

and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.⁸ In particular, the proposed change is consistent with Section 6(b)(5) of the Act,⁹ because it would promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest. Specifically, the Exchange believes that this proposal is in keeping with those principles by promoting increased transparency through the dissemination of BYX data along with information regarding the Exchange's internal latencies.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change imposes any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(6) thereunder.¹¹

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act¹² normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)¹³ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. BYX requests that the Commission waive the 30-day operative

delay in order to allow BYX to continue to provide without interruption the Data Feeds that are already available, voluntary, and free to subscribers. In addition, BYX requests waiver of the 30-day operative delay for the Latency Feed because it is ready for distribution, voluntary, free to receive, and contains only aggregate statistical information related to the latency of the System. BYX believes that waiver of the operative delay will allow it to continue providing market participants that use the Data Feeds with useful real-time and historical data concerning orders that have been entered, executions that have occurred, and the latency of the system, consistent with other products provided by other exchanges. The Commission believes that waiving the 30-day operative delay¹⁴ is consistent with the protection of investors and the public interest and designates the proposal operative upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-BYX-2011-012 on the subject line.
