

Evaluation and Support Center. This supplement will cover the time period from September 1, 2011, through August 31, 2012.

**SUMMARY:** This **Federal Register** notice announces the non-competitive extension of Emory University, the Enhancing Linkages to HIV Care and Treatment in Jail Settings Initiative, Evaluation and Support Center (hereafter referred to as the Enhancing Linkages ESC), in order to complete data collection, analysis, and dissemination of effective models for linking HIV positive individuals in jail settings to HIV care and services in the community upon their release. The findings generated by this Initiative are capable of impacting service delivery systems and increase linkages to critical HIV care and support services if the model programs can be adapted in jails and HIV service delivery settings across the United States, as well as to demonstrate that HIV testing and linkage to care in jail settings, and transitioning individuals to HIV care and treatment in the community is feasible and effective.

**SUPPLEMENTARY INFORMATION:**

*Grantee of record:* Emory University.  
*Amount of the award:* \$550,000.

**Authority:** Section 2691 of the Public Health Service Act, 42 U.S.C. 300ff-101.

*CFDA Number:* 93.928.

*Project period:* September 1, 2006, to August 31, 2011. The period of support for this award is from September 1, 2011, to August 31, 2012.

**Justification for the Exception to Competition**

Emory University's Enhancing Linkages ESC has provided substantial programmatic and evaluation technical

assistance, received client and program level data from 10 demonstration sites, and disseminated preliminary descriptive information on demonstration sites' linkage models. This is a temporary extension with Part F Funds, as the grant recipient did not begin receiving client and program level data from the demonstration sites until late into the third year of the ESC's project period. This was due to demonstration sites' delays in receiving required human subjects research approvals. The SPNS Enhancing Linkages ESC is the best qualified Grantee to ensure the continuity of data collection protocols, data integrity and security until all client and program level data has been submitted and analyzed.

**Part F Special Projects of National Significance Program Cooperative Agreement Under the Ryan White HIV/AIDS Program**

**AGENCY:** Health Resources and Services Administration (HRSA), HHS.

**ACTION:** Notice of Non-Competitive Supplemental Award of the Ryan White HIV/AIDS Program Part F Funds for the Special Projects of National Significance (SPNS) Program's Enhancing Linkages to HIV Care and Treatment in Jail Settings Initiative, Demonstration Sites. This supplement will cover the time period from September 1, 2011, through August 31, 2012.

**SUMMARY:** This **Federal Register** notice announces the non-competitive extension with funds of the Enhancing Linkages to HIV Care and Treatment in Jail Settings Initiative, Demonstration Sites (hereafter referred to as the SPNS Enhancing Linkages Initiative) in order to complete linkages to HIV medical care and support services for HIV positive individuals returning from jail settings to the community, follow-up data collection, analysis and dissemination of findings and lessons learned. The findings generated by this Initiative are capable of impacting service delivery systems and increasing linkages to critical HIV care and support services if the model programs can be adapted in jails and HIV service delivery settings across the United States, as well as to demonstrate that HIV testing and linkage to care in jail settings, and transitioning individuals to HIV care and treatment in the community is feasible and effective.

**SUPPLEMENTARY INFORMATION:**

**GRANTEES OF RECORD AND INTENDED AWARD AMOUNTS**

Grantee/organization name	State	Grant No.	FY 2010 authorized funding level	FY 2011 authorized funding level
University of Illinois @ Chicago/The Board Of Trustees of The University of Illinois.	IL	H97HA08534	\$399,424	\$296,937
Miriam Hospital (The) .....	RI	H97HA08535	399,991	299,109
AID Atlanta .....	GA	H97HA08536	399,997	299,602

This list is sorted by Grant Number.

**Authority:** Section 2691 of the Public Health Service Act, 42 U.S.C. 300ff-101.

*CFDA Number:* 93.928.

*Project period:* September 1, 2007, to August 31, 2011. The period of support for the supplemental awards is from September 1, 2011 to August 31, 2012.

**Justification for the Exception to Competition**

Critical funding for linkages to HIV medical care, treatment services and supportive services to clients enrolled

in the SPNS Enhancing Linkages Initiative will be continued through a non-competitive extension with funds to 10 existing grantees of record. This is a one-time extension with Part F Funds, as the grant recipients did not begin enrolling clients until late into the second year of the project period due to delays in receiving required human subjects research approvals. The SPNS Enhancing Linkages Initiative grantees are the best qualified to ensure the continuity of care, and provide critical services to the service population until all clients are successfully transitioned to routine Ryan White HIV/AIDS Program care and services.
