

uniformity in State dairy laws and regulations relating to manufacturing grade milk.

In consultation with representatives from NADRO, State regulatory agencies, FDA, and dairy industry trade associations, the Department prepared the Recommended Requirements to promote uniformity in State dairy laws and regulations for manufacturing grade milk. To accommodate changes that have occurred in the dairy industry, NADRO and various State officials have from time to time requested USDA to update the Recommended Requirements.

During its July 2009 annual meeting, NADRO passed a resolution requesting USDA to raise the maximum allowable somatic cell count for producer herd goat from 1,000,000 cells per milliliter to 1,500,000 cells per milliliter to provide consistency with the current requirements in place for Grade A producer herd goat milk. Due to inherent differences between cows and goats, goat milk with a somatic cell count of 1,500,000 million cells per milliliter can be produced from a healthy, non-mastitic udder and therefore, is quality milk. The need for a separate standard for goat milk was recognized by the National Conference on Interstate Milk Shipments (NCIMS) and was raised to 1,500,000 million cells per milliliter at their 2009 conference. This change will align the Recommended Requirements with the Grade A requirements for goat's milk. AMS reviewed this resolution and developed a draft that identified the changes associated with this request. This draft was provided to State regulatory officials and dairy trade association representatives for informal discussion prior to publication in the **Federal Register**.

The requirements of Executive Order 13132, Federalism, were considered in developing this notice, and it has been determined that this action does not have substantial effects on the States (the relationship between the National Government and the States or on the distribution of power and responsibilities among the various levels of government).

Public Comment

A Notice of Proposal to Change the document, "Milk for Manufacturing Purposes and Its Production and Processing; Recommended Requirements for Adoption by State Regulatory Agencies," was published in the **Federal Register** on October 5, 2010 (75 FR 61418). The Notice of Proposal to Change the document provided for a 60-day comment period that ended

December 5, 2010. Two comments were received. One from the membership of the Other Species Milk Committee of the National Conference on Interstate Milk Shipments (NCIMS) in support of the proposed amendment and one from an anonymous source in opposition of the amendment which provided no scientific justification to support their opposition.

Accordingly, the changes proposed in the Milk for Manufacturing Purposes and its Production and Processing; Recommended Requirements for Adoption by State Regulatory Agencies are incorporated in the revised Recommended Requirements.

The Recommended Requirements are available either from the above address or by accessing the information on the Internet at the following address: <http://www.ams.usda.gov/dairy/manufmlk.pdf>.

Dated: June 15, 2011.

Ellen King,

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: Office of the Secretary, Office of Civil Rights.

Title: Reporting Process for Complaint of Employment Discrimination based on Sexual Orientation against the Department of Commerce.

OMB Control Number: 0690-0024.

Form Number(s): CD-545.

Type of Request: Regular submission.

Burden Hours: 10.

Number of Respondents: 20.

Average Hours per Response: 30 minutes.

Needs and Use: Pursuant to Executive Order 11478 and Department of Commerce Administrative Order (DAO) 215-11, an employee or applicant for employment with the Department of Commerce who alleges that he or she has been subjected to discriminatory treatment based on sexual orientation by the Department of Commerce or one of its sub-agencies, must submit a signed statement that is sufficiently precise to identify the actions or practices that

form the basis of the complaint. Through use of this standardized form, the Office of Civil Rights proposes to collect the information required by the Executive Order and DAO in a uniform manner that will increase the efficiency of complaint processing and trend analyses of complaint activity.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Nicholas Fraser (202) 395-5887.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via e-mail at dhynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Nicholas Fraser, OMB Desk Officer, fax number (202) 395-7258 or via e-mail at Nicholas.A.Fraser@omb.eop.gov

Dated: June 16, 2011.

Glenna Mickelson,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-BP-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 43-2011]

Foreign-Trade Subzone 38A; Application for Expansion of Manufacturing Authority (Production Capacity); BMW Manufacturing Co., LLC; (Motor Vehicles)

A request has been submitted to the Foreign-Trade Zones Board (the Board) by the South Carolina State Ports Authority, grantee of FTZ 38, on behalf of BMW Manufacturing Co., LLC, (BMWMC), operator of Subzone 38A, BMWMC plant, Greer, South Carolina, requesting authority to expand BMWMC's existing scope of FTZ manufacturing authority to include additional production capacity. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and section 400.28(a)(2) of the Board's regulations (15 CFR part 400). It was formally filed on June 15, 2011.

