Bureau of Educational and Cultural Affairs (ECA) Request for Grant Proposals; Access Teacher Development Online Program

Announcement Type: New Cooperative Agreement.

Funding Opportunity Number: ECA/A/L--11–05.

Catalog of Federal Domestic Assistance Number: 19.421.

Key Dates: Application Deadline: June 4, 2011.

Executive Summary: The Office of English Language Programs of the Bureau of Educational and Cultural Affairs (ECA/A/L) announces an open
competition for the Access Teacher Development Online Program (ATDOP), including online distance education, a U.S. exchange component in summer 2012 and a follow-on program for exchange participants. The award level for this cooperative agreement will be up to $900,000. The purpose of this program is to increase the oral and aural proficiency of English as a foreign language teachers while developing their speaking and listening teaching methods.

U.S. public and private universities with graduate TESOL or Applied Linguistics programs meeting the provisions described in Internal Revenue Code section 26 U.S.C. 501(c)(3) may submit proposals to implement the program that will include the following:

1. A teacher needs analysis survey and English language proficiency assessment plan to be administered at the beginning and end of the online program;
2. A multi-platform online distance education program developed in collaboration with selected English Access Microscholarship Program (Access) providers and designed to improve the oral/aural English Language proficiency and teaching methodologies of 250–350 Access and potential Access teachers working with 14–18 year olds;
3. A four-week, U.S. exchange program for 26 of the top performing participants from the online courses;
4. A five-week online follow-up course designed to assist the 26 teachers in developing and implementing professional development seminars for English teachers in their respective countries;
5. The creation of an on-going online community via a Ning site where Access teachers and in-country providers can continue to communicate and collaborate.

Access provides a foundation of English language skills to bright, economically disadvantaged 14- to 18-year-olds through two-year programs of after-school classes and intensive summer learning activities. Access students also gain an appreciation for U.S. culture and democratic values through cultural enhancement activities. Since its inception in 2004, over 70,000 students in more than 85 countries have participated in the Access Program. More detailed information about each of the five components of this cooperative agreement are detailed below and in the Program Objectives, Goals, and Implementation (POGI).

The participants should demonstrate a significant track record of conducting substantive academic programs for EFL educators with a particular emphasis on the innovative use of internet media and mobile-based technologies in the development and implementation of training programs, conducting needs assessments internationally with foreign partners, developing English language teaching curriculum for English learners with diverse levels of English language proficiency and managing the U.S. and foreign logistical and administrative aspects of similar programs.

The participants in the online course will be selected by Access providers and Regional English Language Officers (RELOs) and will be approved by ECA/A/L. Participants will be: Citizens of one of 6–8 ECA selected strategic countries in which they reside; university degree holders; employed as English teachers and have been working with disadvantaged 14–18 year old students for at least two but not more than approximately seven years; have no significant previous US travel experience; employed by one of the selected Access host institutions teaching Access or other secondary school level classes; and able to have regular and easy access to a computer with reliable broadband Internet.

I. Funding Opportunity Description

Authority

Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87–256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is "to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries * * *; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations * * * and thus to assist in the development of friendly, sympathetic, and peaceful relations between the United States and the other countries of the world." The funding authority for the program above is provided through legislation.

Purpose

The purpose of the ATDOP is to improve overall English Access Microscholarship Program capacity to educate students by significantly enhancing the oral/aural proficiency and teaching practices of current and future Access teachers and providing opportunities to augment the impact of the course by having the program participants create and implement replicable teacher development seminars for other high school level English teachers in their countries. The project should also develop a self-sustaining online community for Access teachers and providers where ideas and experiences can be shared for years to come.

Overview

The online teacher development course and the U.S. based exchange component should significantly enhance the oral/aural proficiency and teaching skills needed for participants to confidently create and present seminars on practical English language teaching methods and American culture/values to other English language teachers in their respective countries. This program should expose participants to up-to-date methodologies for teaching and speaking to 14–18 year old English learners, insights into the role of online technologies can play in English language learning, teaching, and professional development, and approaches to developing learner-centered activities with technology and electronic materials. The program should also include a substantive cultural/educational exchange experience in the United States.

Program Design

The program should be designed as an intensive, practically focused online course and exchange component for early career high school teachers from abroad. Both the online course and exchange component should reflect the participants’ previous experience, education, and the realities of their regional challenges while promoting strategies for participants to share their knowledge with course participants and colleagues in their home countries.

