

ADDRESSES: The meeting will begin and conclude at the Red Rock Visitor Center, 8375 SR 179, Sedona, Arizona 86351.

FOR FURTHER INFORMATION CONTACT: Connie Birkland, Red Rock Ranger District Public Affairs Specialist, P.O. Box 20429, Sedona, Arizona 86341; phone 928-203-7505, or Dorothea Boothe, BLM RAC Coordinator, One North Central Avenue, Suite 800, Phoenix, Arizona 85004; phone 602-417-9504. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 800-877-8339 to contact the above individuals during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individuals. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The 15-member Council advises the Secretary of the Interior, through the BLM, on a variety of planning and management issues associated with public land management in Arizona. In conformance with the Federal Lands Recreation Enhancement Act (Title 16 of the United States Code, Part 6801 *et seq.*), the U.S. Forest Service (FS) will present a proposal for a change to the Red Rock Pass Program. The RRAC Work Group will review the fee proposal and provide feedback on the information and analysis provided and/or proposal modifications. The FS plans to bring the proposal to the full Arizona RAC at their next meeting in August. The RRAC Work Group's role is to hear the FS fee proposal and public comments and determine if the proposal is ready for consideration by the full RRAC or if additional work is needed. The meeting will begin with a welcome and introduction of the BLM RRAC Work Group and participating FS attendees. A field trip to the Red Rock Pass Program area will follow, and the day will conclude with a presentation and discussion of the Red Rock Pass fee proposal at the Red Rock Visitor Center.

Members of the public are welcome to attend the meeting and field trip. However, the participating public must provide personal transportation for the field trip which is expected to run from 8:45 a.m.–1:45 p.m. The meeting is expected to run from 2–5:30 p.m. A public comment period is scheduled from 3:30–4:15 p.m. for any interested members of the public who wish to address the RRAC Working Group on the Red Rock Pass fee proposal. Written comments may be sent to the RRAC Work Group at the BLM address listed above or by e-mail at ASOWEB_AZ@blm.gov for use at the

RRAC Work Group meeting. All comments addressing this meeting will be shared with the BLM Arizona RAC. A final meeting agenda will be available two weeks prior to the meeting and posted on the BLM RAC *Web site at: <http://www.blm.gov/az/st/en/res/rac.html>*. Individuals who need special assistance such as sign language interpretation or other reasonable accommodations should contact the BLM RAC Coordinator listed above no later than two weeks before the start of the meeting.

Under the Federal Lands Recreation Enhancement Act, the RAC has been designated as the RRAC, and has the authority to review all BLM and FS recreation fee proposals in Arizona.

James G. Kenna,
State Director.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[LLCA930000.L58790000.EU0000; CACA 050512]

Notice of Realty Action: Competitive Sale of Public Lands in Lake County, CA

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of realty action.

SUMMARY: The Bureau of Land Management (BLM) Ukiah Field Office proposes to sell an 80-acre parcel of public land in Lake County, California. The sale will be conducted as a competitive bid auction in which interested bidders must submit written sealed bids equal to, or greater than, the appraised fair market value of the land.

DATES: Comments regarding the proposed sale must be received by the BLM on or before July 11, 2011. Sealed bids must be received no later than 3 p.m., Pacific Standard Time (PST), on August 29, 2011, at the address specified below. Other deadline dates for payments are specified in the Supplementary Information section below. Sealed bids will be opened on August 30, 2011, which will be the sale date.

ADDRESSES: Written comments concerning the proposed sale should be sent to the Field Manager, BLM Ukiah Field Office, 2550 North State Street, Ukiah, CA 95482. Sealed bids must also be submitted to this address. More detailed information regarding the proposed sale and the land involved,

including maps and current appraisal may be reviewed during normal business hours between 8 a.m. and 4 p.m. at the Ukiah Field Office.

FOR FURTHER INFORMATION CONTACT: Alice Vigil, Realty Specialist (707) 468-4082 or via e-mail at alice_vigil@ca.blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The following public land is proposed for competitive sale in accordance with Sections 203 and 209 of the Federal Land Policy and Management Act (FLPMA) (43 U.S.C. 1713 and 1719):

Mount Diablo Meridian

T. 12 N., R. 6 W.,

Sec. 15, SW $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$.

The area described contains 80 acres, more or less, in Lake County.

