial services in wilderness are necessary to realize Wilderness Act purposes. The release of the DEIS/WSP will be formally announced by publication of a Notice of Availability in the **Federal Register**, and via Web site postings and announcements in local and regional news media. Notifications will also be sent to the project mailing list, as well as to local, State, Federal, and Tribal governments.

Decision Process: Following careful analysis of all responses received concerning the DEIS/WSP, a Final EIS/WSP will be prepared and its availability similarly announced in the **Federal Register**. Thereafter, but not sooner than 30 days after release of the Final EIS/WSP, a Record of Decision would be prepared. As a delegated EIS, the official responsible for final approval of the SEKI Wilderness Stewardship Plan is the Regional Director, Pacific West Region. Subsequently the official responsible for implementation of the approved plan would be the Superintendent, Sequoia and Kings Canyon National Parks.

Dated: January 5, 2011.

Christine S. Lehnertz,

Regional Director, Pacific West Region.

Warner Valley Comprehensive Site Plan/Environmental Impact Statement, Lassen Volcanic National Park, Plumas County, CA

AGENCY: National Park Service, Interior.

ACTION: Notice of Approval of Record of Decision for the Warner Valley Comprehensive Site Plan, Lassen Volcanic National Park.

SUMMARY: Pursuant to § 102(2)(C) of the National Environmental Policy Act of 1969 (Pub. L. 91-190, as amended) and the regulations promulgated by the Council on Environmental Quality (40 CFR 1505.2), the Department of the Interior, National Park Service (NPS) has prepared and approved a Record of Decision for the Final Environmental Impact Statement for the Warner Valley Comprehensive Site Plan (CSP) in Lassen Volcanic National Park. The requisite no-action “wait period” was initiated September 24, 2010, with the Environmental Protection Agency’s **Federal Register** notification of the filing of the Final EIS.

Decision: As soon as practical the NPS will begin to implement the first phase of restoration work identified in the CSP, including incremental lowering and removal of Dream Lake Dam, rehabilitation of drainage ditches in Drakesbad Meadow, and propagation of plant materials derived from local native species for use in revegetation. Other key project elements include rehabilitation or repair of compatible facilities in Drakesbad Guest Ranch historic district, and removal of non-conforming structures. Consolidation of concession housing (tent cabins) and services outside the core of the historic district will occur.

This approved CSP was identified and analyzed as the agency-preferred Alternative 2 in the Final EIS (and includes no substantive modifications from the course of action that was described in the Draft EIS). The full ranges of foreseeable environmental consequences were assessed, and appropriate mitigation measures are incorporated in the approved plan. Both a No Action alternative and an additional “action” alternative were also identified and analyzed. As documented in the Draft and Final EIS, the selected alternative was deemed to be the “environmentally preferred” course of action.

Copies: Interested parties desiring to review the Record of Decision may obtain a copy by contacting the Superintendent, Lassen Volcanic National Park, P.O. Box 100, Mineral, CA 96063-0100 or via telephone request at (530) 595-4444.

Dated: March 11, 2011.

Christine S. Lehnertz,

Regional Director, Pacific West Region.

Record of Decision

AGENCY: National Park Service, Interior.

ACTION: Notice of Availability of the Record of Decision on the Final Environmental Impact Statement for the Tamiami Trail Modifications: Next Steps Project.

SUMMARY: Pursuant to 42 U.S.C. 4332(2)(C) of the National Environmental Policy Act of 1969 and National Park Service (NPS) policy in Director’s Order Number 2 (Park Planning) and Director’s Order Number 12 (Conservation Planning, Environmental Impact Analysis, and Decision-making), the NPS announces the availability of the Record of Decision (ROD) for the Final Environmental Impact Statement (FEIS) for the Tamiami Trail (U.S. Highway 41) Modifications: Next Steps Project for Everglades National Park (ENP), Florida.

DATES: The 2009 Omnibus Appropriations Act, Public Law 111-008, dated March 11, 2009, directed the U.S. Army Corps of Engineers (USACE) to construct modifications to U.S. Highway 41 (Tamiami Trail) that were approved in the 2008 Limited Reevaluation Report and Environmental Assessment. The 2009 Omnibus Appropriations Act also directed the NPS to “immediately evaluate the feasibility of additional bridge length, beyond that to be constructed pursuant to the Modified Water Deliveries to ENP Project (16 U.S.C. 410r-8), including a continuous bridge, or additional bridges or some combination thereof, for the Tamiami Trail to restore more natural water flow to ENP and Florida Bay and for the purpose of restoring habitat within the ENP and the ecological connectivity between the ENP and the Water Conservation Areas.” The FEIS for the Tamiami Trail Modifications: Next Steps Project provides historical information, existing conditions, alternatives for infrastructure modifications, including the preferred alternative, related impacts of the alternatives, and public involvement and consultation. The Tamiami Trail Modifications: Next Steps Project would be implemented in accordance with the preferred alternative should it be authorized and funded by the Congress.