Participants for the online teacher development course will be selected by local providers in consultation with RELOs at U.S. embassies and approved by the Office of English Language Programs in Washington, DC. Exchange component participants will be selected by recipient in coordination with local providers and approved by ECA/A/L and RELOs. Approximately the same number of participants for the online program and the U.S. exchange will be selected from each of the 6–8 participating countries.

ATDOP will focus on developing teaching skills relevant and appropriate to ECA/A/L’s ongoing English language programming efforts around the world. Activities should foster enhancing language and teaching methodologies and creating new capacities (student
centered teaching, authentic examples of American culture/values, and using internet based activities) for use in Access curricula. Selection of ATDOP curricula will be made by the recipient in consultation with select Access providers and RELOs and approved by ECA/A/L. Curricula will be based on the results of the needs assessment carried out by the recipient.

The Department of State will retain full ownership of the prepared curriculum and all online social networking and mobile sites created to fulfill program objectives, including the right to print, publish, repurpose, and distribute all media including electronic media, and in all languages and editions.

Program Content

Proposals must include preliminary ideas regarding the structure and content of the online program, the exchange component and follow-on course that can be revised in light of the results of the participant needs analysis and English language proficiency assessment results. Possible speakers and trainers, site visits, ways of using social media, video and chat conferencing programs and the use of mobile technology should be discussed. The accompanying Project Objectives, Goals, and Implementation (POGI) document provides program-specific guidelines that all proposals must address fully.

Program Dates

It is anticipated that the cooperative agreement will begin on or about September 1, 2011, and the recipient should complete all post-exchange activities by December 31, 2012. The exchange program will take place during June/July, 2012. Please refer to additional program specific guidelines in the Program Objectives, Goals, and Implementation (POGI) document.

Program Guidelines

Under the auspices of the Cooperative Agreement, the Bureau’s Office of English Language Programs and U.S. embassies are substantially involved in ATDOP. The Bureau provides overall program and policy design and direction, with substantial involvement at all levels of the program while U.S. embassies are responsible for in-country aspects of the program. The roles and responsibilities of the Bureau include:

• Selection of strategic countries and Access providers from which teachers will be selected;
• Inviting RELOs and providers to nominate program participants;
• Approving nominees for the online course and exchange component;
• Participating in the Washington segment of the exchange program.

Posts are responsible for:

• Identifying and nominating program participants from their countries/regions in collaboration with providers;
• Briefing program participants on all aspects of the program;
• Monitoring and supporting the online segment of the program;
• Monitoring and reporting to ECA/A/L on program impact;
• Facilitating communication between the recipient and program participants regarding exchange logistics (e.g., obtaining visas); and
• Conducting post-program follow-up opportunities as appropriate.

III.1. Eligible Applicants

Applications may be submitted by public and private U.S. colleges and universities with a graduate TESOL or applied linguistics program meeting the provisions described in Internal Revenue Code section 26 U.S.C. 501(c)(3).

III.2. Cost Sharing or Matching Funds

There is no minimum or maximum percentage required for this competition. However, the Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs. When cost sharing is offered, it is understood and agreed that the applicant must provide the amount of cost sharing as stipulated in its proposal and later included in an approved cooperative agreement. Cost sharing may be in the form of allowable direct or indirect costs. For accountability, you must maintain written records to support all costs which are claimed as your contribution, as well as costs to be paid by the Federal government. Such records are subject to audit. The basis for determining the value of cash and in-kind contributions must be in accordance with OMB Circular A–110, (Revised), Subpart C.23—Cost Sharing and Matching. In the event you do not provide the minimum amount of cost sharing as stipulated in the approved budget, ECA’s contribution will be reduced in like proportion.

III.3. Other Eligibility Requirements

(a) Bureau grant guidelines require that organizations with fewer than four years experience in conducting international exchanges be limited to $60,000 in Bureau funding. ECA anticipates awarding one cooperative agreement, in an amount up to $900,000 to support program and administrative costs required to implement ATDOP. Therefore, organizations with less than four years experience in conducting international exchanges are ineligible to apply under this competition. The Bureau encourages applicants to provide maximum levels of cost sharing and funding in support of its programs.

