

contingency fund to ensure consistent funding for its programs.

The Board, whose members represent domestic producers, first handlers, importers, and foreign producers, voted at its September 12, 2009, meeting to propose the assessment rate increase of one quarter of a cent per pound after the March 2010 continuance referendum. Of the members present at the meeting, 9 voted in favor and 4 opposed proposal of the assessment rate increase. The four Board members that voted against the assessment increase stated that the increase would be passed onto mango producers. The assessment will be imposed on first handlers and importers who would pay assessments under the Order. Business decisions on how to manage assessments, including whether to pass back the cost of assessments to producers, are made by handlers and importers based on their respective business practices.

This rule would amend the rules and regulations issued under the Order. This rule would increase the assessment rate by one quarter of a cent per pound of mangos handled in the United States or imported. The assessment rate would increase from one half cent to three quarters of a cent per pound. This proposed increase is consistent with section 517(d) of the Act, which permits the Board to recommend to the Secretary a rate of assessment. Section 1206.42(a) of the Order states that the assessment rate may be modified by the Board with the approval of the Secretary, after the first referendum is conducted. The Board recommends the proposed assessment rate increase based on budget constraints imposed on its marketing, research, and industry relations programs by the current assessment rate. Accordingly, section 1206.42(b) of the Order would be revised.

A 60-day comment period is provided to allow interested persons to respond to this proposal. All written comments received in response to this rule by the date specified would be considered prior to finalizing this action.

List of Subjects in 7 CFR Part 1206

Administrative practice and procedure, Advertising, Consumer information, Marketing agreements, Mango promotion, Reporting and recording requirements.

For the reasons set forth in the preamble, 7 CFR part 1206 is proposed to be amended as follows:

PART 1206—MANGO RESEARCH, PROMOTION, AND INFORMATION ORDER

1. The authority citation for 7 CFR part 1206 continues to read as follows:

Authority: 7 U.S.C. 7411–7425 and 7 U.S.C. 7401.

2. In section 1206.42, paragraph (b) is revised to read as follows:

§ 1206.42 Assessments.

* * * * *

(b) The assessment rate shall be three quarters of a cent per pound on all mangos. The assessment rate will be reviewed and may be modified by the Board with the approval of the Department, after the first referendum is conducted as stated in § 1206.71(b). The Department will amend this section if the assessment rate is modified.

[Docket No. SBA–2011–006]

Small Business Jobs Act Tour: Selected Provisions Having an Effect on Government Contracting

AGENCY: U.S. Small Business Administration (SBA)

ACTION: Notice of public meetings; correction.

SUMMARY: The Small Business Administration (SBA) published a document in the **Federal Register** on Friday, March 25, 2011, concerning the Small Business Act Tour: Selected Provisions Having an Effect on Government that announced a series of public meetings on the implementation of provisions of the Small Business Jobs Act of 2010 (SBJA). This document corrects the **DATES** section and the Event Information table.

FOR FURTHER INFORMATION CONTACT: Richard L. Miller, Small Business Job’s Act Tour-Office of Government Contracting and Business Development, 409 Third Street, SW., Washington, DC 20416, at (202) 205–6895, Fax (202) 481–4291, or e-mail richard.miller@sba.gov.

Correction

In the **Federal Register** of March 25, 2011, in FR Doc. 2011–7135, on page 16703, in the second column, correct the **DATES** caption to read:

DATES: The meetings will be held on the dates and times specified in the Event Information section of the Supplementary Information below. It is recommended that all attendees register at least one week prior to the scheduled meeting date. In addition, comments to SBA docket number SBA–2011–0006 must be received on or before June 6, 2011.

In the **Federal Register** of March 25, 2011, in FR Doc. 2011–7135, on page 16706, in the third column, correct the “Event Information” caption to read:

III. Event Information

Location	Date	Address
Seattle, WA	May 9, 2011, Begins 1 p.m., Ends 5:30 p.m	Holiday Inn Seattle-SeaTac International Airport, 17338 International Blvd, Seattle, WA 98188.
Denver, CO	May 24, 2011, Begins 9 a.m., Ends 4:15 p.m	PPA Event Center, 2105 Decatur Street, Denver, CO 80211.
Albuquerque, NM ...	June 2, 2011, Begins 9 a.m., Ends 4:15 p.m	Embassy Suites Albuquerque, 1000 Woodward Place NE, Albuquerque, NM 87102.
San Diego, CA	June 3, 2011, Begins 9 a.m., Ends 4:15 p.m	Scottish Rite Event Center, 1985 Camino del Rio, South, San Diego, CA 92108.

Dated: April 24, 2011.

Calvin Jenkins,

*Deputy Associate Administrator for
Government Contracting.*

BILLING CODE 8025-01-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 25

[Docket No. NM456; Special Conditions No. 25-11-13-SC]

Special Conditions: Boeing Model 747-8 Series Airplanes; Overhead Flight Attendant Rest Compartment

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed special conditions.