This land has been identified as suitable for disposal in the BLM's September 2006 Ukiah Resource Management Plan (RMP), as amended, and is not needed for any Federal purpose. The purpose of the sale is to dispose of land which is difficult and uneconomic to manage. Although the land is adjacent to other public land that has been identified for retention in the RMP, the lands proposed for sale are considered to be difficult and uneconomic to manage because ongoing public use of an access road has contributed to trespass on adjacent private land. Disposal of this land would be in the public interest.

The BLM has completed a mineral potential report which concluded that, with the exception of oil, gas and geothermal resources, there are no known mineral values in the land. The BLM proposes to reserve oil, gas and geothermal mineral interests to the United States and convey all other Federal mineral interests with the sale of the land. On June 1, 2011, the above described land will be segregated from appropriation under the public land laws, including the mining laws, except the sale provisions of the FLPMA. Until completion of the sale or termination of the segregation, the BLM will no longer accept land use applications affecting the public land, except applications for the amendment of previously filed right-of-way (ROW) applications or existing authorizations to increase the term of

the grants in accordance with 43 CFR 2807.15. The segregation will terminate upon issuance of a patent, publication in the **Federal Register** of a termination of the segregation on June 1, 2013, unless extended by the BLM State Director in accordance with 43 CFR 2711.1–2(d) prior to the termination date. Proceeds from the sale will be deposited into the Federal Land Disposal Account, pursuant to the Federal Land Transaction Facilitation Act of July 25, 2000. The land would not be sold until at least July 26, 2011. Any patent issued would contain the following terms, conditions, and reservations:

1. A reservation of a right-of-way to the United States for ditches and canals constructed by authority of the United States under the Act of August 30, 1890 (43 U.S.C. 945).

2. A reservation of all oil, gas and geothermal mineral resources to the United States together with the right to prospect for, mine and remove such mineral resources under applicable law and any regulations as the Secretary of the Interior may prescribe, along with all necessary access and exit rights.

3. Subject to the following existing rights of way (ROW); a ROW for a fiber optic cable issued under serial number CACA 19384, a ROW for an access road issued under serial number CACA 40026, a ROW for a well and windmill issued under serial number CACA 47133, a ROW for a 115-kV power line issued under serial number CACA 14669, and a ROW for a county road issued under serial number CACA 14470.

4. An appropriate indemnification clause protecting the United States from claims arising out of the patentee's use and occupancy of the patented lands.

5. Additional terms and conditions that the authorized officer deems appropriate.

The ROWs listed in 3 above may be replaced by permanent easements prior to conveyance. The parcel may be subject to applications for ROWs received prior to publication of this Notice if processing the application would not adversely affect the marketability or appraised value of the land. Case files containing details on the existing ROWs are available for review at the Ukiah Field Office.

Interested bidders are advised to obtain an Invitation For Bids (IFB) from the BLM Ukiah Field Office at the address above or by calling (707) 468–4082. Bidders must follow the instructions in the IFB to participate in the bidding process. Sealed bids must be for not less than the Federally approved fair market value. Each sealed

bid must include a certified check, money order, bank draft, or cashier's check made payable in U.S. dollars to the order of the Bureau of Land Management, for 10 percent of the amount of the bid. The highest qualifying bidder among the qualified bids received for the sale will be declared the high bid and the high bidder will receive written notice. Bidders submitting matching high bid amounts will be provided an opportunity to submit supplemental bids. The Ukiah Field Manager will determine the method of supplemental bidding, which may be by oral auction or additional sealed bids. The successful bidder must submit the remainder of the full bid price in the form of a certified check, money order, bank draft, or cashier's check made payable in U.S. dollars to the Bureau of Land Management prior to the expiration of 180 days from the date of the sale. Personal checks will not be accepted. Failure to submit the full bid price prior to, but not including, the 180th day following the day of the sale will result in the forfeiture of the 10 percent bid deposit to the BLM in accordance with 43 CFR 2711.3–1(d). No exceptions will be made. The BLM will return checks submitted by unsuccessful bidders by U.S. mail. The BLM may accept or reject any or all offers, or withdraw any parcel of land or interest therein from sale, if, in the opinion of the BLM authorized officer, consummation of the sale would not be fully consistent with FLPMA or other applicable law or is determined to not be in the public interest. Under Federal law, public lands may only be conveyed to U.S. citizens 18 years of age or older; a corporation subject to the laws of any State or of the United States; a State, State instrumentality, or political subdivision authorized to hold property, or an entity legally capable of conveying and holding lands under the laws of the State of California. Certification of qualifications, including citizenship or corporation or partnership, must accompany the sealed bid. A bid to purchase the land will constitute an application for conveyance of the mineral interests of no known value, and in conjunction with the final payment, the high bidder will be required to pay a \$50 non-refundable filing fee and any applicable administrative costs for processing the conveyance of the mineral interests.

