

Administration approval, takes at least two years. In addition to the regulatory hurdles facing a potential entrant, manufacturing difficulties in producing generic injectable products, combined with the small size of the markets in question, makes additional entry unlikely to occur.

Effects

The Proposed Acquisition would cause significant anticompetitive harm to consumers in the U.S. markets for the manufacture and sale of generic injectable phenytoin and generic injectable promethazine. In generic injectable pharmaceuticals markets, price generally decreases as the second, third, or fourth competitors enter. Thus, reducing the number of competitors to two and one in each market, respectively, would cause anticompetitive harm to consumers in these U.S. markets by increasing the likelihood that consumers would pay higher prices.

The Consent Agreement

The proposed Consent Agreement effectively remedies the Proposed Acquisition's anticompetitive effects in the relevant markets by requiring Hikma to divest certain rights and assets related to generic injectable phenytoin and generic injectable promethazine to a Commission-approved acquirer no later than ten days after the acquisition. The acquirer of the divested assets must receive the prior approval of the Commission. The Commission's goal in evaluating a possible purchaser of divested assets is to maintain the competitive environment that existed prior to the acquisition.

The proposed Consent Agreement remedies the competitive concerns the acquisition raises by requiring Hikma to divest its generic injectable phenytoin and generic injectable promethazine products to X-Gen, which will purchase all rights currently held by Hikma. X-Gen is a New York-based generic injectable pharmaceutical company with 40 active products and an active product development pipeline. With its experience in generic injectable markets and strong ties to manufacturing partners, X-Gen is expected to replicate the competition that would otherwise be lost with the Proposed Acquisition.

If the Commission determines that X-Gen is not an acceptable acquirer of the assets to be divested, or that the manner of the divestitures is not acceptable, the parties must unwind the sale to X-Gen and divest the phenytoin and promethazine product lines, within six months of the date the Order becomes final, to a Commission-approved

acquirer. The Commission may appoint a trustee to divest the products if Hikma fails to divest the products as required.

The proposed Consent Agreement contains several provisions to help ensure that the divestitures are successful. The Order requires Hikma to take all action to maintain the economic viability, marketability, and competitiveness of the products until such time as they are transferred to a Commission-approved acquirer. In addition, the parties must supply X-Gen with phenytoin and promethazine pursuant to a supply agreement while Hikma transfers the manufacturing technology to X-Gen or a third-party manufacturer of X-Gen's choice.

The purpose of this analysis is to facilitate public comment on the proposed Consent Agreement, and it is not intended to constitute an official interpretation of the proposed Order or to modify its terms in any way.

By direction of the Commission.

Donald S. Clark,

Secretary.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

HIT Standards Committee; Schedule for the Assessment of HIT Policy Committee Recommendations

AGENCY: Office of the National Coordinator for Health Information Technology, HHS.

ACTION: Notice.

SUMMARY: Section 3003(b)(3) of the American Recovery and Reinvestment Act of 2009 mandates that the HIT Standards Committee develop a schedule for the assessment of policy recommendations developed by the HIT Policy Committee and publish it in the **Federal Register**. This notice fulfills the requirements of Section 3003(b)(3) and updates the schedule posted in the **Federal Register** on October 8, 2010. In anticipation of receiving recommendations originally developed by the HIT Policy Committee, the HIT Standards Committee has created four (4) workgroups or subcommittees to analyze the areas of clinical quality, clinical operations, implementation, and privacy and security.

HIT Standards Committee's Schedule for the Assessment of HIT Policy Committee Recommendations is as follows: The National Coordinator will establish priority areas based in part on recommendations received from the HIT Policy Committee regarding health information technology standards, implementation specifications, and/or certification criteria. Once the HIT Standards Committee is informed of those priority areas, it will:

(A) Direct the appropriate workgroup or subcommittee to develop a report for the HIT Standards Committee, to the extent possible, within 90 days, which will include, among other items, the following:

(1) An assessment of what standards, implementation specifications, and certification criteria are currently available to meet the priority area;

(2) An assessment of where gaps exist (*i.e.*, no standard is available or harmonization is required because more than one standard exists) and identify

potential organizations that have the capability to address those gaps; and

(3) A timeline, which may also account for NIST testing, where appropriate, and include dates when the HIT Standards Committee is expected to issue recommendation(s) to the National Coordinator.

