SUPPLEMENTARY INFORMATION: Executive Order 13563 recognizes the importance of maintaining a consistent culture of retrospective review and analysis throughout the executive branch. Pursuant to the Executive Order, the Department of Defense (DoD) is developing a preliminary plan for the periodic review of its existing regulations and reporting obligations. DoD's plan is designed to create a defined method and schedule for identifying certain significant rules that are obsolete, unnecessary, unjustified, excessively burdensome, or counterproductive. Its review processes are intended to facilitate the identification of rules that warrant repeal or modification, or strengthening, complementing, or modernizing rules where necessary or appropriate. The preliminary plan, along with this request for information and previously received public comments, will be available on <http://www.regulations.gov> for public comment in the docket DOD-2011-OS-0036.

The Department of Defense is committed to the principles of retrospective analysis in order to improve the effectiveness of the implementation of its regulations, improve transparency in the regulatory process through public participation, and to provide transparent documentation of its analysis. Consistent with the Department's commitment to public participation in the rulemaking process, the Department is soliciting views from the public on how best to conduct its analysis of existing DoD rules and how best to identify those rules that might be modified, streamlined, expanded, or

repealed. It is also seeking views from the public on specific rules or Department-imposed obligations that should be altered or eliminated. DoD regulations may be viewed by going to the eCFR at <http://ecfr.gpoaccess.gov> and searching titles 2, 5, 32, 33, 36, 40, and/or 48.

The Department notes that this request for information is issued solely for information and program-planning purposes. While responses to this request do not bind the Department of Defense to any further actions related to the response, all submissions will be made publically available on <http://www.regulations.gov>.
