RIN 1653-ZA01

Extension of Employment Authorization for Haitian F-1 Nonimmigrant Students Experiencing Severe Economic Hardship as a Direct Result of the January 12, 2010 Earthquake in Haiti

AGENCY: U.S. Immigration and Customs Enforcement (ICE), DHS.

ACTION: Notice.

SUMMARY: This notice informs the public of the extension of an earlier notice, which suspended certain requirements for F-1 nonimmigrant students whose country of citizenship is Haiti and who are experiencing severe economic hardship as a direct result of the January 12, 2010 earthquake in Haiti. This notice extends the effective date of that notice.

DATES: This notice is effective July 22, 2011 and will remain in effect until January 22, 2013.

FOR FURTHER INFORMATION CONTACT: Louis Farrell, Director, Student and Exchange Visitor Program; MS 5600, U.S. Immigration and Customs Enforcement; 500 12th Street, SW., Washington, DC 20536-5600; (703) 603-3400. This is not a toll-free number. Program information can be found at <http://www.ice.gov/sevis/>.

SUPPLEMENTARY INFORMATION:

What action is DHS taking under this notice?

The Secretary of Homeland Security is exercising her authority under 8 CFR 214.2(f)(9) to extend the suspension of the applicability of certain requirements governing on-campus and off-campus employment for F-1 nonimmigrant students whose country of citizenship is Haiti and who are experiencing severe economic hardship as a direct result of the January 12, 2010 earthquake in Haiti. See 75 FR 56120. The previous notice was effective from September 15, 2010 until July 22, 2011. Effective with this publication, suspension of the requirements is extended 18 months, from July 22, 2011 until January 22, 2013.

F-1 students granted employment authorization through that notice were deemed to be engaged in a "full course of study" for the duration of their employment authorization, provided they satisfied the minimum course load requirement described in 75 FR 56120. See 8 CFR 214.2(f)(6)(i)(F).

Who is covered under this action?

This notice applies exclusively to F-1 students whose country of citizenship is Haiti and who were lawfully present in the United States in F-1 nonimmigrant status on January 12, 2010 under section 101(a)(15)(F)(i) of the Immigration and Nationality Act (INA), 8 U.S.C. 101(a)(15)(F)(i), and (1) Are enrolled in an institution that is Student and Exchange Visitor Program (SEVP)-certified for enrollment of F-1 students, (2) are currently maintaining F-1 status, and (3) are experiencing severe economic hardship as a direct result of the January 12, 2010 earthquake in Haiti.

This notice applies both to undergraduate and graduate students, as well as elementary school, middle school, and high school students. The notice, however, applies differently to elementary school, middle school, and high school students (see the discussion published in 75 FR 56121 in the question, "Does this notice apply to elementary school, middle school, and high school students in F-1 status?").

F-1 students covered by this notice who transfer to other academic institutions that are SEVP-certified for enrollment of F-1 students remain eligible for the relief provided by means of this notice.

Why is DHS taking this action?

The Department of Homeland Security (DHS) took action to provide temporary relief to F-1 students whose country of citizenship is Haiti and experienced severe economic hardship as a result of the January 12, 2010 earthquake. See 75 FR 56120. It enabled these F-1 students to obtain employment authorization, work an increased number of hours while school was in session, and reduce their course load, while continuing to maintain their F-1 student status. DHS also took action to extend Temporary Protected Status to Haiti in response to the January 12, 2010 earthquake. See 75 FR 3476.

Haiti has limited resources to cope with a natural disaster like this earthquake, which was the strongest one to strike the island nation in 200 years. The country's critical infrastructure was severely damaged, and many government offices, schools, businesses, and hospitals were completely destroyed. Haiti continues to deal with the aftermath of the earthquake.

As Haiti continues to rebuild its infrastructure and economy, this difficult period has affected students from Haiti studying in the United States. Many of these students depend on money from relatives in Haiti who are

themselves continuing to recover from the earthquake.

The U.S. is committed to continuing to assist the people of Haiti. DHS is therefore extending this employment authorization for F-1 Haitian nonimmigrant students that are continuing to experience severe economic hardship as a result of the earthquake.

How do I apply for an employment authorization under the circumstances of this notice?

F-1 Haitian students who were lawfully present in the U.S. on January 12, 2010 and are experiencing severe economic hardship as a result of the earthquake may apply for employment authorization under the guidelines described in 75 FR 56120. This notice extends the time period during which F-1 Haitian students may seek employment authorization due to the earthquake. It does not impose any new or additional policies or procedures beyond those listed in the original notice. All interested F-1 students should follow the instructions listed in the original notice.

Janet Napolitano,
Secretary.

Coast Guard

[Docket No. USCG-2007-0030]

Implementation of Revised Passenger Weight Standards for Existing Passenger Vessels

AGENCY: Coast Guard, DHS.

ACTION: Notice of Availability.

SUMMARY: The Coast Guard announces the publication of Officer of Vessel Activities (CG-543) Policy Letter 11-03: "Implementation of Revised Passenger Weight Standards for Existing Passenger Vessels." This policy letter provides guidance on how the Coast Guard will amend Certificates of Inspection prior to a change in the assumed average weight per person standard that will become effective in December 2011.

DATES: The policy letter announced in this notice is effective on May 19, 2011.

ADDRESSES: The policy letter and other documents mentioned in this preamble as being available in the docket, are part of docket USCG-2007-0030 and are available for inspection or copying at the Docket Management Facility, U.S.

Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590-0001, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. You may also find this docket on the Internet at <http://www.regulations.gov>. In addition:

FOR FURTHER INFORMATION CONTACT: For information concerning this notice, contact Lieutenant Commander David Webb, Passenger Vessel Program Manager, Office of Vessel Activities, Domestic Vessel Compliance Division (CG-543), telephone 202-372-1224 or via e-mail at CG5431@uscg.mil.

SUPPLEMENTARY INFORMATION:

Background and Purpose

The Coast Guard determines the maximum number of persons permitted on a vessel by several factors, including the total weight of people carried based on an Assumed Average Weight per Person (AAWPP). The Coast Guard published a Final Rule (75 FR 78064, December 14, 2010), which updated the AAWPP for new and existing inspected passenger vessels and is available in the docket. The relevant portions of the final rule will become effective on December 1, 2011. Because of the large number of passenger vessels affected by the Final Rule, it is not practical for the Coast Guard to amend all stability letters and Certificates of Inspection (COIs) prior to the effective date of the new AAWPP, nor is it reasonable to defer vessel operator compliance until all vessel documents are updated.

For this reason, the policy letter referred to in this notice provides supplemental guidance to the implementation discussion contained in the preamble to the Final Rule. This policy letter provides guidance for existing passenger vessels and contains acceptable methods for passenger vessel owners and operators to demonstrate compliance with the new AAWPP. It also outlines procedures to be followed by both passenger vessel owners and operators and the Coast Guard in order to verify compliance and amend vessel documents as may be needed. Finally, the policy letter provides guidance on an alternative to the AAWPP, described in the final rule, that a vessel may use if the owner/operator can demonstrate that the average weight of passengers and crew routinely carried on that vessel differs significantly from the published AAWPP.

This notice is issued under authority of 5 U.S.C. 552(a) and 46 CFR 176.

Dated: May 10, 2011.

Kevin S. Cook,

Rear Admiral, U.S. Coast Guard, Director of Prevention Policy.
