party does not comply with the revised certification requirements.

This notice is issued and published pursuant to section 777(i) of the Act.

Dated: April 20, 2011.

Ronald K. Lorentzen,
Deputy Assistant Secretary for Import Administration.

Appendix I—Scope of the Investigation

The merchandise covered by this investigation includes certain steel nails having a shaft length up to 12 inches. Certain steel nails include, but are not limited to, nails made of round wire and nails that are cut. Certain steel nails may be of one piece construction or constructed of two or more pieces. Certain steel nails may be produced from any type of steel, and have a variety of finishes, heads, shanks, point types, shaft lengths and shaft diameters. Finishes include, but are not limited to, coating in vinyl, zinc (galvanized, whether by electroplating or hot-dipping one or more times), phosphate cement, and paint. Head styles include, but are not limited to, flat, projection, cupped, oval, brad, headless, double, countersunk, and sinker. Shank styles include, but are not limited to, smooth, barbed, screw threaded, ring shank and fluted shank styles. Screw-threaded nails subject to this investigation are driven using direct force and not by turning the fastener using a tool that engages with the head. Point styles include, but are not limited to, diamond, blunt, needle, chisel and no point. Certain steel nails may be sold in bulk, or they may be collated into strips or coils using materials such as plastic, paper, or wire.

Certain steel nails subject to this investigation are currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7317.00.55, 7317.00.65, and 7317.00.75. Excluded from the scope of this investigation are steel nails specifically enumerated and identified in ASTM Standard F 1667 (2005 revision) as Type I, Style 20 nails, whether collated or in bulk, and whether or not galvanized.

Also excluded from the scope of this investigation are the following products:

- Non-collated (i.e., hand-drive or bulk), two-piece steel nails having plastic or steel washers ("caps") already assembled to the nail, having a bright or galvanized finish, a ring, fluted or spiral shank, an actual length of 0.500" to 2", inclusive; an actual shank diameter of 0.1015" to 0.166", inclusive; and an actual washer or cap diameter of 0.900" to 1.10", inclusive;
- Non-collated (i.e., hand-drive or bulk), steel nails having a bright or galvanized finish, a smooth, barbed or ringed shank, an actual length of 0.500" to 4", inclusive; an actual shank diameter of 0.1015" to 0.166", inclusive; and an actual head diameter of 0.3375" to 0.500", inclusive, and whose packaging and packaging marking are clearly and prominently labeled "Roofing" or "Roof" nails;
- Wire collated steel nails, in coils, having a galvanized finish, a smooth, barbed or ringed shank, an actual length of 0.500" to 1.75", inclusive; an actual shank diameter of 0.116" to 0.166", inclusive; and an actual head diameter of 0.3375" to 0.500", inclusive, and whose packaging and packaging marking are clearly and prominently labeled "Roofing" or "Roof" nails;
- Non-collated (i.e., hand-drive or bulk), steel nails having a convex head (commonly known as an umbrella head), a smooth or spiral shank, a galvanized finish, an actual length of 1.75" to 3", inclusive; an actual shank diameter of 0.131" to 0.152", inclusive; and an actual head diameter of 0.450" to 0.813", inclusive, and whose packaging and packaging marking are clearly and prominently labeled "Roofing" or "Roof" nails;
- Corrugated nails. A corrugated nail is made of a small strip of corrugated steel with sharp points on one side;
- Thumb tacks, which are currently classified under HTSUS 7317.00.10.00; or
- Fasteners suitable for use in powder-actuated hand tools, not threaded and threaded, which are currently classified under HTSUS 7317.00.20 and 7317.00.30;
- Certain steel nails that are equal to or less than 0.0720 inches in shank diameter, round or rectangular in cross section, between 0.375 inches and 2.5 inches in length, and that are collated with adhesive or polyester film tape backed with a heat seal adhesive; and
- Fasteners having a case hardness greater than or equal to 50 HRC, a carbon content greater than or equal to 0.5 percent, a round head, a secondary reduced-diameter raised head section, a centered shank, and a smooth symmetrical point, suitable for use in gas-actuated hand tools.

While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.

International Trade Administration

[C–570–976]

Galvanized Steel Wire From the People’s Republic of China: Initiation of Countervailing Duty Investigation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: Effective Date: April 27, 2011.

FOR FURTHER INFORMATION CONTACT: Nicholas Czajkowski or David Lindgren, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482–1395 or (202) 482–3870, respectively.

