BILLING CODE 4312-51-P

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Notice of Availability of the Final Environmental Impact Statement for the Madera Irrigation District Water Supply Enhancement Project Located in Madera County, California

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of availability.

SUMMARY: The Bureau of Reclamation (Reclamation) has prepared a Final Environmental Impact Statement (EIS) for the Madera Irrigation District Water Supply Enhancement Project (MID WSEP). Reclamation proposes to

approve the banking of up to 55,000 acre-feet per year of Central Valley Project (CVP) water outside the MID service area and the alteration of Reclamation-owned facilities. The total banking capacity of the MID WSEP is 250,000 acre-feet.

Portions of the 24.2 Canal, Section 8 Canal, Main Number 1 Canal, Cottonwood Creek, and Gravelly Ford Canal would be enlarged, extended, or improved. The MID WSEP would be completed in two phases. Phase 1 would involve recharge-related facilities only. Phase 2 would involve supplemental recharge facilities and facilities for recovery of banked water. The Final EIS addresses both phases.

DATES: Reclamation will not make a decision on the proposed action until at least 30 days after release of the Final EIS. After the 30-day waiting period, Reclamation will complete a Record of Decision (ROD). The ROD will state the action that will be implemented and will discuss all factors leading to the decision.

ADDRESSES: A compact disc or a copy of the Final EIS may be requested from Mr. Chuck Siek, Bureau of Reclamation, 1243 'N' Street, Fresno, CA 93721-1831, 559-487-5138, TDD 800-735-2929 or via e-mail at csiek@usbr.gov. The Final EIS is also available on the following Web site: http://www.usbr.gov/mp/nepa/nepa_projdetails.cfm?Project_ID=3128.

FOR FURTHER INFORMATION CONTACT: Mr. Chuck Siek, Bureau of Reclamation, 559-487-5138, TDD 800-735-2929, or via e-mail at csiek@usbr.gov. See **SUPPLEMENTARY INFORMATION** section for locations where copies of the Final EIS are available.

SUPPLEMENTARY INFORMATION: The MID WSEP is located in Madera County, California. To increase water storage, enhance water supply reliability and flexibility for current and future water demand, and reduce local overdraft, MID proposes to implement the WSEP. MID would bank CVP water and other imported water in the aquifer underlying Madera Ranch. In wet years, water would be banked in the overdrafted aquifer for use in dry years. To help alleviate the overdraft condition, 10 percent of the water banked would remain in the aquifer.

A Notice of Availability announcing the release of the Draft EIS was published in the **Federal Register** on July 27, 2009 (74 FR 37051). The written comment period on the Draft EIS ended September 25, 2009. The Final EIS contains responses to all comments received and reflects comments and any

additional information received during the review period.

The Draft EIS considered the direct, indirect, and cumulative effects on the physical, natural, and human environment that may result from the construction and operation of a water bank on Madera Ranch.

The Draft EIS addressed potentially significant environmental issues and recommends adequate and feasible mitigation measures to reduce or eliminate significant environmental impacts. The Draft EIS examined three banking alternatives as well as the no action alternative. A public meeting was held on August 27, 2009, in Madera, California.

The Final EIS includes a new alternative that was developed as a result of comments received on the Draft EIS. This alternative (Reduced Alternative B) represents a scaled-back version of Alternative B that uses fewer swales to minimize effects to vernal pools and limits the number of recharge basins to the number needed for the project to be practicable.

Copies of the Final EIS are available for public review at the following locations:

- Bureau of Reclamation, Denver Office Library, Building 67, Room 167, Denver Federal Center, 6th and Kipling, Denver, CO 80225.
- Natural Resources Library, Department of the Interior, 1849 C Street NW, Main Interior Building, Washington, DC 20240-0001.
- Bureau of Reclamation, Mid-Pacific Regional Office Library, 2800 Cottage Way, W-1825, Sacramento, CA 95825-1898.
- Bureau of Reclamation, South-Central California Area Office, 1243 'N' Street, Fresno, CA 93721-1831.
- Madera Library, 121 North G Street, Madera, CA 93637.
- Chowchilla Library, 300 Kings Avenue, Chowchilla, CA 93610.
- Madera Ranchos Library, 37167 Ave 12 Suite 4C, Madera, CA 93636.
- Fresno County Public Library, 2420 Mariposa, Fresno, CA 93721.
- Clovis Regional Library, 1155 Fifth Street, Clovis, CA 93612.

Public Disclosure

Before including your name, address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we

cannot guarantee that we will be able to do so.

Dated: May 5, 2011.