If not sold, the land described in this Notice may be identified for sale later without further legal notice and may be offered for sale by sealed bid, Internet auction, or oral auction. In order to determine the value, through appraisal,

of the land proposed to be sold, certain extraordinary assumptions may have been made of the attributes and limitations of the lands and potential effects of local regulations and policies on potential future land uses. Through publication of this Notice, the BLM gives notice that these assumptions may not be endorsed or approved by units of local government. It is the buyer's responsibility to be aware of all applicable local government policies, laws, and regulations that would affect the lands, including any required dedication of lands for public uses. It is also the buyer's responsibility to be aware of existing or projected uses of nearby properties. When conveyed out of Federal ownership, the lands will be subject to any applicable reviews and approvals by the respective unit of local government for proposed future uses, and any such reviews and approvals will be the responsibility of the buyer. Any land lacking access from a public road or highway will be conveyed as such, and future access acquisition will be the responsibility of the buyer.

Detailed information concerning the proposed land sale including the reservations, sale procedures and conditions, appraisal, planning and environmental documents, and a mineral report are available for review at the location identified in **ADDRESSES** above.

Public Comments regarding the proposed sale may be submitted in writing to the attention of the BLM Ukiah Field Manager (see **ADDRESSES** above) on or before July 18, 2011. Comments received in electronic form, such as e-mail or facsimile, will not be considered. Any adverse comments regarding the proposed sale will be reviewed by the BLM State Director or other authorized official of the Department of the Interior, who may sustain, vacate, or modify this realty action in whole or in part. In the absence of timely filed objections, this realty action will become the final determination of the Department of the Interior.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so.

Authority: 43 CFR 2711.1–2(a) and (c).

Deputy State Director, Natural Resources.

The public record for these reviews may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On June 28, 1993, the Department of Commerce (“Commerce”) issued an antidumping duty order on imports of helical spring lock washers from Taiwan (58 FR 34567). On October 19, 1993, Commerce issued an antidumping duty order on imports of helical spring lock washers from China (58 FR 53914). Following first five-year reviews by Commerce and the Commission, effective February 23, 2001, Commerce issued a continuation of the antidumping duty orders on imports of helical spring lock washers from China and Taiwan (66 FR 11255). Following second five-year reviews by Commerce and the Commission, effective July 3, 2006, Commerce issued a continuation of the antidumping duty orders on imports of helical spring lock washers from China and Taiwan (71 FR 37904). The Commission is now conducting third reviews to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission's determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to these reviews:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by the Department of Commerce.

(2) The *Subject Countries* in these reviews are China and Taiwan.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the Subject Merchandise. In its original determinations, its full first five-year review determinations, and its

expedited second five-year review determinations, the Commission defined the Domestic Like Product as helical spring lock washers of all sizes and metals.

(4) The *Domestic Industry* is the U.S. producers as a whole of the Domestic Like Product, or those producers whose collective output of the Domestic Like Product constitutes a major proportion of the total domestic production of the product. In its original determinations, its full first five-year review determinations, and its expedited second five-year review determinations, the Commission defined the Domestic Industry as all domestic producers of helical spring lock washers.

(5) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the Subject Merchandise into the United States from a foreign manufacturer or through its selling agent.

Participation in the reviews and public service list.—Persons, including industrial users of the Subject Merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the reviews as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the reviews.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation. The Commission's designated agency ethics official has advised that a five-year review is not considered the “same particular matter” as the corresponding underlying original investigation for purposes of 18 U.S.C. 207, the post employment statute for Federal employees, and Commission rule 201.15(b)(19 CFR 201.15(b)), 73 FR 24609 (May 5, 2008). This advice was developed in consultation with the Office of Government Ethics. Consequently, former employees are not required to seek Commission approval to appear in a review under Commission rule 19 CFR 201.15, even if the corresponding underlying original investigation was pending when they were Commission employees. For further ethics advice on this matter,
