OFFICE OF THE TRADE REPRESENTATIVE

Request for Comments on Possible Negotiations in the World Trade Organization To Expand the Information Technology Agreement, Including Its Product Coverage

AGENCY: Office of the United States Trade Representative.

ACTION: Notice and request for comments.

SUMMARY: The interagency Trade Policy Staff Committee (TPSC) is requesting comments from the public on whether the United States should undertake negotiations to expand the Information Technology Agreement (ITA) and, if so: (1) Which additional information and communications technology (ICT) products the United States should seek to include and provide duty-free treatment under the ITA, including both products that existed when the ITA was concluded in 1996 but that were not covered under the agreement as well as products that have been developed since then; and (2) which U.S. trading partners that are significant producers or consumers of ICT products that are not currently participants in the ITA the United States should seek to have join the ITA. The TPSC will consider public comments in formulating U.S. positions and objectives regarding possible negotiations to expand the ITA.

DATES: Public comments are due by noon, June 13, 2011.

FOR FURTHER INFORMATION CONTACT: Scott Pietan (Director for Industrial Trade Policy) or Mary Thornton (Director for Tariff Affairs), Office of Small Business, Market Access, and Industrial Competitiveness, Office of the United States Trade Representative (USTR), 600 17th St., NW., Washington, DC 20508, telephone (202) 395-5656, Fax (202) 395-9674.

SUPPLEMENTARY INFORMATION: Any amendments to the ITA resulting from negotiations to expand the agreement will be subject to approval by its current participants.

Background Information

In December 1996, United States and 36 other countries and separate customs territories reached agreement to

eliminate tariffs on a wide range of ICT products. The resulting agreement, the *Ministerial Declaration on Trade in Information Technology Products* (also termed the Information Technology Agreement, or ITA) was implemented under the auspices of the World Trade Organization (WTO). The number of ITA participants has since grown to 73, reflecting a significant increase in participation by developing countries, and currently representing approximately 97 percent of world trade in ITA products. However, many countries still remain outside of the agreement. *Current participants include:* Albania; Australia; Bahrain; Canada; China; Chinese Taipei; Costa Rica; Croatia; Dominican Republic; Egypt; El Salvador; European Union (on behalf of its 27 Member States); Georgia; Guatemala; Honduras; Hong Kong; Iceland; India; Indonesia; Israel; Japan; Jordan; Korea; Kuwait; Kyrgyz Republic; Macao; Malaysia; Mauritius; Moldova; Morocco; New Zealand; Nicaragua; Norway; Oman; Panama; Peru; Philippines; Saudi Arabia; Singapore; Switzerland and Liechtenstein; Thailand; Turkey; Ukraine; United Arab Emirates; United States; and Vietnam. Any WTO Member or any State or separate customs territory in the process of acceding to the WTO may become a participant in the ITA.

The ITA requires participants to eliminate import duties on covered products. The elimination of duties under the agreement has helped to generate substantial growth in ICT trade. Industry sources estimate that global trade in products currently covered under the ITA grew from \$1.2 trillion in 1996 to \$4.0 trillion in 2008.

The ITA currently covers computers and computer equipment, semiconductors and integrated circuits, computer software products, telecommunications equipment, semiconductor manufacturing equipment, and computer-based analytical instruments. The list of covered products has not been expanded since the ITA was concluded in 1996. Detailed information on the ITA, including the text of the agreement and its annexes specifying the products the agreement covers, can be found online at: http://www.wto.org/english/tratop_e/inftec_e/inftec_e.htm.

Comments From the Public

The TPSC, led by USTR, is considering a proposal by industry stakeholders to expand the scope of the ITA significantly to provide duty-free treatment for a broader range of products and encourage wider participation in the agreement.

Interested persons are invited to submit comments, by noon, June 13, 2011, on the desirability of engaging in negotiations to expand the ITA. Comments are invited in particular on: (1) Additional ICT products that the United States should seek to include under the ITA, and (2) U.S. trading partners that are significant producers or consumers of ICT products that are not currently participants in the ITA and that the United States should seek to have join the ITA. Comments on proposed additional ICT products may address products that existed when the ITA was concluded in 1996 but that were not covered under the agreement as well as products that have been developed since that time. Those comments should include a detailed description of the specific product(s) and, whenever appropriate, the six-digit (or 8-digit, where applicable) Harmonized System tariff classification number for the product(s) concerned. The TPSC requests this advice pursuant to 19 U.S.C. 2155.

Requirements for Submissions

All comments must be submitted in English and must identify (on the first page of the submission) the subject matter of the comment as the "Possible Expansion of the Information Technology Agreement." In order to be assured of consideration, comments should be submitted by noon, June 13, 2011.

In order to ensure the timely receipt and consideration of comments, USTR strongly encourages commenters to make on-line submissions, using the <http://www.regulations.gov> Web site.