David W. Gore,

Assistant Regional Director, Mid-Pacific Region.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Request for Interest in Lease Arrangement on Federal Lands, San Luis Project, Los Banos, California

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of availability.

SUMMARY: The Bureau of Reclamation (Reclamation), a water management agency within the Department of the Interior (Interior), announces the availability of a Request for Interest (RFI). Reclamation is seeking interest from any entity or entities interested in developing a renewable energy project(s) in a lease arrangement on existing Reclamation lands in the vicinity of the San Luis Project near Los Banos, California.

DATES: To be assured consideration, all Statements of Interest should be received by Reclamation by August 5, 2011.

ADDRESSES: To obtain a copy of this RFI, please contact Barry Mortimeyer, Bureau of Reclamation, Central Valley Operations Office, Mid-Pacific Region, 3310 El Camino Ave, Suite 300, Sacramento, CA 95821, or e-mail bmortimeyer@usbr.gov. The RFI is also available on Reclamation's Web site at <http://www.usbr.gov/mp/cvo/renproj>.

FOR FURTHER INFORMATION CONTACT: Contact Barry Mortimeyer at 916-979-3001 or the above e-mail.

SUPPLEMENTARY INFORMATION:

Established in 1902, Reclamation has constructed more than 600 dams and reservoirs in the 17 western states along with powerplants and canals at many of those facilities. Reclamation is a water management agency that assists in meeting the increasing water demands of the West while protecting the environment and the public's investment in these structures. Water management efforts emphasize fulfilling water delivery obligations, water conservation, water recycling and reuse, and developing partnerships with our customers, states, and Native American Tribes, and in finding ways to bring together the variety of interests to

address the competing needs for our limited water resources.

As part of securing America's energy future, the nation is moving toward a clean-energy economy. Interior has been changing the way it does business by opening its doors to responsible development of renewable energy on its public lands. Interior is facilitating environmentally appropriate renewable-energy projects involving solar, wind and waves, geothermal, biofuels and hydropower. These resources, developed in the right ways and the right places, are intended to curb the dependence on foreign oil, reduce use of fossil fuels, and promote new industries.

This RFI is being issued under authority granted to Reclamation in Section 10 (43 U.S.C. 387) of the Reclamation Act of 1939 which provides the Secretary the authority, at his discretion, to grant leases, licenses, easements, and rights-of-way.

Dated: May 26, 2011.

Paul Fujitani,

Acting Operations Manager, Mid-Pacific Region.

BILLING CODE 4310-MN-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-763]

In the Matter of Certain Radio Control Hobby Transmitters and Receivers and Products Containing Same; Notice of a Commission Determination Not To Review Initial Determinations Finding Both Respondents in Default and Terminating the Investigation; Request for Written Submissions on Remedy, the Public Interest, and Bonding

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review initial determinations ("IDs") (Order Nos. 6, 7) of the presiding administrative law judge ("ALJ") finding both respondents in the above-captioned investigation, Koko Technology, Ltd. ("Koko") and Cyclone Toy & Hobby ("Cyclone") of China, in default, and terminating the investigation. The Commission is also requesting briefing on remedy, the public interest, and bonding.

FOR FURTHER INFORMATION CONTACT: Clint Gerdine, Esq., Office of the General Counsel, U.S. International

Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 708-2310. Copies of non-confidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server at <http://www.usitc.gov>. The public record for this investigation may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on March 9, 2011, based on a complaint filed by Horizon Hobby, Inc. ("Horizon") of Champaign, Illinois. 76 FR 12995-96 (March 9, 2011). The complaint, as amended, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain radio control hobby transmitters and receivers and products containing same by reason of infringement of certain claims of U.S. Patent No. 7,391,320, U.S. Copyright Reg. No. TX-7-226-001, and U.S. Trademark Reg. No. 3,080,770. The complaint further alleges the existence of a domestic industry. The Commission's notice of investigation named Koko and Cyclone as the only respondents. The complaint and notice of investigation were served on respondents on March 3, 2011. No responses were received.

On April 11, 2011, Horizon moved, pursuant to 19 CFR 210.16, for the following: (1) An order directing respondents Koko and Cyclone to show cause why they should not be found in default for failure to respond to the complaint and notice of investigation as required by § 210.13; and (2) the issuance of an ID finding Koko and Cyclone in default upon their failure to show cause. Koko and Cyclone did not respond to the motion.

On April 22, 2011, the ALJ issued Order No. 5 which required Koko and Cyclone to show cause no later than May 12, 2011, as to why they should not be held in default and judgment rendered against them pursuant to § 210.16. No response was received from
