Overview of This Information Collection

(1) *Type of Information Collection:* Extension and minor revision currently approved collection.

(2) *Title of the Form/Collection:* Summary of Sentenced Population Movement—National Prisoner Statistics

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* Form number: NPS-1B. Office of Justice Programs, U.S. Department of Justice.

(4) *Affected public who will be asked to respond, as well as a brief abstract:* Primary: State Departments of Corrections. Others: The Federal Bureau of Prisons. For the NPS-1B form, 51 central reporters (one from each and the Federal Bureau of Prisons) responsible for keeping records on inmates will be asked to provide information for the following categories:

(a) As of December 31, the number of male and female inmates within their custody and under their jurisdiction with maximum sentences of more than one year, one year or less; and unsentenced inmates;

(b) The number of inmates housed in privately operated facilities, county or other local authority correctional

facilities, or in other state or Federal facilities on December 31;

(c) Prison admission information in the calendar year for the following categories: new court commitments, parole violators, other conditional release violators returned, transfers from other jurisdictions, AWOLs and escapees returned, and returns from appeal and bond;

(d) Prison release information in the calendar year for the following categories: expirations of sentence, commutations, other conditional releases, probations, supervised mandatory releases, paroles, other conditional releases, deaths by cause, AWOLs, escapes, transfers to other jurisdictions, and releases to appeal or bond;

(e) Number of inmates under jurisdiction on December 31 by race and Hispanic origin;

(f) Number of inmates in custody classified as non-citizens and/or under 18 years of age;

(g) Testing of incoming inmates for HIV; and HIV infection and AIDS cases on December 31; and

(h) The aggregate rated, operational, and design capacities, by sex, of each State's correctional facilities at year-end.

The Bureau of Justice Statistics uses this information in published reports and for the U.S. Congress, Executive Office of the President, practitioners, researchers, students, the media, and others interested in criminal justice statistics.

(5) *An estimate of the total number of respondents and the amount of time needed for an average respondent to respond to both forms:* 51 respondents each 6.5 hours for the NPS-1B. Burden hours are down by 76 hours since the last clearance because we are eliminating the NPS-1A midyear counts to reduce redundancy. We plan to establish a series of rotating short forms to replace the NPS-1A which will collect data on special topics, such as mental health, medical problems, and reentry, but these forms are in the working stages. A supplemental approval and burden adjustment will be sought through OMB when the materials are ready for review.

(6) *An estimate of the total public burden (in hours) associated with the collection:* 332 annual burden hours.
