importantly, to foster dialogue among members of the public.

DHS has incorporated the public input in developing its Preliminary Plan. The Preliminary Plan establishes a process for identifying regulations that may be obsolete, unnecessary, unjustified, excessively burdensome, or counterproductive. The DHS retrospective review process will help identify rules that warrant repeal or modification, or strengthening, complementing, or modernizing, where necessary or appropriate. The DHS Preliminary Plan is available for viewing online at http://www.dhs.gov/xabout/open-government.shtm and http://www.regulations.gov. We welcome public comment on its content.

[Docket No. FDA–2011–F–0365]

BASF Corp.: Filing of Food Additive Petition (Animal Use): Methyl Esters of Conjugated Linoleic Acid; Silicon Dioxide

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice of petition.

SUMMARY: The Food and Drug Administration (FDA) is announcing that BASF Corp. has filed a petition proposing that the food additive regulations be amended to provide for the safe use of methyl esters of conjugated linoleic acid (CLA) as a source of fatty acids in lactating dairy cow diets. The petition proposes that the food additive regulations in part 573 Food Additives Permitted in Feed and Drinking Water of Animals (21 CFR part 573) to provide for the safe use of methyl esters of conjugated linoleic acid (cis-9, trans-11 and trans-10, cis-12 octadecadienoic acids) as a source of fatty acids in lactating dairy cow diets. BASF’s FAP 2269 further proposes the use of silicon dioxide as a carrier for methyl esters of CLA.

The potential environmental impact of this action is being reviewed. To encourage public participation consistent with regulations issued under the National Environmental Policy Act (40 CFR 1501.4(b)), the Agency is placing the environmental assessment submitted with the petition that is the subject of this notice on public display at the Division of Dockets Management for public review and comment.

Interested persons may submit to the Division of Dockets Management (see ADDRESSES) either electronic or written comments regarding this document. It is only necessary to send one set of comments. It is no longer necessary to send two copies of mailed comments. Identify comments with the docket number found in brackets in the heading of this document.
