Stainless Steel Plate in Coils from Belgium: Final Results of Full Sunset Review and Revocation of the Countervailing Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On June 2, 2010, the Department of Commerce (“the Department”) initiated the second sunset review of the countervailing duty (“CVD”) order on certain stainless steel plate in coils from Belgium (“SSPC” or “subject merchandise”) pursuant to section 751(c) of the Tariff Act of 1930, as amended (“the Act”). On the basis of a notice of intent to participate and an adequate substantive response filed on behalf of the domestic interested parties and adequate substantive responses from ArcelorMittal Stainless Belgium N.V. (“AMS”) and the Government of Belgium (“GOB”), the Department determined to conduct a full sunset review of the CVD order pursuant to section 751(c) of the Act and 19 CFR 351.218(e)(2). As a result of our analysis, the Department finds that revocation of the CVD order would not likely lead to continuation or recurrence of a countervailable subsidy. Therefore, the Department is revoking this CVD order.

DATES: Effective Date: May 5, 2011.

FOR FURTHER INFORMATION CONTACT: Patricia Tran or Jennifer Meek, AD/CVD Operations, Office 1, Import Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482–1503 or (202) 482–2778.

SUPPLEMENTARY INFORMATION:

Background

On June 2, 2010, the Department initiated the second sunset review of the CVD order on SSPC from Belgium in accordance with section 751(c) of the Act. See Initiation of Five-Year (“Sunset”) Review, 75 FR 30777 (June 2, 2010).
Within the deadline specified in 19 CFR 351.218(d)(1)(i), the Department received notices of intent to participate on behalf of Allegheny Ludlum Corporation and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union (collectively, “Petitioners”). The submitters claimed interested party status under sections 771(9)(C) and (D) of the Act, as a manufacturer of a domestic like product and as a certified union representing workers in the domestic industry producing certain stainless steel plate in coils, excluding certain products.

On April 7, 2011, the European Union submitted a letter in support of the arguments made by the GOB and AMS. The Department also received substantive responses in a timely manner from the following respondent interested parties: AMS and the GOB.

Scope of the Order

On December 29, 2010, the Department issued the preliminary results of the full sunset review, finding a likelihood of continuation or recurrence of subsidization with a net countervailable subsidy likely to prevail of zero percent for AMS and all other companies. See Stainless Steel Plate in Coils From Belgium: Preliminary Results of Full Sunset Review, 75 FR 81217, 81218 (December 29, 2010) (“Preliminary Results”).

A public hearing was requested by AMS and was held on Tuesday, March 8, 2011, in accordance with 19 CFR 351.310(c).

On April 7, 2011, the European Union submitted a letter in support of the arguments made by the GOB and AMS.

Changes From the Preliminary Results

Bar graphs and charts are included in the document.

Changes From the Preliminary Results

On May 11, 2007, the Department received a scope inquiry request from U&A Belgium regarding whether the scope of the antidumping (“AD”) and countervailing duty (“CVD”) orders on SSPC from Belgium excludes stainless steel plate products with an actual thickness less than 4.75mm, regardless of its nominal thickness. The Department conducted a scope inquiry applicable to all countries subject to the CVD order in the Department’s scope ruling, dated December 3, 2008, the Department determined that SSPC with a nominal thickness of 4.75mm and with an actual thickness less than 4.75mm, but with a thickness in the range of 4.75mm, will be included in the order.

Final Results of Review

The Department determined that an additional review is necessary in view of the recent change in the CVD order. See Continuation of Antidumping Duty

Analysis of the Comments Received

We will notify the International Trade Commission of these results.

Effective Date of Revocation

Pursuant to section 19 CFR 351.222(i)(1), the Department will instruct U.S. Customs and Border Protection to terminate the suspension of liquidation of the merchandise subject to this order entered, or withdrawn from warehouse, on or after July 18, 2010. Entries of subject merchandise prior to the effective date of revocation will continue to be subject to suspension of liquidation and CVD deposit requirements. The Department will complete any pending administrative reviews of this order and will conduct administrative reviews of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Stainless Steel Sheet and Strip in Coils From Mexico: Final Results of the Five-Year ("Sunset") Review of the Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: Pursuant to sections 751(c) and 752 of the Tariff Act of 1930, as amended ("the Act"), the Department of Commerce ("Department") finds that revocation of the antidumping duty order on stainless steel sheet and strip ("SSSS") in coils from Mexico would be likely to lead to continuation or recurrence of dumping.

DATES: Effective Date: May 5, 2011.

FOR FURTHER INFORMATION CONTACT: David Cordell or Angelica Mendoza, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482–0408, or (202) 482–3019, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 27, 2010, the Department published in the Federal Register, a notice of the Preliminary Results of the second sunset review of the antidumping duty order on SSSS in coils from Mexico. See Stainless Steel Sheet and Strip in Coils From Mexico; Preliminary Results of the Five-Year ("Sunset") Review of Antidumping Duty Order, 75 FR 81221 (December 27, 2010) ("Preliminary Results"). In those Preliminary Results, we determined that revocation of the order would likely result in continuation or recurrence of dumping. The Department received a case brief from the respondent, ThyssenKrupp Mexinox S.A. de C.V., and its affiliated U.S. importer, Mexinox USA, Inc. (collectively "Mexinox") on February 15, 2011. On February 18, 2011, the Department published the amended final results of the 2008–2009 administrative review, in which it calculated a weighted-average dumping margin of 12.13 percent for Mexinox. See Stainless Steel Sheet and Strip in Coils From Mexico: Notice of Amended Final Results of Antidumping Duty Administrative Review, 76 FR 9542 (February 18, 2011). On February 22, 2011, the Department received a rebuttal brief from the domestic interested parties. On February 22, 2011, the Department invited parties to submit comments addressing the issue of whether dumping is likely to continue or recur, if the antidumping duty order is revoked, in light of the amended final results of the 2008–2009 administrative review. On February 23, 2011, Mexinox withdrew its January 23, 2011 request for a hearing. On February 28, 2011, both Mexinox and the domestic interested parties filed comments and both Mexinox and the domestic interested parties filed rebuttal comments on March 4, 2011.

Scope of the Order

For purposes of the order, the products covered are certain stainless steel sheet and strip in coils.