SUPPLEMENTARY INFORMATION:

The Petition

On March 31, 2011, the Department of Commerce (the Department) received a countervailing duty (CVD) petition concerning imports of galvanized steel wire from the People’s Republic of China (PRC) filed in proper form by Davis Wire Corporation, Johnstown Wire Technologies, Inc., Mid-South Wire Company, Inc., National Standard, LLC, and Oklahoma Steel & Wire Company, Inc. (Petitioners), domestic producers of galvanized steel wire. See “Petition for the Imposition of Countervailing Duties on Galvanized Steel Wire from the People’s Republic of China” (CVD Petition). On April 6, 2011, the Department requested additional information and clarification of certain areas of the CVD Petition involving the subsidy allegations. On the same day we issued a separate set of requests for information regarding the scope, industry support, and injury sections of the CVD Petition and the accompanying antidumping petitions for Mexico and the PRC. Petitioners filed timely, separate responses to these questionnaires on April 11, 2011 (First Supplement to the CVD Petition and Supplement to the AD/CVD Petitions, respectively). On April 12, 2011, the Department issued a second set of questions regarding general issues, injury information and antidumping-specific topics. On April 14, 2011, Petitioners filed timely responses to the April 12, 2011 questionnaires (Second Supplement to the AD/CVD Petitions). On April 12, 2011, the Department requested additional information regarding the CVD Petition. See Memo to the File from Mark E. Hoadley, Program Manager, AD/CVD Operations,
Office 6, Import Administration

In accordance with section 702(b)(1) of the Tariff Act of 1930, as amended (the Act), Petitioners allege that producers/exporters of galvanized steel wire in the PRC received countervailable subsidies within the meaning of sections 701 and 771(5) of the Act, and that imports from these producers/exporters materially injure, or threaten material injury to, an industry in the United States.

The Department finds that Petitioners filed the CVD Petition on behalf of the domestic industry because they are an interested party as defined in section 771(9)(C) of the Act and the Petitioners have demonstrated sufficient industry support with respect to the CVD investigation that they are requesting the Department initiate (see “Determination of Industry Support for the Petition” below).

Period of Investigation
The period of investigation (POI) is calendar year 2010, i.e., January 1, 2010, through December 31, 2010. See 19 CFR 351.204(b)(2).

Scope of Investigation
The products covered by this investigation are galvanized steel wire from the PRC. For a full description of the scope of the investigation, please see the “Scope of the Investigation,” Appendix to this notice.

Comments on Scope of Investigation
During our review of the CVD Petition, we discussed the scope with Petitioners to ensure that it is an accurate reflection of the products for which the domestic industry is seeking relief. Moreover, as discussed in the preamble to the regulations (Antidumping Duties; Countervailing Duties; Final Rule, 62 FR 27296, 27323 (May 19, 1997)), we are setting aside a period for interested parties to raise issues regarding product coverage. The Department encourages all interested parties to submit such comments by May 10, 2011, twenty calendar days from the signature date of this notice. All comments must be filed on the records of the China and Mexico antidumping duty investigations as well as the China countervailing duty investigation. Comments should be addressed to Import Administration’s APO/Dockets Unit, Room 1870, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230. The period of scope consultations is intended to provide the Department with ample opportunity to consider all comments and to consult with parties prior to the issuance of the preliminary determinations.

Consultations
Pursuant to section 702(b)(4)(A)(ii) of the Act, the Department held consultations with the Government of the PRC (GOC) with respect to the CVD Petition on April 14, 2011. See Memorandum to the File, dated April 15, 2011, “Consultations with Officials from the Government of the People’s Republic of China on the Countervailing Duty Petitions regarding Steel Wheels and Galvanized Steel Wire” a public document on file in the Central Records Unit (CRU). Room 7046 of the main Department of Commerce building.

Determination of Industry Support for the Petition
Section 702(b)(1) of the Act requires that a petition be filed on behalf of the domestic industry. Section 702(c)(4)(A) of the Act provides that a petition meets this requirement if the domestic producers or workers who support the petition account for: (i) At least 25 percent of the total production of the domestic like product; and (ii) more than 50 percent of the production of the domestic like product produced by that portion of the industry expressing support for, or opposition to, the petition. Moreover, section 702(c)(4)(D) of the Act provides that, if the petition does not establish support of domestic producers or workers accounting for more than 50 percent of the total production of the domestic like product, the Department shall: (i) Poll the industry or rely on other information in order to determine if there is support for the petition, as required by subparagraph (A), or (ii) determine industry support using a statistically valid sampling method to poll the “industry.”

