Background

The Secretary of the Department of Transportation announced on November 2, 2010, the five medical experts who serve on the MRB. Section 4116 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU, Pub. L. 109-59) requires the Secretary of Transportation with the advice of the MRB to "establish, review, and revise medical standards for operators of Commercial Motor Vehicles (CMVs) that will ensure that the physical condition of operators is adequate to enable them operate the vehicles safely." FMCSA is planning revisions to the physical qualification regulations of CMV drivers, and the MRB will provide the necessary sciencebased guidance to establish realistic and responsible medical standards.

The MRB operates in accordance with the Federal Advisory Committee Act (FACA) as announced in the **Federal Register** (70 FR 57642, October 3, 2005). The MRB is charged initially with the review of all current FMCSA medical standards (49 CFR 391.41), as well as proposing new science-based standards and guidelines to ensure that drivers operating CMVs in interstate commerce, as defined in CFR 390.5, are physically capable of doing so.

Meeting Participation

Attendance is open to the interested public, including medical examiners, motor carriers, drivers, and representatives of medical and scientific associations. Written comments for this MRB meeting will also be accepted beginning on June 30, 2011 and continuing until July 15, 2011, and should include the docket number that is listed in the ADDRESSES section. During the MRB meeting (11:15-11:45 a.m. and 2:30-4 p.m.), oral comments may be limited depending on how many persons wish to comment; and will be accepted on a first come, first serve basis as requestors register at the meeting. The comments must directly address relevant medical and scientific issues on the MRB meeting agenda. For more information, please view the following Web site: http:// www.fmcsa.dot.gov/mrb.

I. Overview

Congress enacted an extension of FTA's current authorization, the Safe, Accountable, Flexible, Efficient, Transportation Equity Act: A Legacy for Users (SAFETEA-LU), through September 30, 2011 in the Surface Transportation Extension Act, 2011 (Pub. L. 112-5). Since that time, Congress has also enacted the Department of Defense and Full-Year Continuing Appropriations Act, 2011 (Pub. L. 112-10), hereinafter "Appropriations Act, 2011," which sets an obligation limitation for Formula and Bus programs and funds other Federal transit programs of DOT through September 30, 2011. This Notice provides the remaining formula funds and full year appropriations for FTA discretionary programs.

II. FY 2011 Available Funding for FTA Programs

A. Funding Based on the Department of Defense and Full-Year Continuing Appropriations Act, 2011 (Pub. L. 112– 10)

The Appropriations Act, 2011 included a total of almost \$10.3 billion for FTA programs in obligation limitation of contract authority under the Mass Transit account (MTA) and new appropriations of general funds.

In addition, in FY 2010, Congress appropriated an obligation limitation for the Formula and Bus programs that was slightly lower than the FY 2010 authorized contract authority for those programs creating a \$17.39 million difference in FY 2010. This additional contract authority is now available and this Notice apportions these FY 2010 funds to the Formula and Bus programs in addition to the FY 2011 full year apportionment. See Section II of FTA's Supplemental Fiscal Year 2010 Apportionments and Allocations Federal Register Notice (FR May 13, 2010 Vol. 75, No. 92) for detailed information.

New FY 2011 funding levels also reflect a \$17.39 million difference between the authorized contract authority level and appropriated obligation limitation for Formula and Bus programs.

For other programs, a .2 percent across-the-board rescission for appropriated funds applies as well. The

rescission was applied to the budget authority provided for fiscal year 2011 for any discretionary account and the budget authority provided in any advance appropriation for fiscal year 2011 for discretionary accounts in any prior fiscal year appropriation Act. The rescission, however, does not affect contract authority or obligation limitation for Formula and Bus programs.

B. Morgantown, West Virginia Technical Correction

In the course of preparing FTA's Fiscal Year 2010 supplemental apportionment tables, the fixed guideway direct route miles and vehicle revenue miles associated with the Morgantown, West Virginia urbanized area were inadvertently included in its Section 5307 Urbanized Area Formula program calculations. The resulting Section 5307 apportionment table published in FTA's Supplemental Fiscal Year 2010 Apportionments and Allocations Federal Register Notice (FR May 13, 2010 Vol. 75, No. 92) displayed an allotment for the Morgantown, WV urbanized area that was \$751,158 in excess of what the urbanized area should have received under the Section 5307 formula. FTA corrected the Morgantown apportionment record in its grants systems to limit Morgantown's allocation to what should have been received in FY 2010. With the publication of this notice, FTA

apportions the \$751,158 to those urbanized areas eligible to receive funds under the Fixed Guideway Tier of the Section 5307 program, in proportion to the formula factors of the Fixed Guideway Tier.

C. FY 2011 Discretionary Program Funds

The Appropriations Act, 2011 did not include any project specific Congressional designations. Accordingly, FTA has \$2.73 billion in discretionary funds available for allocation. It is FTA's intent to publish Notices of Funding Availability (NOFA) for most discretionary programs no later than early Fall 2011. The Major Capital Investment program, commonly referred to as the New Starts and Small Starts programs, will be excluded because the program has an ongoing project development and review process, and funding will be allocated consistent with information already available to FTA. Additionally, FTA plans to consolidate multiple programs into single discretionary solicitations of proposals that further specific Department of Transportation Strategic Goals, consistent with the approach used for FY 2010 funds.

Issued in Washington, DC, this 13th day of May, 2011.

FY 2011 SECTION 5307 APPORTIONMENT FORMULA

Distribution of Available Funds

Of the funds made available to the Section 5307 program, a one percent takedown is authorized for Small Transit Intensive Cities. This amount is apportioned to the Governors based on a separate formula that uses criteria related to specific service performance categories.

The remaining funds are apportioned to small, medium, and large sized urbanized areas (UZAs). 9.32% is made available for UZAs 50,000-199,999 in population, and 90.68% to UZAs 200,000 or more in population.

DEPARTMENT OF TRANSPORTATION

Maritime Administration

[Docket No. MARAD-2011 0056]

Requested Administrative Waiver of the Coastwise Trade Laws

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Invitation for public comments on a requested administrative waiver of the Coastwise Trade Laws for the vessel GRAND IMPULSE.

SUMMARY: As authorized by 46 U.S.C. 12121, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by

MARAD. The vessel, and a brief description of the proposed service, is listed below. The complete application is given in DOT docket MARAD-2011-0056 at http://www.regulations.gov. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD's regulations at 46 CFR Part 388 (68 FR 23084, April 30, 2003), that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter's interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD's regulations at 46 CFR Part 388.

DATES: Submit comments on or before June 20, 2011.

ADDRESSES: Comments should refer to docket number MARAD-2011-0056. Written comments may be submitted by hand or by mail to the Docket Clerk, U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12–140, 1200 New Jersey, Avenue, SE., Washington, DC 20590. You may also send comments electronically via the Internet at http://www.regulations.gov. All comments will become part of this docket and will be available for inspection and copying at the above address between 10 a.m. and 5 p.m., E.T., Monday through Friday, except federal holidays. An electronic version of this document and all documents entered into this docket is available on the World Wide Web at http:// www.regulations.gov.
