## DEPARTMENT OF JUSTICE

### Notice of Lodging of Consent Decree Under The Clean Air Act

Notice is hereby given that on May 4, 2011, a proposed Consent Decree ("Decree") in *United States v. Rocky Mountain Pipeline System, LLC, et al.*, Civil Action No. 11-CV-1188RPM-CBS was lodged with the United States District Court for the District of Colorado.

The Decree between the United States and Rocky Mountain Pipeline System, LLC, Western Convenience Stores, Inc., and Offen Petroleum, Inc. (collectively, the "Defendants") resolves claims asserted in a simultaneously filed complaint brought pursuant to Section 211(d) of the Clean Air Act, as amended ("Act"), 42 U.S.C. 7545(d), for alleged violations of Section 211 of the Act, 42 U.S.C. 7545, and regulations promulgated thereunder at 40 CFR Part 80 ("Fuels Regulations") and 40 CFR Part 79 ("Registration Regulations"). In its complaint the United States alleges that the Defendants are all refiners that produced gasoline by sequentially blending natural gasoline with previously certified gasoline and ethanol in tank trucks. Further the United States alleges that the Defendants' blending operations violated the Fuels Regulations and Registration Regulations by failing to comply with the sampling, testing, record keeping and reporting requirements of those regulations and by producing and distributing gasoline that exceeded the applicable Reid Vapor Pressure standards. The proposed Decree requires the Defendants to implement an environmental mitigation project, take actions to prevent future violations of the Fuel and Registration Regulations, and pay a civil penalty of \$2.5 million. The environmental mitigation project requires Rocky Mountain Pipeline System to install a domed cover on an existing fuel storage tank at its Dupont Terminal. The cover will significantly

reduce the emission of volatile organic compounds from that tank into the surrounding area.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the proposed Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and either e-mailed to [pubcomment-ees.enrd@usdoj.gov](mailto:pubcomment-ees.enrd@usdoj.gov) or mailed to P.O. **SUPPLEMENTARY INFORMATION:** The Occupational Employment Statistics (OES) program has been funded to collect and produce objective and reliable information on occupational employment and wages for green jobs at the establishment level. This is to be conducted through a special employer survey. This work is necessary to meet the publication objective outlined in the FY2010 Congressional Appropriation. The GTP Survey will collect information on jobs within firms that use green technologies and practices as a part of business operations, regardless of the products or services produced.

OMB clearance is being sought for the "BLS Green Technologies and Practices Survey." The goal of the BLS and its OES program is to produce economic statistics on employment related to the use of environmentally friendly technologies and practices across the U.S. economy. Using its business establishment register, the OES program intends to survey establishments about these green activities and the associated employment. The survey will identify employers performing green activities, determine whether they have any employees performing tasks associated with these activities, gather information to classify those employees according to the Standard Occupational Classification (SOC) system, and collect wage rate information.

This proposed information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid OMB control number. See 5 CFR 1320.5(a) and 1320.6. For additional information, see the related notice published in the **Federal Register** on February 3, 2011 (76 FR 6161).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within 30 days of the publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should reference ICR Reference Number 121103-1220-003. *The OMB is particularly interested in comments that:*

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