Section 771(4)(A) of the Act defines the “industry” as the “producers as a whole of a domestic like product. Thus, to determine whether a petition has the requisite industry support, the statute directs the Department to look at the whole of the domestic like product industry. The International Trade Commission (ITC), which is responsible for determining whether “the domestic industry” has been injured, must also determine what constitutes a domestic like product in order to define the industry. While both the Department and the ITC must apply the same statutory definition regarding the domestic like product (section 771(10) of the Act), they do so for different purposes and pursuant to a separate and distinct authority. In addition, the Department’s determination is subject to limitations of time and information. Although this may result in different definitions of the like product, such differences do not render the decision of either agency contrary to law. See USEC, Inc. v. United States, 132 F. Supp. 2d 1, 8 (Ct. Int’l Trade 2001), citing Algoma Steel Corp., Ltd. v. United States, 688 F. Supp. 639, 644 (Ct. Int’l Trade 1988), aff’d 865 F.2d 240 (Fed. Cir. 1989), cert. denied 492 U.S. 919 (1989).

Section 771(10) of the Act defines the domestic like product as “a product which is like, or in the absence of like, most similar in characteristics and uses with, the article subject to an investigation under this title.” Thus, the reference point from which the domestic like product analysis begins is “the article subject to an investigation” (i.e., the class or kind of merchandise to be investigated, which normally will be the scope as defined in the petition).

With regard to the domestic like product, Petitioners do not offer a definition of domestic like product distinct from the scope of the investigation. Based on our analysis of the information submitted on the record, we have determined that galvanized steel wire constitutes a single domestic like product and we have analyzed industry support in terms of that domestic like product. For a discussion of the domestic like product analysis in this case, see “Countervailing Duty Investigation Initiation Checklist: Galvanized Steel Wire from the People’s Republic of China” (CVD Initiation Checklist), at Attachment II, “Analysis of Industry Support for the Investigation: Covering Galvanized Steel Wire from the People’s Republic of China,” on file in the Central Records Unit (CRU), Room 7046 of the main Department of Commerce building.

In determining whether Petitioners have standing under section 702(c)(4)(A) of the Act, we considered the industry support data contained in the CVD Petition with reference to the domestic like product as defined in the “Scope of the Investigation” Appendix to this notice. To establish industry support, Petitioners provided their own 2010 production of the domestic like product.
product, and compared this to the estimated total production of the domestic like product for the entire domestic industry. See Volume I of the Petitions, at I–3 through I–5, and Exhibits I–1 through I–5; Supplement to the AD/CVD Petitions, dated April 11, 2011, at I, 7 and Exhibit Supp I–7; Second Supplement to the AD/CVD Petitions, dated April 14, 2011, at 2, and Exhibit 2; and Second Revised Exhibit I–1; see also CVD Initiation Checklist at Attachment II.

On April 14, 2011, we received an industry support challenge from a Mexican producer of galvanized steel wire and its U.S. affiliate. See Letter from Deacero, titled “Galvanized Steel Wire from Mexico—Comments on Industry Support,” dated April 14, 2011. This submission was placed on the record of the CVD Petition on April 18, 2011. See Letter from Petitioners, dated April 18, 2011. Petitioner responded to this submission on April 18, 2011. Our review of the data provided in the CVD Petition, supplemental submissions, and other information readily available to the Department indicates that Petitioners have established industry support. See CVD Initiation Checklist at Attachment II. First, the CVD Petition established support from domestic producers (or workers) accounting for more than 50 percent of the total production of the domestic like product and, as such, the Department is not required to take further action in order to evaluate industry support (e.g., polling). See section 702(c)(4)(D) of the Act; see also CVD Initiation Checklist at Attachment II. Second, the domestic producers (or workers) have met the statutory criteria for industry support under section 702(c)(4)(A)(i) of the Act because the domestic producers (or workers) who support the CVD Petition account for at least 5 percent of the total production of the domestic like product. See CVD Initiation Checklist at Attachment II. Finally, the domestic producers (or workers) have met the statutory criteria for industry support under section 702(c)(4)(A)(ii) of the Act because the domestic producers (or workers) who support the CVD Petition account for more than 50 percent of the production of the domestic like product produced by that portion of the industry expressing support for, or opposition to, the CVD Petition. Accordingly, the Department determines that the CVD Petition was filed on behalf of the domestic industry within the meaning of section 702(b)(1) of the Act. See CVD Initiation Checklist at Attachment II.

