PARTNERSHIP FUND FOR PROGRAM INTEGRITY INNOVATION TEMPLATE INSTRUCTIONS FOR PILOT IDEA SUMMARY

The first step in the Partnership Fund pilot selection process is the submission of a pilot idea summary. Pilot idea summaries may be submitted by anyone through the partner4solutions.gov Web site, www.partner4solutions.gov, or the partner4solutions@omb.eop.gov email address. Pilot ideas may be sent to an independent Collaborative Forum for further development into more detailed concept papers. OMB consults with the Federal Steering Committee in selecting pilot concepts and making funding decisions.

Below are instructions for completing a pilot idea summary. Completed pilot idea summaries should not be more than two pages in length.

PARTNERSHIP FUND FOR PROGRAM INTEGRITY INNOVATION PILOT IDEA: Name of Pilot Idea

1. Pilot Idea: Summarize the idea in 2–3 sentences.

2. ProgramsAffected:
   • Which programs are affected, either directly or indirectly? Ideally, an idea would address multiple programs and bridge multiple programmatic silos.
   • Are these federal, state, and/or local programs? An ideal submission would involve multiple states and/or communities in the development or eventual implementation of a pilot.

3. Measurable Impacts: How does the pilot impact each of the four goals of the Partnership Fund? A pilot should address as many of these goals as possible across multiple programs or test a solution that could later be applied to multiple programs.
   a) Improving payment accuracy
   b) Improving administrative efficiency
   c) Improving service delivery
   d) Reducing access barriers for eligible beneficiaries

4. Expected Outcomes and Measurement Methodologies:
   • What are the expectations and measures of success in relation to the four goals?
   • What are the possible quantitative and qualitative measures?
   • Could these outcomes be extrapolated to a larger environment?

5. Potential Partners or Sponsors:
   • Which stakeholders and/or key organizations are involved?
   • Does the proposed pilot have sufficient stakeholder buy-in?
   • Stakeholders could include federal, state, and local governments, and non-governmental organizations.

6. Estimated Operating Cost of Pilot:
   • How much would the pilot cost to implement?
   • Are there resources of matching or leveraged funds that could be used to support this pilot?
   • Is the Partnership Fund the most appropriate funding source for the pilot? All pilot ideas will be considered, but the Partnership Fund is targeting ideas that attempt to cut across multiple programs with multiple objectives, but have struggled to gain footing in existing program silos.

7. Estimated Impact on Program Costs:
   • What are the anticipated costs and/or savings for the various programs involved in the pilot?
   • If the pilot were to be scaled up, what are the anticipated costs/savings? Pilot ideas that increase program costs will be considered, but the Partnership Fund must comply with our statutory requirement to maintain overall cost neutrality.

8. Pilot Implementation Issues:
   • Is this pilot idea ready for immediate implementation, or does it require further refinement?
   • What is the timeframe in which the pilot would be conducted? The target time period for conducting the first round of pilots is 9–18 months.
   • What are possible implementation barriers (e.g., privacy issues)?
   • Is this pilot scalable? Successful ideas will demonstrate strong external validity and scalability.
   • Could this pilot be implemented under existing legislative authorities or mechanisms?
   • Are any administrative waivers required?

NATIONAL SCIENCE FOUNDATION
Notice of Intent To Seek Approval To Establish an Information Collection

AGENCY: National Science Foundation.

ACTION: Notice and Request for Comments.

SUMMARY: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the National Science Foundation (NSF) will publish periodic summaries of proposed projects.

DATES: Written comments on this notice must be received by August 5, 2011 to be assured of consideration. Comments received after that date will be considered to the extent practicable.

FOR ADDITIONAL INFORMATION OR COMMENTS: Contact Suzanne Plimpton, Acting Reports Clearance Officer, National Science Foundation, 4201 Wilson Boulevard, Suite 295, Arlington, Virginia 22230; telephone 703–292–7556; or send e-mail to splimpto@nsf.gov. Individuals who use telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 between 8 a.m. to 8 p.m., Eastern Time, Monday through Friday. You also may obtain a copy of the data collection instrument and instructions from Suzanne Plimpton.

SUPPLEMENTARY INFORMATION: Title of Collection: National Evaluation of the Alliances for Graduate Education and the Professoriate, program survey and interview and focus group protocols.

OMB Approval Number: 3145–New. Expiration Date of Approval: Not applicable.

Type of Request: Intent to seek approval to establish an information collection for three years.

Proposed Project: The Division of Human Resource Development of the Education and Human Resources Directorate (EHR/HRD) of the National Science Foundation has requested information on the Alliances for Graduate Education and the Professoriate (AGEP) Program. Funded by NSF, the AGEP Program currently funds 17 alliances of postsecondary institutions to promote the participation of underrepresented minority students in PhD programs in the fields of science, technology, engineering and mathematics (STEM). The ultimate goal of the program is to increase the number of underrepresented minorities in these fields who enter the professoriate. NSF seeks information from participants—that is, staff, students and faculty—to determine what influence the program has had on minority graduate students’ decisions to enroll in and graduate from STEM doctoral programs and enter the professoriate. NSF proposes a longitudinal approach to the evaluation that includes analysis of extant data sources (e.g., Survey of Earned Doctorates), virtual site visits with AGEP institutions, and a program survey. The virtual site visits will include up to 30 PhD granting universities (up to 10 each year in 2011, 2012, and 2013). These site visits include interviews with program staff and focus groups with students and faculty via videoconferencing or phone. The program survey will be completed once by each AGEP-funded institution. Estimate of Burden for Virtual Site Visits: The Foundation estimates that, on average, 90 minutes will be required to conduct each program staff interview (2 per institution) and 60 minutes will be required for each faculty or student focus group (6 participants per group per institution). The Foundation estimates a total of up to 90 (1.5 hr × 2 × 30) hours to complete all program staff interviews and up to 360 (1 hr × 12 × 30) hours to complete all faculty and student focus groups. The total burden hours is 450 for all respondents. Visited institutions will be selected
