Information Collection Available for Public Comments and Recommendations

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Maritime Administration's (MARAD's) intentions to request extension of approval for three years of a currently approved information collection.

DATES: Comments should be submitted on or before August 19, 2011.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION:

Title of Collection: MARAD Maritime Operator Survey Concerning Mariner Availability.

Type of Request: Extension of currently approved information collection.

OMB Control Number: 2133-0537.

Form Numbers: MA-1048.

Expiration Date of Approval: Three years after date of approval by the Office of Management and Budget.

Summary of Collection of Information: Part of the stated statutory policy of the Merchant Marine Act, 1936, is to foster the development and maintenance of an adequate U.S.-flag merchant marine manned with trained and efficient citizen mariners. In order to successfully meet this mandate, the Maritime Administration (MARAD) must determine whether a current or projected shortage of mariners exists and the possible impact of such a shortage on the merchant marine. MARAD believes that a survey is necessary because it has received an abundance of anecdotal information indicating there is a serious existing and projected mariner shortage in different market sectors.

Need and Use of the Information: The information will be used by MARAD to determine if a current and/or projected mariner shortage exists. If there is a projected shortage that appears to be more short-term, MARAD will follow up with a more detailed survey to ascertain the best means to address the shortage.

Description of Respondents: The target population for the survey will be approximately 100 vessel operating companies representing different sectors of the U.S. maritime industry.

Annual Responses: 100 responses.

Annual Burden: 33 hours.

SUPPLEMENTARY INFORMATION: The Maritime Administration ("MARAD"), an agency of the U.S. Department of Transportation, is offering for public sale, on an "as is, where is" basis, two fast ferry vessels, ALAKAI, Official Number 1182234, and HUAKAI, Official Number 1215902 (each a "Vessel" and collectively, the "Vessels"). MARAD will warrant title to the Vessels and convey title free and clear of all liens. The Vessels were previously owned by Hawaii Superferry LLC and MARAD has obtained title through foreclosure. The Vessels were built in Mobile, AL by Austal USA and are currently berthed at Lambert's Point Dock, Norfolk, VA. Specifications for the Vessels are set forth at the end of this notice (no guarantee or warranty as to specifications is made by MARAD).

All bids must contain specific information on the offer price, details of any financing for the purchase of the Vessels, timing of the closing of the proposed transaction, affidavit stating that the bidder is not affiliated with the former owner, Hawaii Superferry LLC, or any of its officers, directors or significant equity owners, and any contingencies that could affect the closing of the transaction. Bidders may be either U.S. citizens or foreign citizens. Responsive and successful bids should include the following components: (1) Purchase of both Vessels (MARAD only will consider an offer for sale of a single Vessel if concurrent sale of both Vessels to separate buyers can be arranged), (2) monthly reimbursement of any lay-up costs for the Vessels between the execution of a sale contract and closing of the sale, (3) purchase of the Vessels on an "as is, where is" basis with MARAD only required to warrant title to the Vessels and that they are free and clear of liens, and (4) cash sale or owner-procured financing (proposals with MARAD financing of the Vessels will not be considered).

The successful bidder will be required to submit a \$500,000 deposit for each Vessel. Deposits must be made by wire transfer or in the form of a certified

check, drawn on a U.S. bank and made payable to MARAD, within five business days of the bidder being advised that its bid is approved by the Maritime Administrator. *The successful bid will be considered non-responsive if the bid deposit is not received in the required five business day time frame.* The deposit is nonrefundable. No interest will be paid on the deposit. The successful bidder's deposit will be credited toward the bid offer. The successful bidder may not assign its right to the Vessel without consent of MARAD.

The successful bidder will be required to sign the MARAD form vessel sale contract that, among other provisions, incorporates all of the requirements set forth in this notice.

MARAD reserves the right to reject any and all bids and to seek additional bids from the bidders and any other interested parties. Arrangements to inspect the Vessel must be made through MARAD. All inspections will be at the bidder's own risk and expense. For additional information or to arrange an inspection, please contact Mr. David Heller at (202) 366-1850 or david.heller@dot.gov.
