pertaining to the adoption of new behavioral interventions at 40 community health organizations and 40 community behavioral health organizations across the United States. Enrolled organizations will submit their responses for all surveys via Qualtrics, a third-party, online Web-based survey platform.

The estimated burden for data collection is 940 hours across a total of 400 participants. Using median hourly wage estimates reported by the Bureau of Labor Statistics, May 2009 National Occupational Employment and Wage Estimates, and a loading rate of 25%, the estimated total cost to respondents is $63,057.04. A breakdown of these estimates is presented in Table 1 below.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Current List of Laboratories and Instrumented Initial Testing Facilities Which Meet Minimum Standards To Engage in Urine Drug Testing for Federal Agencies

AGENCY: Substance Abuse and Mental Health Services Administration, HHS.

ACTION: Notice.

SUMMARY: The Department of Health and Human Services (HHS) notifies Federal agencies of the Laboratories and Instrumented Initial Testing Facilities (IITF) currently certified to meet the standards of the Mandatory Guidelines for Federal Workplace Drug Testing Programs (Mandatory Guidelines). The Mandatory Guidelines were first published in the Federal Register on April 11, 1988 (53 FR 11970), and subsequently revised in the Federal Register on June 9, 1994 (59 FR 29908); September 30, 1997 (62 FR 51118); April 13, 2004 (69 FR 19644); November 25, 2008 (73 FR 75122); and on April 30, 2010 (75 FR 22809).

A notice listing all currently certified Laboratories and Instrumented Initial Testing Facilities (IITF) is published in the Federal Register during the first week of each month. If any Laboratory/IITF’s certification is suspended or revoked, the Laboratory/IITF will be omitted from subsequent lists until such time as it is restored to full certification under the Mandatory Guidelines.

If any Laboratory/IITF has withdrawn from the HHS National Laboratory Certification Program (NLCP) during the past month, it will be listed at the end and will be omitted from the monthly listing thereafter.

This notice is also available on the Internet at http://www.workplace.samhsa.gov and http://www.drugfreeworkplace.gov.

FOR FURTHER INFORMATION CONTACT: Mrs. Giselle Hersh, Division of Workplace Programs, SAMHSA/CSAP, Room 2–1042, One Choke Cherry Road, Rockville, Maryland 20857; 240–276–2600 (voice), 240–276–2610 (fax).

SUPPLEMENTARY INFORMATION: The Mandatory Guidelines were initially developed in accordance with Executive Order 12564 and section 503 of Public
The “Mandatory Guidelines for Federal Workplace Drug Testing Programs”, as amended in the revisions listed above, requires (or set) strict standards that Laboratories and Instrumented Initial Testing Facilities (IITF) must meet in order to conduct drug and specimen validity tests on urine specimens for Federal agencies. To become certified, an applicant Laboratory/IITF must undergo three rounds of performance testing plus an on-site inspection. To maintain that certification, a Laboratory/IITF must participate in a quarterly performance testing program plus undergo periodic, on-site inspections.

Laboratories and Instrumented Initial Testing Facilities (IITF) in the applicant stage of certification are not to be considered as meeting the minimum requirements described in the HHS Mandatory Guidelines. A Laboratory/ IITF must have its letter of certification from HHS/SAMHSA (formerly: HHS/ NIDA) which attests that it has met minimum standards.

In accordance with the Mandatory Guidelines dated November 25, 2008 (73 FR 71858), the following Laboratories and Instrumented Initial Testing Facilities (IITF) meet the minimum standards to conduct drug and specimen validity tests on urine specimens:

Instrumented Initial Testing Facilities (IITF)

None.

* The Standards Council of Canada
(SCC) voted to end its Laboratory
Accreditation Program for Substance
Abuse (LAPSA) effective May 12, 1998. Laboratories certified through that
program were accredited to conduct
forensic urine drug testing as required
by U.S. Department of Transportation
(DOT) regulations. As of that date, the
certification of those accredited
Canadian laboratories will continue
under DOT authority. The responsibility
for conducting quarterly performance
testing plus periodic on-site inspections
of those LAPSA-accredited laboratories
was transferred to the U.S. HHS, with
the HHS’ NLCP contractor continuing
to have an active role in the performance
testing and laboratory inspection
processes. Other Canadian laboratories
wishing to be considered for the NLCP
may apply directly to the NLCP
contractor just as U.S. laboratories do.

