consensus standards” (VCS) if available and applicable when developing programs and policies unless doing so would be inconsistent with applicable law or otherwise impractical.

The EPA believes that VCS are applicable to this action. Today’s action does not require the public to perform activities conducive to the use of VCS.

[FRL–9313–3]

Public Meeting: Preliminary Regulatory Determinations for the Third Contaminant Candidate List (CCL 3)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Announcement of meeting.

SUMMARY: The 1996 Safe Drinking Water Act Amendments require the EPA to determine every five years, whether to regulate at least five contaminants from the current Contaminant Candidate List (CCL) with a national primary drinking water regulation. The process of making decisions about whether to regulate any of the unregulated contaminants on the CCL is called Regulatory Determinations. On October 8, 2009, EPA published the third Contaminant Candidate List (CCL 3) containing 116 unregulated contaminants. The Agency is currently in the preliminary process of deciding whether to regulate at least five CCL 3 contaminants (i.e., Regulatory Determinations 3). The purpose of this notice is to announce that EPA will be hosting a public stakeholder meeting on June 16, 2011, from 1 p.m. to 5 p.m., to discuss and obtain input on EPA’s process for Regulatory Determination 3 along with the contaminants and the technical information that the Agency is considering. EPA expects to publish the preliminary regulatory determinations for at least five CCL 3 contaminants in mid-2012 and final regulatory determinations by August 2013.

DATES: The public meeting will be held in the Washington, DC metropolitan area on Thursday, June 16, 2011, from 1 p.m. to 5 p.m., Eastern Daylight Savings Time. Participants will be notified of the specific meeting room upon confirmation of registration.