(b) Technical Eligibility: All proposals must comply with the following: (list requirements) or they will result in your proposal being declared technically ineligible and given no further consideration in the review process.

—Eligible applicants may not submit more than one proposal in this competition.

—If more than one proposal is received from the same applicant, all submissions will be declared technically ineligible and will receive no further consideration in the review process. Please note: Applicant organizations are defined by their legal name, and EIN number as stated on their completed SF–424 and additional supporting documentation outlined in the Proposal Submission Instructions (PSI) document.

Recipients and sub-recipients must maintain accurate and up-to-date information in the CCR until all program and financial activity and reporting have been completed. All entities must review and update the information at least annually after the initial registration and more frequently if required information changes or another award is granted. You must have nonprofit status with the IRS at the time of application. Please note: Effective January 7, 2009, all applicants for ECA federal assistance awards must include in their application the names of directors and/or senior executives (current officers, trustees, and key employees, regardless of amount of compensation). In fulfilling this requirement, applicants must submit information in one of the following ways:

If your organization is a private nonprofit which has not received a grant or cooperative agreement from ECA in the past three years, or if your organization received nonprofit status from the IRS within the past four years, you must submit the necessary documentation to verify nonprofit status as directed in the PSI document. Failure to do so will cause your proposal to be declared technically ineligible.

IV.3d. Please take into consideration the following information when preparing your proposal narrative:

IV.3d.1. Adherence To All Regulations Governing The J Visa. The Office of Citizen Exchanges of the Bureau of Educational and Cultural Affairs is the official program sponsor of the exchange program covered by this RFGP, and an employee of the Bureau will be the “Responsible Officer” for the program under the terms of 22 CFR part 62, which covers the administration of the Exchange Visitor Program (J visa program). Under the terms of 22 CFR part 62, organizations receiving awards (either a grant or cooperative agreement) under this RFGP will be third parties cooperating with or assisting the sponsor in the conduct of the sponsor’s program. The actions of recipient organizations shall be “imputed to the sponsor in evaluating the sponsor’s compliance with” 22 CFR part 62. Therefore, the Bureau expects that any organization receiving an award under this competition will render all assistance necessary to enable the Bureau to fully comply with 22 CFR part 62 et seq.

The Bureau of Educational and Cultural Affairs places critically important emphases on the secure and proper administration of Exchange Visitor (J visa) Programs and adherence by recipient organizations and program participants to all regulations governing the J visa program status. Therefore, proposals should explicitly state in writing that the applicant is prepared to assist the Bureau in meeting all requirements governing the administration of Exchange Visitor Programs as set forth in 22 CFR part 62. If your organization has experience as a designated Exchange Visitor Program Sponsor, the applicant should discuss their record of compliance with 22 CFR part 62 et seq., including the oversight of their Responsible Officers and Alternate Responsible Officers, screening and selection of program participants, provision of pre-arrival information and orientation to participants, monitoring of participants, proper maintenance and security of forms, record-keeping, reporting and other requirements.

The Office of Citizen Exchanges of ECA will be responsible for issuing DS–
2019 forms to participants in this program.

A copy of the complete regulations governing the administration of Exchange Visitor (J) programs is available at http://exchanges.state.gov or from:

Office of Designation, Private Sector Programs Division, U.S. Department of State, ECA/EC/D/PS, SA–5, 5th Floor, 2200 C Street, NW., Washington, DC 20037.

IV.3.d.2. Diversity, Freedom and Democracy Guidelines. Pursuant to the Bureau’s authorizing legislation, programs must maintain a non-political character and should be balanced and representative of the diversity of American political, social, and cultural life. “Diversity” should be interpreted in the broadest sense and encompass differences including, but not limited to ethnicity, race, gender, religion, geographic location, socio-economic status, and disabilities. Applicants are strongly encouraged to adhere to the advancement of this principle both in program administration and in program content. Please refer to the review criteria under the “Support for Diversity” section for specific suggestions on incorporating diversity into your proposal. Public Law 104–319 provides that “in carrying out programs of educational and cultural exchange in countries whose people do not fully enjoy freedom and democracy,” the Bureau “shall take appropriate steps to provide opportunities for participation in such programs to human rights and democracy leaders of such countries.” Public Law 106–113 requires that the governments of the countries described above do not have inappropriate influence in the selection process. Proposals should reflect advancement of these goals in their program contents, to the full extent deemed feasible.

