assistance as well as State-specific and comprehensive reports that will update the public and Congress about Race to the Top. It is in the public interest to present the data in a timely manner.

Additional Information: Pursuant to 5 CFR 1320.13(a)(2)(iii), the Department is requesting emergency approval as the use of the normal clearance procedures will disrupt the timely collection of the information critical for managing the performance of Race to the Top grants and effectiveness. This is the first year of implementation of a $4 billion dollar program, the largest discretionary grant program ever administered by the Department. As a result, the program continues to generate high public interest.

If the routine paperwork processing timeline is followed, the Race to the Top Annual Performance Report data collection tool will not be released until August. Given that many LEAs begin the school year in August; this timing would create an undue burden on the LEAs and on the State. During the process of developing the Race to the Top Annual Performance Report, we elicited feedback from grantees regarding the timing of collection. Based on that feedback, we believe that a June timeframe would best meet the needs of the grantees and the Department.

Copies of the proposed information collection request may be accessed from http://odicsweb.ed.gov, by selecting the “Browse Pending Collections” link and by clicking on link number 4576. When you access the information collection, click on “Download Attachments” to view. Written requests for information should be addressed to U.S. Department of Education, 400 Maryland Avenue, SW., LBJ, Washington, DC 20202–4537. Requests may also be electronically mailed to ICDocketMgr@ed.gov or faxed to 202–401–0920. Please specify the complete title of the information collection when making your request.

Comments regarding burden and/or the collection activity requirements should be electronically mailed to ICDocketMgr@ed.gov 202–260–8916. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339.
