The Clean Water Act claims in the Complaint arise from two unauthorized discharges of crude oil in the spring and summer of 2006, as well as violations of the Spill Prevention Control and Countermeasure regulations. The Clean Air Act claims against BPXA arise from the improper removal of asbestos-containing material from its pipelines in the spring and summer of 2006, in violation of CAA regulations. Under the proposed Consent Decree, BPXA will be required to implement a comprehensive integrity management program to maintain its oil pipelines in Prudhoe Bay. BPXA will also pay \$25 million in civil penalties.
