DEPARTMENT OF THE INTERIOR  
Bureau of Reclamation  

Buy American Exception Under the American Recovery and Reinvestment Act of 2009  
AGENCY: Bureau of Reclamation, Interior.  
ACTION: Notice of approval.  
SUMMARY: This notice provides information regarding the Bureau of Reclamation (Reclamation) approval of the Buy American waiver requested by the Deschutes River Conservancy (DRC) to purchase foreign-produced ductile iron flanges also known as bolt rings used to connect high-density polyethylene (HDPE) and polyvinyl chloride (PVC) pipe as part of the American Recovery and Reinvestment Act of 2009 (ARRA) for Three Sisters Irrigation District (TSID) Phase III—Main Canal piping project located in Sisters, Oregon. These ductile iron flanges are not currently available in the United States and are necessary for the construction of the TSID project and associated construction schedule. The DRC and TSID engineers conducted market research for the domestic ductile iron flange production industry and determined there is currently no domestic availability for ductile iron flanges for use with HDPE and PVC pipe.

DATES: The effective date of the Buy American Waiver approval was May 11, 2011.

FOR FURTHER INFORMATION CONTACT: Wilson Orvis, Financial Assistance Analyst—Acquisition and Assistance Management Division, Bureau of Reclamation, Denver Federal Center, Building 56, Room 1013, P.O. Box 25007 (84–27820), Denver, CO 80225–0007. Telephone: (303) 445–2444, or via e-mail at worvis@usbr.gov.

SUPPLEMENTARY INFORMATION:  
Background  
Congress has enacted a Buy American provision which requires manufactured goods permanently incorporated into a project funded with American Recovery and Reinvestment Act of 2009 (ARRA) funds to be produced in the United States. The application of Buy American is triggered by the obligation of Federal ARRA funds to a project. Once ARRA funds are obligated to a project, then all iron, steel, and manufactured goods incorporated into the project must be produced in the United States. Under 2 CFR 176.80(a), the head of the Federal department or agency may waive the Buy American requirements for specific products on an ARRA funded construction project when Buy American is inconsistent with the public interest; such materials and products are not produced in the United States in sufficient and reasonably available quantities and of satisfactory quality; or inclusion of domestic material will increase the cost of the overall project contract by more than 25 percent.  
The waiver process is initiated by a requesting organization when it believes that a waiver is warranted pursuant to any of the three waiver provisions under 2 CFR 176.80(a). The DRC submitted a Buy American waiver request based on the waiver provision under 2 CFR 176.80(a)(1)—Nonavailability. The project requirements specified the use of ductile iron flanges that were determined through industry research conducted by DRC and TSID to not be domestically available. Based on the confirmation that these ductile iron flanges used with HDPE pipe are not currently available, Reclamation approved the Buy American waiver request.
Reclamation’s publication of its Buy American decision is required pursuant to the Buy American Act, 2 CFR 176.80(b)(2).

Upon publication of this Federal Register notice, Reclamation is notifying the public of the decision to approve the Buy American waiver requested by the DRC to purchase foreign ductile iron flanges as part of the American Recovery and Reinvestment Act of 2009 (ARRA) grant for the TSID Phase III Main Canal piping project located in Sisters, Oregon.

Dated: May 20, 2011.

Grayford F. Payne,
Deputy Commissioner—Policy, Administration and Budget, Bureau of Reclamation.

INTERNATIONAL TRADE COMMISSION

Investigation Nos. [731–TA–1186–1187] (Preliminary)

Certain Stilbenic Optical Brightening Agents From China and Taiwan

Determinations

On the basis of the record 1 developed in the subject investigation, the United States International Trade Commission (Commission) determines, pursuant to section 733(a) of the Tariff Act of 1930 (19 U.S.C. 1673b(a)) (the Act), that there is a reasonable indication that an industry in the United States is materially injured by reason of LTFV imports of certain stilbenic optical brightening agents from China and Taiwan. Accordingly, effective March 31, 2011, the Commission instituted antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Background

On March 31, 2011, a petition was filed with the Commission and Commerce by Clariant Corp., Charlotte, NC, alleging that an industry in the United States is materially injured by reason of LTFV imports of certain stilbenic optical brightening agents from China and Taiwan. Accordingly, on April 29, 2011, the Commission instituted antidumping duty investigation Nos. 731–TA–1186–1187 (Preliminary).

Notice of the institution of the Commission’s investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the Federal Register of April 7, 2011 (76 FR 19383). The conference was held in Washington, DC, on April 21, 2011, and all persons who requested the opportunity were permitted to appear in person or by counsel.

Issued: May 23, 2011.

By order of the Commission.

James R. Holbein,
Secretary to the Commission.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337–TA–714]

In the Matter of Certain Electronic Devices With Multi-Touch Enabled Touchpads and Touchscreens; Notice of Request for Statements on the Public Interest

Section 337 of the Tariff Act of 1930 provides that if the Commission finds a violation it shall exclude the articles concerned from the United States:

Unless, after considering the effect of such exclusion upon the public health and welfare, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, and United States consumers, it finds that such articles should not be excluded from entry.

The Commission is interested in further development of the record on the public interest in its investigations. Accordingly, the parties are invited to file submissions of no more than five (5) pages concerning the public interest in light of the administrative law judge’s Recommended Determination on Remedy and Bonding issued in this investigation on April 29, 2011. Comments should address whether issuance of a limited exclusion order and/or a cease and desist order in this investigation could affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

(i) Explain how the articles potentially subject to the orders are used in the United States;
(ii) identify any public health, safety, or welfare concerns in the United States relating to the potential orders;
(iii) indicate the extent to which like or directly competitive articles are produced in the United States or are otherwise available in the United States, with respect to the articles potentially subject to the orders;
(iv) indicate whether Complainant, Complainant’s licensees, and/or third party suppliers have the capacity to replace the volume of articles potentially subject to an exclusion order and a cease and desist order within a commercially reasonable time; and
(v) indicate whether the limited exclusion order and/or cease and desist

---

1 The record is defined in section 207.2(f) of the Commission’s Rules of Practice and Procedure (19 CFR 207.2(f)).