IV.3.d.3. Program Monitoring and Evaluation Proposals must include a plan to monitor and evaluate the Program’s success, both as the activities unfold and at the end of the program. The Bureau recommends that your proposal include a draft survey questionnaire or other technique plus a description of a methodology to use to link outcomes to original Program objectives. The Bureau expects that the recipient will track participants or partners and be able to respond to key evaluation questions, including satisfaction with the program, learning as a result of the program, changes in behavior as a result of the program, and effects of the program on institutions (institutions in which participants work or partner institutions). The evaluation plan should include indicators that measure gains in mutual understanding as well as substantive knowledge.

Successful monitoring and evaluation depend heavily on setting clear goals and outcomes at the outset of a program. Your evaluation plan should include a description of your Program’s objectives, your anticipated Program outcomes, and how and when you intend to measure these outcomes (performance indicators). The more that outcomes are “smart” (specific, measurable, attainable, results-oriented, and placed in a reasonable time frame), the easier it will be to conduct the evaluation. You should also show how your Program objectives link to the goals of the program described in this RFP.

Your monitoring and evaluation plan should clearly distinguish between program outputs and outcomes. Outputs are products and services delivered, often stated as an amount. Output information is important to show the scope or size of Program activities, but it cannot substitute for information about progress towards outcomes or the results achieved. Examples of outputs include the number of people trained or the number of seminars conducted. Outcomes, in contrast, represent specific results a Program is intended to achieve and is usually measured as an extent of change. Findings on outputs and outcomes should both be reported, but the focus should be on outcomes.

We encourage you to assess the following four levels of outcomes, as they relate to the program goals set out in the RFP (listed here in increasing order of importance):

1. Participant satisfaction with the program and exchange experience.
2. Participant learning, such as increased knowledge, aptitude, skills, and changed understanding and attitude. Learning includes both substantive (subject-specific) learning and mutual understanding.
3. Participant behavior, concrete actions to apply knowledge in work or community; greater participation and responsibility in civic organizations; interpretation and explanation of experiences and new knowledge gained; continued contacts between participants, community members, and others.
4. Institutional changes, such as increased collaboration and partnerships, policy reforms, new programming, and organizational improvements.

Please note: Consideration should be given to the appropriate timing of data collection for each level of outcome. For example, satisfaction is usually captured as a short-term outcome, whereas behavior and institutional changes are normally considered longer-term outcomes.

Overall, the quality of your monitoring and evaluation plan will be judged on how well it (1) specifies intended outcomes; (2) gives clear descriptions of how each outcome will be measured; (3) identifies when particular outcomes will be measured; and (4) provides a clear description of the data collection strategies for each outcome (i.e., surveys, interviews, or focus groups). (Please note that evaluation plans that deal only with the first level of outcomes [satisfaction] will be deemed less competitive under the present evaluation criteria.)

The recipient will be required to provide reports analyzing their evaluation findings to the Bureau in their regular program reports. All data collected, including survey responses and contact information, must be maintained for a minimum of three years and provided to the Bureau upon request.

IV.3.d.4. Describe your plans for staffing: Please provide a staffing plan which outlines the responsibilities of each staff person and explains which staff member will be accountable for each program responsibility. The Office of English Programs requests that several members of the staff be well versed in current methodology of teaching English as a foreign language, preferably holding an advanced degree in Teaching English as a Foreign Language (TEFL), applied linguistics or a related field. In depth knowledge of best practices in the English language teaching (ELT) field is preferable. Wherever possible please streamline administrative processes.

IV.3.e. Please take the following information into consideration when preparing your budget:

IV.3.e.1. Applicants must submit SF–424A— “Budget Information—Non-Construction Programs” along with a comprehensive budget for the entire program. The budget request from ECA should not exceed $900,000, including all administrative costs. There must be a summary budget as well as breakdowns reflecting both administrative and program budgets for host campus and foreign teacher involvement in the program. Applicants may provide separate sub-budgets for each program component, phase, location, or activity to provide clarification.

The summary and detailed administrative and program budgets should be accompanied by a narrative which provides a brief rationale for each line item including a methodology for
estimating appropriate average maintenance allowance levels and tuition costs (as applicable) for the participants, and the number that can be accommodated at the levels proposed. The total administrative costs funded by the Bureau must be reasonable and appropriate.