The Department finds that Petitioners filed the CVD Petition on behalf of the domestic industry because they are an interested party as defined in sections 771(9)(C) of the Act and have demonstrated sufficient industry support with respect to the CVD investigation that they are requesting the Department initiate. See CVD Initiation Checklist at Attachment II.

Injury Test

Because the PRC is a “Subsidies Agreement Country” within the meaning of section 701(b) of the Act, section 701(a)(2) of the Act applies to this investigation. Accordingly, the ITC must determine whether imports of subject merchandise from the PRC materially injure, or threaten material injury to, a U.S. industry.

Allegations and Evidence of Material Injury and Causation

Petitioners allege that imports of galvanized steel wire from the PRC are benefitting from countervailable subsidies and that such imports are causing, or threatening to cause, material injury to the domestic industry producing galvanized steel wire. In addition, Petitioners allege that subsidized imports exceed the negligibility threshold provided for under section 771(24)(A) of the Act. Petitioners contend that the industry’s injured condition is illustrated by reduced market share, lost sales and revenues, reduced production, reduced shipments, reduced capacity utilization rate, underselling and price depression and suppression, reduced workforce, decline in financial performance, and an increase in import penetration. We have assessed the allegations and supporting evidence for regarding material injury, threat of material injury, and causation, and we have determined that these allegations are properly supported by adequate evidence and meet the statutory requirements for initiation. See CVD Initiation Checklist at Attachment III.

Initiation of Countervailing Duty Investigation

Section 702(b)(1) of the Act requires the Department to initiate a CVD proceeding whenever an interested party files a CVD petition on behalf of an industry that: (1) Alleges the elements necessary for an imposition of a duty under section 701(a)(1) of the Act; and (2) is accompanied by information reasonably available to the petitioners supporting the allegations.

The Department has examined the CVD Petition on galvanized steel wire from the PRC and finds that it complies with the requirements of section 702(b)(1) of the Act. Therefore, in accordance with section 702(b)(1) of the Act, we are initiating a CVD investigation to determine whether producers/exporters of galvanized steel wire in the PRC receive countervailable subsidies. For a discussion of evidence supporting our initiation determination, see CVD Initiation Checklist.

We are including in our investigation the following programs alleged in the CVD Petition to provide countervailable subsidies to producers/exporters of the subject merchandise.

A. Preferential Loans and Interest Rates

1. Policy Loans to the Galvanized Steel Wire Industry
2. Preferential Loans for Key Projects and Technologies
3. Preferential Loans and Directed Credit
4. Preferential Lending to GSW Producers and Exporters Classified as “Honorable Enterprises”
5. Loans and Interest Subsidies Provided Pursuant to the Northeast Revitalization Program

B. Government Provision of Inputs for Less than Adequate Remuneration (LTAR)

1. Provision of Wire Rod for LTAR
2. Provision of Zinc for LTAR
3. Provision of Land Use Rights for LTAR

a. Provision of Land Use Rights for LTAR within the Jinzhou District within the City of Dalian
b. Provision of Land Use Rights for LTAR to Enterprises within the Zhaqing High-Tech Industry Development Zone in Guangdong Province

c. Provision of Land Use Rights for LTAR to Enterprises within the South Sanshui Science and Technology Industrial Park of Foshan City
4. Provision of Electricity for LTAR

C. Income and Other Direct Taxes

1. Income Tax Credits for Domestically-Owned Companies Purchasing Domestically-Produced Equipment
2. Income Tax Exemption for Investment in Domestic Technological Renovation
3. Accelerated Depreciation for Enterprises Located in the Northeast Region
4. Forgiveness of Tax Arrears for Enterprises in the Old Industrial Bases of Northeast China
5. Income Tax Exemption for Investors in Designated Geographical Regions within Liaoning Province

D. Indirect Tax and Tariff Exemption Programs
    1. VAT Deduction on Fixed Assets
    2. Export Subsidies Characterized as “VAT Rebates”
    3. Import Tariff and VAT Exemptions for Foreign Invested Enterprises and Certain Domestic Enterprises Using Imported Equipment in Encouraged Industries
    4. Reduction in or Exemption from Fixed Assets Investment Orientation Regulatory Tax

