**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of realty Action.

**SUMMARY:** The Bureau of Land Management (BLM), Colorado River Valley Field Office, examined approximately 62.5 acres of public land in Garfield County, Colorado, and found the land suitable for classification for conveyance under the provisions of the Recreation and Public Purposes Act (R&PP). The City of Glenwood Springs proposes to use the land to expand its existing South Canyon Landfill.

**DATES:** Interested parties may submit written comments regarding the

**SUPPLEMENTARY INFORMATION:** The BLM examined and found the following public land in Garfield County, Colorado, suitable for classification for conveyance to the City of Glenwood Springs under the provisions of the R&PP Act, as amended (43 U.S.C. 869 *et seq.*), and the Taylor Grazing Act, 43 U.S.C. 315(f) (classification) and Executive Order No. 6910:

The area described contains approximately 62.5 acres in Garfield County.

The land is not needed for any Federal purpose. The conveyance is consistent with the BLM Glenwood Springs Record of Decision and Approved Resource Management Plan dated January 1984, which was revised in 1988, and would be in the public interest.

In accordance with the R&PP Act, the City of Glenwood Springs filed an R&PP application to develop the above described land as an expansion of its South Canyon Landfill.

The City of Glenwood Springs submitted a statement in compliance with the regulations (43 CFR 2741.4(b)) implementing the R&PP Act. The City of Glenwood Springs proposes to use the land to expand its existing landfill. Transferring 62.5 acres under the R&PP Act would allow the City to conform to the State of Colorado's Hazardous Materials and Waste Management Division under Subtitle D. In addition, the City of Glenwood Springs would have full control of surface water on the expanded South Canyon site. The proposed expansion would extend the life of South Canyon Landfill by 20 to 25 years in a cost effective manner.

The conveyance, if issued, will be subject to the provisions of the R&PP Act and applicable regulations, including, but not limited to, 43 CFR Part 2743, and will be subject to the
