o. With this notice, we are soliciting comments on the PAD and Commission staff's Scoping Document 1 (SD1), as well as study requests. All comments on the PAD and SD1, and study requests should be sent to the address above in paragraph h. In addition, all comments on the PAD and SD1, study requests, requests for cooperating agency status, and all communications to and from Commission staff related to the merits of the potential application must be filed with the Commission. All filings with the Commission must include on the first page, the project name (Wallowa Falls Hydroelectric Project) and number (P–308–005), and bear the appropriate heading:

"Comments on Pre-Application Document," "Study Requests," "Comments on Scoping Document 1," "Request for Cooperating Agency Status," or "Communications to and from Commission Staff." Any individual or entity interested in submitting study requests, commenting on the PAD or SD1, and any agency requesting cooperating status must do so by June 23, 2011.

p. Although our current intent is to prepare an environmental assessment (EA), there is the possibility that an Environmental Impact Statement (EIS) will be required. Nevertheless, this meeting will satisfy the NEPA scoping requirements, irrespective of whether an EA or EIS is issued by the Commission.

Scoping Meetings

Commission staff will hold two scoping meetings in the vicinity of the project at the time and place noted below. The daytime meeting will focus on resource agency, Indian tribes, and non-governmental organization concerns, while the evening meeting is primarily for receiving input from the public. We invite all interested individuals, organizations, and agencies to attend one or both of the meetings, and to assist staff in identifying particular study needs, as well as the scope of environmental issues to be addressed in the environmental document. The times and locations of these meetings are as follows:

Daytime Scoping Meeting

Date: Tuesday, May 24, 2011.
Time: 10:30 a.m. Pacific Daylight Time.

Location: Best Western Rama Inn & Suites, 1200 Highland Avenue, Enterprise, OR 97828.

Phone: (541) 426–2000.

Evening Scoping Meeting

Date: Tuesday, May 24, 2011.
Time: 7 p.m.

Location: Best Western Rama Inn & Suites, 1200 Highland Avenue, Enterprise, OR 97828.

Phone: (541) 426–2000.

Scoping Document 1 (SD1), which outlines the subject areas to be addressed in the environmental document, was mailed to the individuals and entities on the Commission's mailing list. Copies of SD1 will be available at the scoping meetings, or may be viewed on the Web at <http://www.ferc.gov>, using the "eLibrary" link. Follow the directions for accessing information in paragraph n. Based on all oral and written comments, a Scoping Document 2 (SD2) may be issued. SD2 may include a

revised process plan and schedule, as well as a list of issues, identified through the scoping process.

Environmental Site Review

An environmental site review is typically held in conjunction with the scoping meeting. However, anticipating that access to some project facilities would be limited by adverse weather and access conditions, the licensee hosted a project environmental site review on September 16, 2010. The environmental site review was noticed by the Commission on August 18, 2010, and attended by Commission staff on September 16, 2010. For these reasons, the Commission will not host its own environmental site review in conjunction with its NEPA scoping meeting.

Meeting Objectives

At the scoping meetings, staff will: (1) Initiate scoping of the issues; (2) review and discuss existing conditions and resource management objectives; (3) review and discuss existing information and identify preliminary information and study needs; (4) review and discuss the process plan and schedule for pre-filing activity that incorporates the time frames provided for in Part 5 of the Commission's regulations and, to the extent possible, maximizes coordination of federal, state, and tribal permitting and certification processes; and (5) discuss the appropriateness of any federal or state agency or Indian tribe

acting as a cooperating agency for development of an environmental document.

Meeting participants should come prepared to discuss their issues and/or concerns. Please review the PAD in preparation for the scoping meetings. Directions on how to obtain a copy of the PAD and SD1 are included in item n. of this document.

Meeting Procedures

The meetings will be recorded by a stenographer and will be placed in the public records of the project.

Dated: April 22, 2011.

Kimberly D. Bose,
Secretary.
