The Secretary of Transportation established TRACS for the purpose of providing a forum for the development, consideration, and communication of information from knowledgeable and independent perspectives regarding transit rail safety. Currently, the TRACS committee consists of members representing key constituencies affected by rail transit safety requirement, including rail safety experts, labor unions, transit agencies, and State safety oversight agencies. The FTA Administrator is now seeking to increase the representation from members of the academic community. Qualified individuals interested in serving on this committee are invited to apply to FTA for appointment. The nominees should be knowledgeable of the rail transit industry and shall have

conducted research on the emerging trends or issues related to rail transit safety. The nominees will be evaluated mainly on academic experience but also the following factors: Leadership and organizational skills, region of country represented, and diversity characteristics. Each nomination should include: Proposed committee member's name and organizational affiliation, a cover letter describing the nominee's qualifications or interest in serving on the committee, a curriculum vitae or resume of the nominee's qualifications. Self-nominations are acceptable and each submission should include the following contact information: Nominee's name, address, phone number, fax number, and e-mail address.
