activities to carry out the programs of, or supported by the Department of Agriculture. 5 U.S.C. 3111 grants agencies the authority to establish programs designed to provide educationally related work assignments for students in non-pay status. The volunteer program will provide a valuable service to the Farm Service Agency (FSA).

In FSA volunteer program, each individual must follow the same responsibilities and guidelines to conduct to which Federal Government employees are expected to follow. The individuals, who are mainly students participating in the sponsored volunteer program, must complete the “Service Agreement and Attendance Records,” and other forms, with providing required supporting documents. The collected information is to allow FSA to effectively recruit, train, and accept volunteers to carry out programs supported by the Department of Agriculture.

Without the collected information, FSA would be unable to document services without compensation in the program. FSA is reporting the collected information to the Department of Agriculture and the Office of Personnel Management that request information for OMB approval.