SUMMARY: This action proposes special conditions for Boeing Model 747-8 series airplanes. These airplanes will have novel or unusual design features associated with the installation of an overhead flight attendant rest compartment. The applicable airworthiness regulations do not contain adequate or appropriate safety standards for these design features. These proposed special conditions contain the additional safety standards that the Administrator considers necessary to establish a level of safety equivalent to that established by the existing airworthiness standards. Additional special conditions will be issued for other novel or unusual design features of the Boeing 747-8 airplanes.

DATES: Comments must be received on or before May 31, 2011.

ADDRESSES: Comments on this proposal may be mailed in duplicate to: Federal Aviation Administration, Transport Airplane Directorate, Attention: Rules Docket (ANM-113), Docket No. NM456, 1601 Lind Avenue, SW., Renton, Washington 98057-3356; or delivered in duplicate to the Transport Airplane Directorate at the above address. All comments must be marked Docket No. NM456. Comments may be inspected in the Rules Docket weekdays, except Federal holidays, between 7:30 a.m. and 4 p.m.

FOR FURTHER INFORMATION CONTACT: Jayson Claar, FAA, Airframe/Cabin Safety Branch, ANM-115, Transport Standards Staff, Transport Airplane Directorate, Aircraft Certification Service, 1601 Lind Avenue, SW., Renton, Washington 98055-4056;

telephone (425) 227-2194; facsimile (425) 227-1149.

SUPPLEMENTARY INFORMATION:

Comments Invited

The FAA invites interested persons to participate in this rulemaking by submitting written comments, data, or views. The most helpful comments reference a specific portion of the special conditions, explain the reason for any recommended change, and include supporting data. We ask that you send us two copies of written comments.

We will file in the docket all comments we receive as well as a report summarizing each substantive public contact with FAA personnel concerning these proposed special conditions. The docket is available for public inspection before and after the comment closing date. If you wish to review the docket in person, go to the address in the **ADDRESSES** section of this notice between 7:30 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

We will consider all comments we receive on or before the closing date for comments. We will consider comments filed late if it is possible to do so without incurring expense or delay. We may change the proposed special conditions based on comments we receive.

If you want the FAA to acknowledge receipt of your comments on this proposal, include with your comments a pre-addressed, stamped postcard on which the docket number appears. We will stamp the date on the postcard and mail it back to you.

Background

On November 4, 2005, The Boeing Company, P.O. Box 3707, Seattle, WA 98124, applied for an amendment to Type Certificate Number A20WE to include the new Model 747-8 passenger airplane. Boeing later applied for, and was granted, an extension of time for the amended type certificate, which changed the effective application date to December 31, 2006. The Model 747-8 is a derivative of the 747-400. The Model 747-8 is a four-engine jet transport airplane that will have a maximum takeoff weight of 975,000 pounds and new General Electric GENx-2B67 engines. The Model 747-8 will have two flight crew and the capacity to carry 605 passengers.

Type Certification Basis

Under the provisions of Title 14, Code of Federal Regulations (14 CFR) 21.101, Boeing must show that the Model 747-8 meets the applicable provisions of part 25, as amended by Amendments 25-1

through 25-120, plus amendment 25-127 for § 25.795(a), except for earlier amendments as agreed upon by the FAA. These regulations will be incorporated into Type Certificate No. A20WE after type certification approval of the 747-8.

In addition, the certification basis includes other regulations, special conditions and exemptions that are not relevant to these special conditions. Type Certificate No. A20WE will be updated to include a complete description of the certification basis for these airplanes. If the Administrator finds that the applicable airworthiness regulations (i.e., 14 CFR part 25) do not contain adequate or appropriate safety standards for the 747-8 because of a novel or unusual design feature, special conditions are prescribed under the provisions of § 21.16.

In addition to the applicable airworthiness regulations and special conditions, the 747-8 must comply with the fuel vent and exhaust emission requirements of 14 CFR part 34 and the noise certification requirements of 14 CFR part 36.

Special conditions, as defined in § 11.19, are issued under § 11.38, and become part of the type certification basis under § 21.101.

Special conditions are initially applicable to the model for which they are issued. Should the type certificate for that model be amended later to include any other model or series that incorporates the same or similar novel or unusual design feature, or should any other model or series already included on the same type certificate be modified to incorporate the same or similar novel or unusual design feature, the special conditions would also apply to the other model or series under § 21.101.

Compliance with these special conditions does not relieve the applicant from the existing airplane certification basis requirements. One particular area of concern is that installing an overhead flight attendant rest (OFAR) compartment creates a smaller compartment volume within the overhead area of the airplane. The applicant must comply with the requirements of §§ 25.365(e), (f), and (g), for the OFAR compartment, as well as any other airplane compartments whose decompression characteristics are affected by the installation of an OFAR compartment. Compliance with § 25.831 must be demonstrated for all phases of flight when occupants are present.

Novel or Unusual Design Features

While the installation of an OFAR compartment is not a new concept for large transport category airplanes, each
