

burden associated with Rule 15g-9 would be 26,969 hours (19,734 hours to prepare the suitability statement and agreement + 5,920 hours for customer review + 1,315 hours for processing).

We cannot estimate how many broker-dealers and customers will choose to communicate electronically. If we assume that 50 percent of respondents would continue to provide documents and obtain signatures in tangible form, and 50 percent would choose to communicate electronically in satisfaction of the requirements of Rule 15g-9, the total aggregate hour burden would be 27,297 burden hours ((27,627 aggregate burden hours for documents and signatures in tangible form \times 0.50 of the respondents = 13,813 hours) + (26,969 aggregate burden hours for electronically signed and transmitted documents \times 0.50 of the respondents = 13,484 hours)). We estimate that 50% of the burden associated with Rule 15g-9 is a recordkeeping type of burden, and the remaining 50% of the burden is a third party disclosure type of burden.