Subzone 38A was approved by the Board in 1994 with authority granted for

the manufacture of up to 219,000 light duty passenger vehicles at the BMWMC plant (6,500 employees/1,068 acres) located at 1400 Highway 101 South in Greer (Spartanburg County), South Carolina (Board Order 697, 59 FR 35096, 7–8–94). Activity at the facility includes machining, painting, assembly, finishing and testing/quality control. Components sourced from abroad (representing about 50% of the finished vehicles' material value) used in the manufacturing activity include: Engines, transmissions (and related parts), axles, plastic and rubber parts, mirrors, glass, wiring harnesses, fasteners, springs, electronic components (modules, switches, instruments), regulators, ignition parts, suspension modules and related parts, shock absorbers, seats, and bearings (duty rate range: free—9.9%).

The applicant now requests that the production capacity under its existing scope of FTZ manufacturing authority be expanded to include up to an additional production of 131,000 vehicles per year, which would bring its total authorized output to 350,000 vehicles per year. The expanded operations will involve similar finished products and utilization of both foreign-sourced and domestic materials and components as under BMWMC's existing scope of FTZ authority.

Expanded FTZ procedures could continue to exempt BMWMC from customs duty payments on the foreign-origin components used in production for export (between 60 and 70% of shipments). On its domestic shipments, the company would be able to elect the duty rate that applies to finished passenger motor vehicles (2.5%) for the foreign-origin inputs noted above. Subzone status would further allow BMWMC to realize logistical benefits through the use of weekly customs entry procedures. Customs duties also could possibly be deferred or reduced on foreign status production equipment. BMWMC would also be exempt from duty payments on foreign inputs that become scrap during the production process.

In accordance with the Board's regulations, Pierre Duy of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the following address: Office of the Executive Secretary, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington,

DC 20230–0002. The closing period for receipt of comments is August 22, 2011. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to September 6, 2011.

A copy of the application will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at the address listed above and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>.

For further information, contact Pierre Duy at Pierre.Duy@trade.gov or (202) 482–1378.

Dated: June 15, 2011.

Andrew McGilvray,
Executive Secretary.

Foreign-Trade Zones Board

[Docket 42–2011]

Foreign-Trade Zone 37—Orange County, NY; Application for Reorganization (Expansion of Service Area) Under the Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the County of Orange, New York, grantee of FTZ 37, requesting authority to reorganize its zone to expand its service area under the alternative site framework (ASF) adopted by the Board (74 FR 1170, 01/12/09 (correction 74 FR 3987, 01/22/09); 75 FR 71069–71070, 11/22/10). The ASF is an option for grantees for the establishment or reorganization of general-purpose zones and can permit significantly greater flexibility in the designation of new "usage-driven" FTZ sites for operators/users located within a grantee's "service area" in the context of the Board's standard 2,000-acre activation limit for a general-purpose zone project. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on June 15, 2011.

FTZ 37 was approved by the Board on May 4, 1978 (Board Order 130, 43 FR 20526, 05/12/78) and expanded on July 9, 1999 (Board Order 1044, 64 FR 38887, 07/20/99). FTZ 37 was reorganized

under the ASF on May 13, 2010 (Board Order 1680, 75 FR 29727, 5/27/10).

The zone project currently has a service area that includes Orange County. The applicant is requesting authority to expand the service area of the zone to include Dutchess County, as described in the application. If approved, the grantee would be able to serve sites throughout the expanded service area based on companies' needs for FTZ designation. The proposed expanded service area is adjacent to the New York/Newark Customs and Border Protection port of entry.

In accordance with the Board's regulations, Kathleen Boyce of the FTZ staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address listed below. The closing period for their receipt is August 22, 2011. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to September 6, 2011).

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230–0002, and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>. For further information, contact Kathleen Boyce at Kathleen.Boyce@trade.gov or (202) 482–1346.

Dated: June 15, 2011.

Andrew McGilvray,
Executive Secretary.