E. Grant Programs
    1. “Five Points, One Line” Program of Liaoning Province
    2. Provincial Export Interest Subsidies
    3. State Key Technology Project Fund
    4. Export Assistance Grants
    5. Subsidies for Development of Famous Export Brands and China World Top Brands
    6. Sub-Central Government Programs to Promote Famous Export Brands and China World Top Brands
    7. Zhejiang Province Program to Rebate Antidumping Legal Fees
    8. Technology to Improve Trade Research and Development Fund of Jiangsu Province
    9. Outstanding Growth Private Enterprise and Small and Medium-Sized Enterprises Development in Jiangyin Fund of Jiangyin City
    10. Grants for Programs Under the 2007 Science and Technology Development Plan in Shandong Province
    11. Special Funds for Encouraging Foreign Economic and Trade Development and for Drawing Significant Foreign Investment Projects in Shandong Province

F. Preferential Tax Subsidies for FIEs
    1. “Two Free, Three Half” Tax Exemptions for “Productive” FIEs
    2. Income Tax Exemption Program for Export-Oriented FIEs
    3. Local Income Tax Exemption and Reduction Programs for “Productive” FIEs
    4. Preferential Tax Programs for FIEs Recognized as High or New Technology Enterprises
    5. Income Tax Subsidies for FIEs Based on Geographic Location
    6. VAT Refunds for FIEs Purchasing Domestically-Produced Equipment
    7. Income Tax Credits for FIEs Purchasing Domestically-Produced Equipment
    8. Exemption from City Construction Tax and Education Fee for FIEs

For a description of each of these programs and a full discussion of the Department’s decision to initiate an investigation of these programs, see CVD Initiation Checklist.

We are not including in our investigation the following programs alleged to benefit producers/exporters of the subject merchandise in the PRC.
1. Export Loans from Policy Banks and State-Owned Commercial Banks (SOCBs)
2. Government Restraints on Exports of Raw Materials: Wire Rod
3. Government Restraints on Exports of Raw Materials: Zinc
4. Tax Reduction for Enterprises Making Little Profit
5. Provincial Fund for Fiscal and Technological Innovation
6. International Market Exploration Fund (SME Fund)
7. Funds for Water Treatment and Pollution Control Projects for the Three Rivers and Three Lakes in Shandong Province
8. Undervaluation of Chinese Currency

For further information explaining why the Department is not initiating an investigation of these programs, see CVD Initiation Checklist.

Respondent Selection

For this investigation, the Department intends to select respondents based on U.S. Customs and Border Protection (CBP) data for U.S. imports during the POI. We intend to release the CBP data under Administrative Protective Order (APO) to all parties with access to information protected by APO within five days of the announcement of the initiation of this investigation. Interested parties may submit comments regarding the CBP data and respondent selection within seven calendar days of publication of this notice. We intend to make our decision regarding respondent selection within 20 days of publication of this Federal Register notice. Interested parties must submit applications for disclosure under APO in accordance with 19 CFR 351.305(b). Instructions for filing such applications may be found on the Department’s Web site at http://ia.ita.doc.gov/apo.

Distribution of Copies of the Petition

In accordance with section 703(b)(4)(A)(ii) of the Act, copies of the petition and amendments thereto have been provided to the GOC. Because of the particularly large number of producers/exporters identified in the CVD Petition, the Department considers the service of the public version of the petition to the foreign producers/exporters satisfied by the delivery of the public version to the GOC, consistent with 19 CFR 351.203(c)(2).

ITC Notification

We have notified the ITC of our initiation, as required by section 702(d) of the Act.

Preliminary Determination by the ITC

The ITC will preliminarily determine, within 45 days after the date on which the CVD Petition was filed, whether there is a reasonable indication that imports of allegedly subsidized galvanized steel wire from the PRC materially injure, or threaten material injury to, a U.S. industry. See section 703(a)(2) of the Act. A negative ITC determination will result in the investigation being terminated. See section 703(a)(1) of the Act. Otherwise, the investigation will proceed according to statutory and regulatory time limits.

Notification to Interested Parties

Interested parties must submit applications for disclosure under administrative protective orders in accordance with 19 CFR 351.305. On January 22, 2008, the Department published Antidumping and Countervailing Duty Proceedings: Documents Submission Procedures; APO Procedures, (73 FR 3634). Parties wishing to participate in these investigations should ensure that they meet the requirements of these procedures (e.g., the filing of letters of appearance as discussed at 19 CFR 351.103(d)).

