ACTION: Notice.

SUMMARY: HUD announces the availability on its Web site and Grants.gov applicant information, submission deadlines, funding criteria, and other requirements for HUD’s FY2011 Choice Neighborhoods Initiative—Planning Grants NOFA. Specifically, this NOFA announces the availability of approximately $3.6 million made available under the Department of Defense and Full-Year Continuing Appropriations Act, 2011, Public Law 112–10, enacted April 15, 2011. The purpose of the Choice Neighborhoods Initiative—Planning Grant Program is to support the development of comprehensive neighborhood revitalization plans which, when implemented, may be expected to achieve the following three core goals:

1. Housing: Transform distressed public and assisted housing into energy efficient, mixed-income housing that is physically and financially viable over the long-term;

2. People: Support positive outcomes for families who live in the target development(s) and the surrounding neighborhood, particularly outcomes related to residents’ health, safety, employment, mobility, and education; and

3. Neighborhood: Transform distressed, high-poverty neighborhoods into viable, mixed-income neighborhoods with access to well-functioning services, high quality public schools and education programs, high quality early learning programs and services, public assets, public transportation, and improved access to jobs.

To achieve these core goals, communities must develop and implement a comprehensive neighborhood revitalization strategy, or Transformation Plan.