(B) Upon receipt of a subcommittee report, the HIT Standards Committee will:

- (1) Accept the timeline provided by the subcommittee, and, if necessary, revise it; and
- (2) Assign subcommittee(s) to conduct research and solicit testimony, where appropriate, and issue recommendations to the full committee in a timely manner.

(C) Advise the National Coordinator, consistent with the accepted timeline in (B)(1) and after NIST testing, where appropriate, on standards, implementation specifications, and/or certification criteria, for the National Coordinator's review and determination whether or not to endorse the recommendations, and possible adoption of the proposed recommendations by the Secretary of the Department of Health and Human Services.

For a listing of upcoming HIT Standards Committee meetings, please visit the ONC Web site at <http://healthit.hhs.gov>.

Notice of this schedule is given under the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5), section 3003.

Dated: April 25, 2011.

Judith Sparrow,

Office of Policy and Planning, Office of the National Coordinator for Health Information Technology.

Administration for Children and Families

Proposed Information Collection Activity; Comment Request

Title: Annual Report on Households Assisted by the Low Income Home Energy Assistance (LIHEAP).

OMB No. 0970-0060.

Description

This report is an annual activity required by statute (42 U.S.C. 8629) and Federal regulations (45 CFR 96.92) for the Low Income Home Energy Assistance Program (LIHEAP). Submission of the completed report is one requirement for LIHEAP grantees applying for Federal LIHEAP block grant funds.

States, the District of Columbia, and the Commonwealth of Puerto Rico are required to report statistics for the previous Federal fiscal year on:

- Assisted and applicant households, by type of LIHEAP assistance;
- Assisted and applicant households, by type of LIHEAP assistance and poverty level;

- Assisted households, regardless of the type(s) of LIHEAP assistance;
- Assisted households, by type of LIHEAP assistance, having at least one vulnerable member broken out; by a person at least 60 years or younger, disabled person, or a child five years old or younger;
- Assisted households, by type of LIHEAP assistance, with least one member age 2 years or under;
- Assisted households, by type of LIHEAP assistance, with at least one member ages 3 years through 5 years; and
- Assisted households, regardless of the type(s) of LIHEAP assistance, having at least one member 60 years or older, disabled, or five years old or younger.

Insular areas (other than the Commonwealth of Puerto Rico) and Indian Tribal Grantees are required to submit data only on the number of households receiving heating, cooling, energy crisis, or weatherization benefits.

The information is being collected for the Department's annual LIHEAP Report to Congress. The data also provides information about the need for LIHEAP funds. Finally, the data are used in the calculation of LIHEAP performance measures under the Government Performance and Results Act of 1993. The data elements will allow the accuracy of measuring LIHEAP targeting performance and LIHEAP cost efficiency.

Respondents: State Governments, Tribal Governments, Insular Areas, the District of Columbia, and the Commonwealth of Puerto Rico.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Assisted Household Report—Long Form	52	1	25	1,300
Assisted Household Report—Short Form	164	1	1	164
Applicant Household Report	52	1	13	676
Estimated Total Annual Burden Hours:				2,140

In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above.

Copies of the proposed collection of information can be obtained and comments may be forwarded by writing to the Administration for Children and Families, Office of Administration, Office of Information Services, 370 L'Enfant Promenade, SW., Washington, DC 20447, Attn: ACF Reports Clearance

Officer. E-mail address: infocollection@acf.hhs.gov. All requests should be identified by the title of the information collection.

The Department specifically requests comments on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d)

ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Robert Sargis,

Reports Clearance Officer.