ADDRESSES: The Record of Decision document will be available for public review online at <http://parkplanning.nps.gov/ever>. You may

request a hard copy by contacting Everglades National Park, Attn: Bruce Boler, 950 N. Krome Avenue, Homestead, FL 33030-6733; telephone 305-224-4234.

SUPPLEMENTARY INFORMATION: Public scoping was initiated in the summer of 2009. A newsletter was distributed on May 31, 2009, and a public meeting was held on June 2, 2009, to keep the public informed and involved throughout the planning process. As the lead agency, the NPS conducted several inter-agency/Tribal meetings and one workshop to develop project objectives, identify alternatives, evaluate the benefits of alternatives, and identify a preferred alternative. The selected alternative maximizes bridging by creating conveyance openings through Tamiami Trail by removing 5.5 miles of the existing highway and embankment. Four bridges will be constructed in the opening to replace the removed section of road and maintain vehicle traffic. Bridge down-ramp (access ramps) options were also developed to maintain access to two commercial airboat facilities: Everglades Safari Park and Coopertown. A "Modified Parallel Down Ramp" was selected as the preferred option for Everglades Safari and a "Parallel Down Ramp with Existing Frontage Road" was selected as the preferred option for Coopertown. The selected alternative will increase ecological connectivity by 5.5 miles, reduce flow velocities below the 0.10 feet per second (fps) threshold that causes harm to marshes, and substantially restore the flow patterns associated with a healthy ridge and slough landscape in Northeast Shark River Slough. In addition, the remaining highway embankments along stretches of the road that are not bridged will be reconstructed to raise the crown elevation to 12.3 feet, the minimum required based on the design high water of 9.7 feet and the roadway cross section geometry.

FOR FURTHER INFORMATION CONTACT: Everglades National Park, Attn: Bruce Boler, 950 N. Krome Avenue, Homestead, FL 33030-6733; telephone 305-224-4234.

Authority: The authority for publishing this notice is contained in 40 CFR 1506.6.

The responsible official for this ROD is the Regional Director, Southeast Region, National Park Service, 100 Alabama Street, SW., 1924 Building, Atlanta, Georgia 30303.

Dated: April 18, 2011.

Gordon Wissinger,
Acting Regional Director, Southeast Region.

DEPARTMENT OF JUSTICE

[OMB Number 1123-0011]

Agency Information Collection Activities: Proposed Collection; Comments Requested

ACTION: 60-Day Notice of Information Collection Under Review: Annual Certification Report and Equitable Sharing Agreement.

The Department of Justice (DOJ), Criminal Division, Asset Forfeiture and Money Laundering Section, will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The proposed information collection is published to obtain comments from the public and affected agencies. Comments are encouraged and will be accepted for "sixty days" until June 27, 2011. This process is conducted in accordance with 5 CFR § 1320.10.

Written comments concerning this information collection should be sent to the Office of Information and Regulatory Affairs, Office of Management and Budget, Attn: DOJ Desk Officer. The best way to ensure your comments are received is to e-mail them to oir_submission@omb.eop.gov or fax them to 202-395-7285. All comments should reference the 8 digit OMB number for the collection or the title of the collection. If you have questions concerning the collection, please call Clifford Krieger at 514-0013 or the DOJ Desk Officer at 202-395-3176.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and

—Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Reauthorization of a currently approved collection.

(2) *Title of the Form/Collection:* Annual Certification Report and Equitable Sharing Agreement.

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* Form Number: N/A. Criminal Division, Asset Forfeiture and Money Laundering Section.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* *Primary:* Law Enforcement Agencies that participate in the Federal Equitable Sharing Program. *Other:* None. The form is part of a voluntary program in which law enforcement agencies receive forfeited assets and proceeds to further law enforcement operations. The participating law enforcement agencies must account for their use of program funds on an annual basis and renew their contract of participation. DOJ uses this information to ensure that the funds are spent in accordance with the requirements of the program.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* It is estimated that 9,736 respondents will complete a 30 minute form.

(6) *An estimate of the total public burden (in hours) associated with the collection:* There are an estimated 4,868 annual total burden hours associated with this collection.

If additional information is required contact: Lynn Murray, Department Clearance Officer, Policy and Planning Staff, Justice Management Division, Department of Justice, Two Constitution Square, 145 N Street, NE., Room 2E-808, Washington, DC 20530.

Dated: April 20, 2011.

Lynn Murray,
Department Clearance Officer, PRA, U.S. Department of Justice.