Any party submitting factual information in an AD/CVD proceeding must certify to the accuracy and completeness of that information. See section 782(b) of the Act. Parties are hereby reminded that revised certification requirements are in effect for company/government officials as well as their representatives in all segments of any AD/CVD proceedings initiated on or after March 14, 2011. See Certification of Factual Information to Import Administration During Antidumping and Countervailing Duty Proceedings: Interim Final Rule, 76 FR 7491 (February 10, 2011) (Interim Final Rule) amending 19 CFR 351.303(g)(1) and (2). The formats for the revised certifications are provided at the end of the Interim Final Rule. The Department intends to reject factual submissions in any proceeding segments initiated on or after March 14, 2011, if the submitting
DEPARTMENT OF COMMERCE
International Trade Administration
Civil Nuclear Trade Advisory Committee Public Meeting

AGENCY: International Trade Administration, Commerce.

ACTION: Notice of Federal Advisory Committee meeting.

SUMMARY: This notice sets forth the schedule and proposed agenda of a meeting of the Civil Nuclear Trade Advisory Committee (CINTAC).

DATES: The meeting is scheduled for Thursday, May 12, 2011, at 10 a.m. Eastern Daylight Time (EDT).

ADDRESS: The meeting will be held in Room 4830, U.S. Department of Commerce, Herbert Clark Hoover Building, 1401 Constitution Ave., NW., Washington, DC 20230.

FOR FURTHER INFORMATION CONTACT: Ms. Sarah Lopp, Office of Energy & Environmental Industries, International Trade Administration, Room 4053, 1401 Constitution Ave., NW., Washington, DC 20230. (Phone: 202–482–3851; Fax: 202–482–5665; e-mail: sarah.opp@trade.gov).

SUPPLEMENTARY INFORMATION:
Background: The CINTAC was established under the discretionary authority of the Secretary of Commerce and in accordance with the Federal Advisory Committee Act (5 U.S.C. App.), in response to an identified need for consensus advice from U.S. industry to the U.S. Government regarding the development and administration of programs to expand United States exports of civil nuclear goods and services in accordance with applicable United States regulations, including advice on how U.S. civil nuclear goods and services export policies, programs, and activities will affect the U.S. civil nuclear industry’s competitiveness and ability to participate in the international market.

Topics to be considered: The agenda for the May 12, 2011 CINTAC meeting is as follows:

Public Session
1. Opening remarks.
2. Trade Promotion Activities Update, including U.S. industry program at the International Atomic Energy Agency.
3. Public comment period.

Closed Session
4. Discussion of matters determined to be exempt from the provisions relating to public meetings found in 5 U.S.C. App. §§ (10)(a)1 and 10(a)(3).

The open session will be disabled-accessible. Public seating is limited and available on a first-come, first-served basis. Members of the public wishing to attend the meeting must notify Ms. Sarah Lopp at the contact information below by 5 p.m. EDT on Friday, May 6, 2011 in order to pre-register for clearance into the building. Please specify any requests for reasonable accommodation at least five business days in advance of the meeting. Last minute requests will be accepted, but may be impossible to fulfill. A limited amount of time will be available for pertinent brief oral comments from members of the public attending the meeting. To accommodate as many speakers as possible, the time for public comments will be limited to two (2) minutes per person, with a total public comment period of 30 minutes. Individuals wishing to reserve speaking time during the meeting must contact Ms. Lopp and submit a brief statement of the general nature of the comments and the name and address of the proposed participant by 5 p.m. EDT on Friday, May 6, 2011. If the number of registrants requesting to make statements is greater than can be reasonably accommodated during the meeting, the International Trade Administration (ITA) may conduct a lottery to determine the speakers. Speakers are requested to bring at least 20 copies of their oral comments for distribution to the participants and public at the meeting.

Any member of the public may submit pertinent written comments concerning the CINTAC’s affairs at any time before and after the meeting. Comments may be submitted to the Civil Nuclear Trade Advisory Committee, Office of Energy & Environmental Industries, Room 4053, 1401 Constitution Ave., NW., Washington, DC 20230. For consideration during the meeting, and to ensure transmission to the Committee prior to the meeting, comments must be received no later than 5 p.m. EDT on Friday, May 6, 2011. Comments received after that date will be distributed to the members but may not be considered at the meeting.

The Assistant Secretary for Administration, with the concurrence of the delegate of the General Counsel, formally determined on April 20, 2011, pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App. § (10)(d)), that the portion of the meeting dealing with matters the disclosure of which would be likely to frustrate significantly the implementation of an agency action as described in 5 U.S.C. 552(b)(c)(9)(B) shall be exempt
