Notice of Intent To Prepare an Environmental Impact Statement for Domestic Sheep Grazing Allotments for Term Grazing Permit Renewals in the Southern San Luis Valley, CO

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Intent.

SUMMARY: In compliance with the National Environmental Policy Act of 1969 (NEPA), as amended, and the Federal Land Policy and Management Act of 1976 (FLPMA), as amended, the Bureau of Land Management (BLM), La Jara Field Office, La Jara, Colorado, intends to prepare an Environmental Impact Statement (EIS) related to the potential renewal of domestic sheep grazing permits on 12 allotments and 1 cattle grazing allotment in the southern San Luis Valley. This notice initiates the scoping process to solicit public comments and identify issues relevant to the EIS.

DATES: Comments on issues may be submitted in writing until July 5, 2011. The date(s) and location(s) of any scoping meetings will be announced at least 15 days in advance through local media, newspapers, and the BLM Web site at: [http://www.blm.gov/co/st/en/fo/ slvplc.html](http://www.blm.gov/co/st/en/fo/slvplc.html). In order to be included in the Draft EIS, all comments must be received prior to the close of the 30-day scoping period or 30 days after the last public meeting, whichever is later. The BLM will provide additional opportunities for public participation upon publication of the Draft EIS.

ADDRESSES: You may submit comments on issues and planning criteria related to the project by any of the following methods:

- E-mail: slvplc_comments@blm.gov.
- Fax: 719–655–2502.

- Mail: Saguache Public Lands Office, 46525 Highway 114, Saguache, Colorado 81149, Attention Mark Swinney.

Documents pertinent to this proposal are available at the BLM Saguache Public Lands Office.

FOR FURTHER INFORMATION CONTACT: Mark Swinney, Project Manager, telephone 719–655–6105; address 46525 Highway 114, Saguache, Colorado 81149; e-mail mswinney@blm.gov. SUPPLEMENTARY INFORMATION: Term permits on 12 sheep grazing and 1 cattle grazing allotments located in Conejos and Rio Grande Contus either are or will be expiring in the future. Existing permits allow grazing in or adjacent to Rocky Mountain big horn sheep habitat. In connection with the potential renewal of these permits, the BLM is initiating an EIS. The EIS will analyze domestic sheep grazing in or adjacent to Rocky Mountain bighorn sheep habitat and will consider potential mitigation measures that can be implemented in permit renewals for these 13 allotments. The purpose of the public scoping process is to determine relevant issues that will influence the scope of the Environmental analysis in the EIS, including alternatives, and guide the process. Preliminary issues identified by BLM personnel; Federal, state, and local agencies; and other stakeholders, include:

- Potential disease transmission from the interaction between Rocky Mountain bighorn sheep and domestic sheep;
- History, distribution, location, and population trends of bighorn sheep herds in the project area;
- Protection of Threatened and Endangered and Special Status Species;
- Maintaining land health standards;
- Desired future conditions of aquatic, riparian, and terrestrial species and communities; and
- Protection of cultural resources and archaeological values (prehistoric and historic) of the area.

The BLM will utilize and coordinate the NEPA commenting process to satisfy the public involvement process for Section 106 of the National Historic Preservation Act (16 U.S.C. 470f) as provided for in 36 CFR 800.2(d)(3).

Native American tribal consultations will be conducted in accordance with policy, and Tribal concerns will be given due consideration, including impacts on Indian trust assets.

Federal, State, and local agencies, along with other stakeholders that may be interested or affected by the BLM’s decision on this project, are invited to participate in the scoping process and, if eligible, may request or be requested by the BLM to participate as a cooperating agency.

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that our electronic systems cannot guarantee that we will be able to do so.

Notice of Realty Action: Recreation and Public Purposes Act Classification and Conveyance of Public Lands in Garfield County, CO

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Realty Action.

SUMMARY: The Bureau of Land Management (BLM), Colorado River Valley Field Office, examined approximately 62.5 acres of public land in Garfield County, Colorado, and found the land suitable for classification for conveyance under the provisions of the Recreation and Public Purposes Act (R&P). The City of Glenwood Springs proposes to use the land to expand its existing South Canyon Landfill.

DATES: Interested parties may submit written comments regarding the proposed conveyance or classification on or before July 18, 2011.

ADDRESSES: Comments should be sent to Steve Bennett, Field Manager, BLM Colorado River Valley Field Office, 2300 River Frontage Road, Silt, Colorado 81652.

FOR FURTHER INFORMATION CONTACT: Carole Huey, Realty Specialist, at the address above or by telephone at (970) 876–9023 or e-mail chuey@blm.gov.

SUPPLEMENTARY INFORMATION: The BLM examined and found the following public land in Garfield County, Colorado, suitable for classification for conveyance to the City of Glenwood Springs under the provisions of the R&P Act, as amended (43 U.S.C. 869 et seq.), and the Taylor Grazing Act, 43 U.S.C. 315(f) (classification) and Executive Order No. 6910:

W¼ SW¼ NE¼,
W¼ NW¼ NE¼,
SE¼ NW¼ SW¼,
S¼ NW¼ SW¼.

The area described contains approximately 62.5 acres in Garfield County.

The land is not needed for any Federal purpose. The conveyance is consistent with the BLM Glenwood Springs Record of Decision and Approved Resource Management Plan dated January 1984, which was revised in 1988, and would be in the public interest.

In accordance with the R&P Act, the City of Glenwood Springs filed an R&P application to develop the above described land as an expansion of its South Canyon Landfill.

The City of Glenwood Springs submitted a statement in compliance with the regulations (43 CFR 2741.4(b)) implementing the R&P Act. The City of Glenwood Springs proposes to use the land to expand its existing landfill. Transferring 62.5 acres under the R&P Act would allow the City to conform to the State of Colorado’s Hazardous Materials and Waste Management Division under Subtitle D. In addition, the City of Glenwood Springs would have full control of surface water on the expanded South Canyon site. The proposed expansion would extend the life of South Canyon Landfill by 20 to 25 years in a cost effective manner.

The conveyance, if issued, will be subject to the provisions of the R&P Act and applicable regulations, including, but not limited to, 43 CFR Part 2743, and will be subject to the...
