

the Quality Housing and Work Responsibility Act of 1998 creating a new subsection (h) entitled, "Prohibition on Use of Assistance for Employment Relocation Activities." This subsection prohibits the use of Community Development Block Grant funds to facilitate the relocation of for-profit businesses from one labor market to another if the relocation is likely to result in significant job loss. HUD's regulations for the ICDBG program were amended to add § 1003.209, *Prohibition on use of assistance from employment relocation activities*, and revise § 1003.505, *Records to be maintained*, to include the statement, "This includes establishing and maintaining records demonstrating that the recipient has made the determinations required as a condition of eligibility of certain activities, including as prescribed in § 1003.209."

The ICDBG regulations at § 1003.209 prohibit certain job relocation activities that results in disinvestment in low and moderate income Tribal communities. ICDBG recipients are prohibited from using ICDBG funds to facilitate the relocation of for-profit businesses from one "identified service area" as defined in § 1003.4, to another if the relocation is likely to result in significant job loss. To show compliance with the statute and regulations, ICDBG recipients that provide ICDBG assistance to a business must require and obtain, as a condition of the assistance, a certification from the assisted business that it has no plans to relocate jobs. If the assistance results in business relocation, the agreement must provide that the business will reimburse the ICDBG recipient for any assistance provided to, or expended on behalf of the business.

ICDBG recipients are required to submit a quarterly Federal Financial Report (SF-425) that provides a snapshot of the grant funds drawn from the recipient's line of credit. The reports are used to monitor cash transfers to the recipients and obtain expenditure data from the recipients. (Title 24 CFR 1003.501(16))

The government-wide administrative requirements for grants and cooperative agreements to State, local, and Federally recognized Indian Tribal governments codified by HUD at 24 CFR part 85 require that grantees and sub-grantees "take all necessary affirmative steps to assure that minority firms, women's business enterprises, and labor surplus area firms are used when possible" (§ 85.36(e)). Consistent with these regulations, § 1003.506(b) requires that ICDBG grantees report on these activities on an annual basis, with Contract and Subcontract Activity

reports being due to HUD on October 10 of each year (HUD-2516).

At the end of each one-year period and at grant closeout the recipient is required to submit a narrative status and evaluation report that describes: (1) Progress on completing approved activities; (2) a breakdown of major project activity or category expenditures; and (3) an assessment of program effectiveness at grant closeout. Recipients are also to report on program outputs and outcomes through the Program Outcome Logic Model (HUD-96010). (Title 24 CFR 1003.506)

The information collected will allow HUD to accurately audit the program.
