A National Broadband Plan for Our Future

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Commission revises its pole attachment rules to promote competition and to reduce the potentially excessive costs of deploying telecommunications, cable, and broadband networks. The Commission also revises the telecommunications rate formula for pole attachments consistent with the statutory framework, reinterprets the Communications Act of 1934, as amended, to allow incumbent LECs to file complaints before the Commission if they believe a pole attachment rate, term, or condition is unjust and unreasonable, and confirms wireless providers are entitled to the same rate as other telecommunications carriers. In addition, the Commission resolves multiple petitions for reconsideration and addresses various points regarding the nondiscriminatory use of attachment techniques.

DATES: Effective June 8, 2011, except for §§ 1.1420, 1.1422 and 1.1424, which contain information collection requirements that have not been approved by the Office of Management

and Budget. The Commission will publish a document in the **Federal Register** announcing the effective date for those sections.

Synopsis of Report and Order and Order on Reconsideration

1. In 1978, Congress added section 224 to the Communications Act of 1934, as amended (Communications Act or Act) thereby directing the Commission to ensure that the rates, terms, and conditions for pole attachments by cable television systems are just and reasonable. Section 224 provides that the Commission will regulate pole attachments except where such matters are regulated by a state. Section 224 also withholds from the Commission jurisdiction to regulate attachments