Upon finding a Canadian laboratory to
be qualified, HHS will recommend that
DOT certify the laboratory (Federal
Register, July 16, 1996) as meeting the
minimum standards of the Mandatory
Guidelines published in the Federal
Register on April 30, 2010 (75 FR
22809). After receiving DOT
certification, the laboratory will be
included in the monthly list of HHS-
certified laboratories and participate in the
NLCP certification maintenance
program.

Dated: April 22, 2011.

Director, Division of Management Services,
SAMHSA.

DEPARTMENT OF HOMELAND
SECURITY

AGENCY: Department of Homeland
Security, DHS.

AFFECTED PUBLIC: Federal Government.

NOTE: This Information Collection
Request (ICR) is approved by OMB
under control number 1610–0001.

DEPARTMENT OF HOMELAND
SECURITY

Agency Information Collection
Activities: DHS Individual Complaint of
Employment Discrimination

AGENCY: Department of Homeland
Security, DHS.

ACTION: 60-Day Notice and request for
comments; Extension without Change,
1610–0001.

SUMMARY: The Department of Homeland
Security, DHS, will submit the
following Information Collection
Request (ICR) to the Office of
Management and Budget (OMB) for
review and clearance in accordance
with the Paperwork Reduction Act of
35).

DATES: Comments are encouraged and
will be accepted until July 1, 2011. This
process is conducted in accordance with
5 CFR 1320.1.

ADDRESSES: Written comments and
questions about this Information
Collection Request should be forwarded
to DHS, Attn.: Denise Moore,
denise.moore@dhs.gov, 202–254–8230.

SUPPLEMENTARY INFORMATION:
The recordkeeping provisions are designed
to ensure that a current employee,
former employee, or applicant for
employment claiming to be aggrieved or
that person’s attorney provide a signed
statement that is sufficiently precise to
identify the aggrieved individual and the
agency and to describe generally the
action(s) or practice(s) that form the
basis of the complaint. The complaint
must also contain a telephone number
and address where the complainant or
the representative can be contacted. The
complaint form is used for original
allegations of discrimination but also for
amendments to underlying complaints
discrimination. The form also
determines whether the person is
willing to participate in mediation or
other available types of alternative
dispute resolution (ADR) to resolve their
claim; Congress has enacted legislation to encourage the use of ADR
in the federal sector and the form
ensures that such an option is
considered at this preliminary stage of
the EEO complaint process.

It is the policy of the Government of the
United States to provide equal
opportunity in employment for all
persons, to prohibit discrimination in
employment because of race, color,
religion, sex, national origin, age,
disability, protected genetic
information, sexual orientation, or
status as a parent). Persons who claim to have been
subjected to these types of
discrimination, or to retaliation for
opposing these types of discrimination
or for participating in any stage of
administrative or judicial proceedings
relating to them, can seek a remedy
under Title VII of the Civil Rights Act
(Title VII) (42 U.S.C. 2000e et seq.)
race, color, religion, sex, national origin, the
Age Discrimination in Employment Act
(ADEA) (29 U.S.C. 621 et seq.) (age), the
Equal Pay Act (29 U.S.C. 206(d)) (sex),
the Rehabilitation Act (29 U.S.C. 791 et
seq.) (disability), the Genetic

Information Nondiscrimination Act
(GINA) (42 U.S.C. 2000ff et seq.)
genetic information), and Executive
Order 11478 (as amended by Executive
Orders 13087 and 13152) (sexual
orientation or status as a parent).

The Department of Homeland
Security (DHS), Office for Civil Rights
and Civil Liberties (CRCL) adjudicates
discrimination complaints filed by
current and former DHS employees, as
well as applicants for employment to
DHS. The complaint adjudication
process for statutory rights is outlined in
the Equal Employment Opportunity
Commission (EEOC) regulations found
at Title 29, Code of Federal Regulations
Part 1614 and EEO Management
Directive 110. For complaints regarding
sexual orientation or status as a parent,
DHS follows the same procedures as for
statutory rights, to the extent permitted
by law.

The Office of Management and Budget
is particularly interested in comments
which:
1. Evaluate whether the proposed

collection of information is necessary for the proper performance of the
functions of the agency, including whether the information will have
practical utility;
2. Evaluate the accuracy of the
agency’s estimate of the burden of the proposed collection of information,
including the validity of the
methodology and assumptions used;
3. Enhance the quality, utility, and
clarity of the information to be
collected; and
4. Minimize the burden of the
collection of information on those who are to respond, including through the
use of appropriate automated,
electronic, mechanical, or other
technological collection techniques or
other forms of information technology,
permitting electronic submissions
of responses.