IV.3e.2. Allowable costs for the program and additional budget guidance are outlined in detail in the POGI document. Please refer to the Solicitation Package for complete budget guidelines and formatting instructions.

IV.3f. Application Deadline and Methods of Submission:

Several of the steps in the Grants.gov registration process could take several weeks. Therefore, applicants should check with appropriate staff within their organizations immediately after reviewing this RFGP to confirm or determine their registration status with Grants.gov.

Once registered, the amount of time it can take to upload an application will vary depending on a variety of factors including the size of the application and the speed of your Internet connection. In addition, validation of an electronic submission via Grants.gov can take up to two business days. Therefore, we strongly recommend that you not wait until the application deadline to begin the submission process through Grants.gov. ECA will not notify you upon receipt of electronic applications.

It is the responsibility of all applicants submitting proposals via the Grants.gov web portal to ensure that proposals have been received by Grants.gov in their entirety, and ECA bears no responsibility for data errors resulting from transmission or conversion processes.

IV.3g. Intergovernmental Review of Applications: Executive Order 12372 does not apply to this program.

V. Application Review Information

V.1. Review Process

The Bureau will review all proposals for technical eligibility. Proposals will be deemed ineligible if they do not fully adhere to the guidelines stated herein and in the Solicitation Package. All eligible proposals will be reviewed by the program office. Eligible proposals will be subject to compliance with Federal and Bureau regulations and guidelines and forwarded to Bureau grant panels for advisory review. Proposals may also be reviewed by the Office of the Legal Adviser or by other Department elements. Final funding decisions are at the discretion of the Department of State’s Assistant Secretary for Educational and Cultural Affairs. Final technical authority for assistance awards (cooperative
agreement) resides with the Bureau’s Grants Officer.

Review Criteria

Technically eligible applications will be competitively reviewed according to the criteria stated below. These criteria are not rank ordered and all carry equal weight in the proposal evaluation:

1. Quality of Program Plan and Ability to Achieve Program Objectives:
Proposals should exhibit originality, innovation, coherence, precision, and relevance to the Bureau’s mission as well as the objectives of ATDOP. It should include an effective, feasible plan and clearly demonstrate how the institution will meet the program’s objectives. A detailed agenda and relevant work plan should demonstrate substantive undertakings and logistical capacity.

2. Multiplier effect/impact: The proposed program should strengthen long-term mutual understanding, including maximum sharing of information and establishment of long-term institutional and individual linkages.

3. Support for Diversity: Proposals should demonstrate substantive support of the Bureau’s policy on diversity. Achievable and relevant features should be cited in both program administration (selection of speakers, program venue and program evaluation) and program content (orientation and wrap-up sessions, program meetings, resource materials and follow-up activities).

4. Institutional Capacity and Record:
Proposals should demonstrate an institutional record of successful exchange programs, including responsible fiscal management and full compliance with all reporting requirements for past Bureau grants as determined by Bureau Grants Staff. The Bureau will consider the past performance of prior recipients and the demonstrated potential of new applicants. The successful proposal will demonstrate the organization’s experience in international educational exchange, intensive asynchronous and synchronous online programs, and teaching English as a foreign language methodology.

5. Follow-up and Follow-on Activities:
Proposals should discuss provisions made for follow-up with returned participants as a means of establishing longer-term individual and institutional linkages. Proposals also should provide a plan for continued follow-on activity (without Bureau support) ensuring that the Bureau supported programs are not isolated events. Proposals also should include a plan for tracking and maintaining updated lists of all alumni.

These lists should be made available to ECA/A/L and the Office of Alumni Affairs.

6. Program Evaluation:
Proposals should discuss provisions to quantitively evaluate the program’s success, both as the activities unfold and at the end of the program. A draft survey questionnaire or other technique plus description of a methodology to use to link outcomes to original program objectives is recommended.

7. Cost-effectiveness and Cost Sharing:
The overhead and administrative components of the proposal, including salaries and honoraria, should be kept as low as possible. All other items should be necessary and appropriate. Proposals should maximize cost-sharing through other private sector support as well as institutional direct funding contributions.

Bureau of Educational and Cultural Affairs (ECA) Request for Grant Proposals; Teacher Exchange Program

Announcement Type: New Cooperative Agreement.

Funding Opportunity Number: ECA/A/S/X–12–01.

