park-and-ride facilities, maintenance and storage facility, and other ancillary facilities to support the transit system on the Island of Oahu, Hawaii. The FAA was a Cooperating Agency on the project due to its special expertise on aviation matters and jurisdiction by law for projects on airport property at HNL. The FAA assisted FTA in the preparation of the Final EIS. A refined rail alignment at HNL was evaluated in the Final EIS and was determined to be consistent with FAA requirements. The FAA ROD only addresses the 3-mile portion of the transit rail project that is located on HNL property and subject to FAA approval. The FTA issued its ROD for the entire 20-mile project in January 2011.

The Project would provide a high-capacity rapid transit service in the highly congested east-west transportation corridor between Kapolei and Ala Moana Center. The Project is intended to provide faster, more reliable public transportation services than what can be achieved with buses operating in congested mixed traffic. The project will provide a multi-modal transportation connection at HNL and also improve transportation links within the travel corridor.

The ROD discusses alternatives considered by FAA in reaching its decision, summarizes the analysis used to evaluate the alternatives, and briefly summarizes the potential environmental consequences evaluated in the Final EIS. The ROD also identifies the FAA’s environmentally preferred alternative.

Copies of the ROD are available for public examination during business hours at the following locations:

1. Federal Aviation Administration, Honolulu Airports District Office, 300 Ala Moana Boulevard, Room 7–128, Honolulu, HI 96813.
2. Federal Aviation Administration, Airports Division, Room 3012, 15000 Aviation Boulevard, Hawthorne, CA 90261.
3. Federal Aviation Administration, Office of the Associate Administrator for Airports, Planning and Environmental Division, Room 615, 800 Independence Avenue SW., Washington DC 20591.
4. State of Hawaii, Department of Transportation, Airports Division, 400 Rodgers Boulevard, Suite 700, Honolulu, HI 96819.

FOR FURTHER INFORMATION CONTACT: Mr. Gordon Wong, Environmental Specialist, Federal Aviation Administration, Honolulu Airports District Office, 300 Ala Moana Boulevard, Honolulu, HI 96813.

Issued in Hawthorne, California, on May 12, 2011.

Debbie Roth,
Acting Manager, Airports Division, Western-Pacific Region, AWF–600.

Federal Highway Administration

Notice of Availability of the Draft Environmental Impact Statement: Riverside and Orange Counties, CA

AGENCY: Federal Highway Administration (FHWA), DOT.

SUMMARY: The Federal Highway Administration (FHWA), on behalf of the California Department of Transportation (Caltrans), announces the availability of the Draft Environmental Impact Statement for a proposed highway project in Riverside and Orange Counties, California.

DATES: The comment period for the State Route 91 Corridor Improvement Project Draft Environmental Impact Statement will end 45 days after publication of this Notice of Availability. A public meeting for the Draft Environmental Impact Statement will be held on June 9, 2011 at the Corona Civic Center Gymnasium, 502 S. Vicentia, Corona, California 92882, between 3:30 p.m. and 7:30 p.m.

ADDRESSES: The Draft Environmental Impact Statement is available for review at the Riverside County Transportation Commission, 4080 Lemon Street, 3rd Floor, Riverside, CA 92501, the Corona Public Library, 650 S. Main Street, Corona, CA 92882, the City of Corona Public Works Department, 400 S. Vicentia Ave., 2nd Floor, Suite 210, Corona, CA 92882, and California Department of Transportation (Caltrans), District 8, 464 W. Fourth Street, San Bernardino, CA 92401. The Draft Environmental Impact Statement is also available at http://www.sr91project.info/index.php.

FOR FURTHER INFORMATION CONTACT: Aaron Burton, Senior Environmental Planner, California Department of Transportation (Caltrans), District 8, 464 West Fourth Street, Sixth Floor, San Bernardino, California 92401.

SUPPLEMENTARY INFORMATION:
Effective July 1, 2007, the Federal Highway Administration (FHWA) assigned, and the California Department of Transportation (Caltrans) assumed, environmental responsibilities for this project pursuant to 23 U.S.C. 327. Caltrans as the delegated National Environmental Policy Act (NEPA) agency has prepared a Draft Environmental Impact Statement on a proposal for a highway improvement project in Riverside County, California. The State Route 91 Corridor Improvement Project proposes to increase capacity on the State Route 91 and Interstate 15 in Riverside and Orange Counties. The State Route 91 Corridor Improvement Project proposes to widen existing SR–91 from the State Route 91/State Route 241 interchange in the Cities of Anaheim and Yorba Linda in Orange County to Pierce Street in the City of Riverside in Riverside County. The proposed project also includes improvements to Interstate 15 in Riverside County between the Interstate 15/Cajalco Road interchange in the City of Corona and the Interstate 15/Hidden Valley Parkway interchange in the Cities of Corona and Norco. The project limits on Interstate 15 begin at Cajalco Road, approximately 5 miles south of SR–91 and extend north on Interstate 15 to Hidden Valley Parkway, approximately 1 mile north of SR–91.

