Title: Pesticide Program Public Sector Collections (FIFRA sections 18 & 24(c)).
ICR Numbers: EPA ICR No. 2311.01, OMB Control No. 2070-New.

ICR Status: This ICR reflects the combination of the following two currently approved ICRs: "Applications

and Summary Report for Emergency Exemption" (EPA ICR No. 0596.08, OMB Control No. 2070-0032), which is scheduled to expire July 31, 2012, and "Notice of Pesticide Registration by States to Meet a Special Local Need" (EPA ICR No. 0595.08, OMB Control No. 2070-0055), which is scheduled to expire March 31, 2013.

Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register**, or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers for certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: This ICR covers the paperwork burden associated with pesticide registration requests made by States, U.S. Territories, or Federal Agencies. Specifically, this ICR covers emergency requests for exemptions to allow for an unregistered use of a pesticide, and requests by States to register a pesticide to meet a special local need (SLN). Section 18 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) authorizes EPA to process and grant emergency exemptions to States and Federal agencies to allow an unregistered use of a pesticide for a limited time if EPA determines that emergency conditions exist including granting unregistered pesticide use exemptions for public health and quarantine reasons. Section 24(c) of FIFRA authorizes the States to register additional uses of federally registered pesticides for distribution and use within the State to meet a SLN.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 49,500 hours annually for State government "applicants" for the FIFRA Section 18 program and is estimated to average 36.036 hours annually for applicants under the FIFRA Section 24(c). The new ICR reflects a combined total of 85,536 burden hours annually. Burden is defined at 5 CFR 1320.3(b).

Estimated Number of Respondents: 1,193.

Frequency of Response: On occasion.

Estimated Total Annual Hour Burden: 85,536 hours.

Estimated Total Annual Cost: \$4,874,015. This ICR does not involve any capital investment or maintenance and operational costs.

Changes in the Estimates: The combination of the currently approved ICRs is not expected to result in an overall decrease or increase of the 85,536 hours in the total estimated combined respondent burden that is currently approved by OMB.

Dated: May 24, 2011.

John Moses,

Director, Collection Strategies Division.
