33 CFR Part 165

Security Zones; Portland Rose Festival on Willamette River

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard enforces security zones to protect the Willamette River from explosions, discharges of pyrotechnics, and other activities that may endanger the safety of maritime traffic, the public, and property by establishing a security zone around vessels carrying hazardous cargo, as determined by the Captain of the Port (COTP) Columbia River, when such vessels are located in the Sector Columbia River COTP Zone as defined in 33 CFR 3.65–15 and the COTP Columbia River determines that a security zone is necessary and enforcement of that security zone is practicable. The security zones will help ensure the security of the vessels themselves as well as the maritime public due to the hazardous nature of the cargo on board.

DATES: This rule is effective June 16, 2011.
