

FOR FURTHER INFORMATION CONTACT: Dr. John Froeschke, Fishery Biologist-Statistician; Gulf of Mexico Fishery Management Council; *telephone:* (813) 348-1630 x235.

SUPPLEMENTARY INFORMATION: The Vessel Monitoring System (VMS) Advisory Panel will meet to discuss operation, design, usage of vessel monitoring systems (VMS), and resulting data from these systems. The Advisory Panel will discuss the current and future needs of VMS software including methods to improve VMS products and services to Gulf of Mexico VMS users. Presentations will be given from current VMS software providers in Gulf of Mexico fisheries. The Advisory Panel will also consider technical issues with VMS including a review of existing procedures to safeguard VMS data from unauthorized use or distribution. Finally, the Advisory Panel will also consider future roles and potential applications of VMS in other Gulf of Mexico fisheries. The meeting will conclude with draft recommendations presented to the Gulf of Mexico Fishery Management Council at its June 6-10, 2011 meeting in Key West, FL.

Copies of the agenda and other related materials can be obtained by calling (813) 348-1630.

Although other non-emergency issues not on the agenda may come before the Advisory Panel for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act, those issues may not be the subject of formal action during this meeting. Actions of the Advisory Panel will be restricted to those issues specifically identified in the agenda and any issues arising after publication of this notice that require emergency action under Section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take action to address the emergency.