The alternatives evaluated in the Draft Environmental Impact Statement are two Build Alternatives and a No Build Alternative. Both State Route 91 Corridor Improvement Project Build Alternatives would add one general purpose lane in each direction on the project segment of State Route 91. These lane additions would be continuous throughout the project limits. Both Build Alternatives would provide auxiliary lanes or collector-distributor roads at interchanges and would modify the existing interchange geometrics within the project limits to improve traffic operations. The Build Alternatives include upgrades to existing State Route 91 to standard shoulder, lane, and buffer widths where those upgrades can be accommodated. Alternative 1 would maintain median high-occupancy vehicle (HOV) lane in each direction on State Route 91 within the project limits and proposes two HOV lane connectors: From eastbound State Route 91 to southbound Interstate 15 and from northbound Interstate 15 to westbound State Route 91. Alternative 1 would also add one HOV lane in each direction on Interstate 15 extending from the proposed HOV lane connectors south to Ontario Avenue. Alternative 2 proposes to convert the existing HOV lanes to two tolled express lanes in each direction on State Route 91, from the Orange/ Riverside County line to Interstate 15 including two express lane connectors:
From eastbound State Route 91 to southbound Interstate 15 and from northbound Interstate 15 to westbound State Route 91. Alternative 2 also proposes to add express lane connectors from eastbound State Route 91 to northbound Interstate 15 and from southbound Interstate 15 to westbound State Route 91. Alternative 2 would also add one tolled express lane in each direction on Interstate 15 extending from the proposed express lane connectors north to Hidden Valley Parkway and south to Caja de Aliso Road. The No-Build Alternative would generally maintain the current configuration of State Route 91 and Interstate 15. The Notice of Intent was published in the Federal Register on July 3, 2008. The project’s termini on State Route 91 is at State Route 241 on the west and Pierce Street on the east. On Interstate 15, the project’s termini are Hidden Valley Parkway on the north and Caja de Aliso on the south. The project segment of State Route 91 extends approximately 14 miles and approximately 6 miles on Interstate 15. Anticipated Federal approvals include, Modified Access Report to the Interstate System, Air Quality Conformity, Section 7 consultation for Threatened and Endangered Species, and a Section 404 Quality Conformity, Section 7 Report to the Interstate System, Air Quality Conformity, Section 7 consultation for Threatened and Endangered Species, and a Section 404

### DEPARTMENT OF TRANSPORTATION

#### Maritime Administration

**[Docket No. MARAD–2011 0067]**

**Requested Administrative Waiver of the Coastwise Trade Laws**

**AGENCY:** Maritime Administration, Department of Transportation.

**ACTION:** Invitation for public comments on a requested administrative waiver of the Coastwise Trade Laws for the vessel KINGFIN.

**SUMMARY:** As authorized by 46 U.S.C. 12121, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below. The complete application is given in DOT docket MARAD–2011–0067 at http://www.regulations.gov. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD’s regulations at 46 CFR part 338 (68 FR 23084, April 30, 2003), that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter’s interest in the waiver application, and address the waiver criteria given in §388.4 of MARAD’s regulations at 46 CFR part 388.

**DATES:** Submit comments on or before June 27, 2011.

**ADDRESSES:** Comments should refer to docket number MARAD–2011–0067. Written comments may be submitted by hand or by mail to the Docket Clerk, U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590. You may also send comments electronically via the Internet at http://www.regulations.gov. All comments will become part of this docket and will be available for inspection and copying at the above address between 10 a.m. and 5 p.m., E.T., Monday through Friday, except Federal holidays. An electronic version of this document and all documents entered into this docket is available on the World Wide Web at http://www.regulations.gov.

**FOR FURTHER INFORMATION CONTACT:** Joann Spittle, U.S. Department of Transportation, Maritime Administration, 1200 New Jersey Avenue, SE., Room W21–203, Washington, DC 20590. Telephone 202–366–5979, E-mail Joann.Spittle@dot.gov.

**SUPPLEMENTARY INFORMATION:** As described by the applicant the intended service of the vessel ADIOS is: "Intended Commercial Use of Vessel: ‘Intended for personal use. However, coastalized trade endorsement is being sought so the vessel can be incorporated in the U.S.’"