Catalog of Federal Domestic Assistance Number: 19.408.

Key Dates: Application Deadline: June 23, 2011.

Executive Summary: The Office of Global Educational Programs of the Bureau of Educational and Cultural Affairs (ECA), U.S. Department of State, announces an open competition for three assistance awards to administer components of the Office’s Teacher Exchange Program in Fiscal Year 2012. Public and private nonprofit organizations or consortia or other combinations of eligible organizations meeting the provisions described in Internal Revenue Code section 501(c)(3) may submit proposals to cooperate with the Bureau in the administration of the teacher exchange programs as categorized below. To facilitate effective communication between ECA’s Teacher Exchange Branch (ECA/A/S/X) and the organization(s) cooperating on these programs, applicant organizations should have offices and staffs located in Washington, DC at the time of application.

In recent years, the Bureau has revised and diversified its programming for teachers consistent with the Bureau’s emphasis on reaching younger and underserved, non-elite populations, given the influence teachers can have on these populations in classrooms in the U.S. and around the world. This Request for Grant Proposals is part of an effort to reinforce the Bureau’s engagement with primary and secondary school educators and to present a range of teacher program opportunities to potential applicant organizations, which may submit proposals to administer and implement one, two, or all three clusters of the following FY 2012 Teacher Exchange Programs as outlined below (organizations must submit a separate proposal for each cluster for which they apply): Cluster A: The Fulbright Classroom Teacher Exchanges and the Distinguished Fulbright Awards in Teaching; Cluster B: Professional Development Programs for International and U.S. Teachers; and/or Cluster C: the Educational Seminars, the Intensive Summer Language Institutes, and the Teachers of Critical Languages Program. Details about these program components are provided under the Funding Opportunity Description section of this document and in the Project Objectives, Goals, and Implementation (POGI) document associated with this solicitation. Proposals should reflect a vision for the program, interpreting the goals of the Fulbright-Hays Act and the Teacher Exchange Program with creativity, as well as providing innovative ideas and recommendations. The cooperating organization(s) for each cluster will have responsibility for program administration, which includes the following broad categories: Program planning and management; participant placement; orientation and preparation of participants and host/mentor educators; enrichment activities; participant supervision and support services; fiscal management and budgeting; program reporting and evaluation (including ad hoc program and financial reports as requested by the Teacher Exchange Branch); and alumni programming and follow-on activities. Proposals should include schedules and timelines for notifying ECA, overseas partners, and participants of recruitment cycles, placements, travel arrangements and cross-cultural and program information in a timely manner. Programs must comply with J–1 visa regulations. Teacher exchange participants in the U.S. and abroad should be identified through open, merit-based competitions.

Although the amount that will be available to support these programs in FY 2012 has not yet been determined, for planning purposes the total amount of funding that may be available to cover administrative and program costs of these programs will be up to $14,800,000. The amounts listed for each program are provided below to enable applicant organizations to prepare budgets for planning purposes and are subject to change. More specific information for each program is provided below and in the Project Objectives, Goals, and Implementation (POGI) document. All awards are pending availability of FY 2012 funds.

I. Funding Opportunity Description

Authority

Overall grant making authority for this program is contained in the Mutual Educational and Cultural Exchange Act of 1961, Public Law 87–256, as amended, also known as the Fulbright-Hays Act. The purpose of the Act is “to enable the Government of the United States to increase mutual understanding between the people of the United States and the people of other countries * * *; to strengthen the ties which unite us with other nations by demonstrating the educational and cultural interests, developments, and achievements of the people of the United States and other nations * * * and thus to assist in the development of friendly, sympathetic and peaceful relations between the United States and the other countries of the world.” The funding authority for the program above is provided through legislation.

Purpose

The purpose of the program is to improve mutual understanding among teachers, school administrators, and their schools and communities in the U.S. and abroad through professional development and exchange. Teacher exchanges support the internationalization of schools and classrooms, increase the quality of classroom instruction, expand the knowledge of students and communities about global issues and cultures, and improve knowledge of English and foreign languages. Teacher exchanges also encourage the professional development of teachers by broadening their familiarity with approaches to their subjects, pedagogical methods, and instructional technologies.

Applicant organizations may propose to administer and implement one, two, or all three clusters of the following teacher exchange program components.

Cluster A

The Presidentially appointed J. William Fulbright Foreign Scholarship
