hereby given that a public meeting will be held August 11, 2011.

**ADDRESSES:** Comments should be sent to the Montana State Director, Bureau of Land Management, 5001 Southgate Drive, Billings, Montana 59101–4669.

**SUPPLEMENTARY INFORMATION:** The FWS has filed a petition/application to extend the duration of the withdrawal created by PLO No. 6997 (58 FR 50518 (1993)), as corrected (58 FR 58593 (1993)), for an additional 20-year term and is incorporated herein by reference. The PLO withdrew 891,442.36 acres of Federal mineral estate from location and entry under the United States mining laws to protect the CMR NWR. The withdrawal will expire September 27, 2013, unless extended.

The purpose of the proposed extension is to continue the protection of the CMR NWR and its mission to preserve, restore, and manage in a generally natural setting a portion of the nationally significant Missouri River breaks and associated ecosystems for optimum wildlife resources and provide compatible human benefits associated with its wildlife and wild lands.

The use of a right-of-way, interagency agreement, or cooperative agreement would not provide adequate protection. There are no suitable alternative sites available.

Water will not be needed to fulfill the purpose of the requested withdrawal extension.

On or before September 26, 2011, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal extension may present their views in writing to the BLM Montana State Director at the address above. Electronic mail, facsimile, or telephone comments will not be considered properly filed.

Comments, including names and street addresses of respondents, and records relating to the application will be available for public review at the BLM Montana State Office, 5001 Southgate Drive, Billings, Montana, during regular business hours.

Before including your address, phone number, e-mail address, or other personal identifying information in your comments, be advised that your entire comment—including your personal identifying information—may be made public upon sale at any time. Who you can ask us in your comment to withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so.

Notice is hereby given that a public meeting in connection with the proposed withdrawal extension will be held on August 11, 2011 at the Yogo Inn, 211 East Main Street, Lewistown, Montana. A notice of the time and place will also be published in at least one newspaper of local jurisdiction no less than 30 days before the scheduled meeting date. Interested parties may make oral statements and may file written statements at the meeting. All statements received will be considered before any recommendation concerning the proposed extension is submitted to the Assistant Secretary for Land and Minerals Management for final action.

The application will be processed in accordance with the regulations set forth in 43 CFR 2310.4.

Authority: 43 CFR 2310.3–1.

Christina Miller, Acting Chief, Branch of Land Resources.

**DATES:** Comments regarding the proposed sale must be received by the BLM on or before August 11, 2011. Sealed bids must be received no later than 3 p.m., Pacific Time on September 26, 2011 at the address specified below. **ADDRESSES:** Written comments concerning the proposed sale should be sent to the Field Manager, BLM Ukiah Field Office, 2550 North State Street, Ukiah, California 95482. Sealed bids must also be submitted to this address. More detailed information regarding the proposed sale and the land involved, including maps and appraisals may be reviewed during normal business hours between 8 a.m. and 4 p.m. at the Ukiah Field Office.

**SUPPLEMENTARY INFORMATION:** The following public lands are proposed for competitive sale in accordance with Sections 203 and 209 of the Federal Land Policy and Management Act (FLPMA) (43 U.S.C. 1713 and 1719):

**Mount Diablo Meridian**

**Parcel No. 1**

T. 18 N., R. 5 W., sec. 30, lots 1 to 4, inclusive. The area described contains 43.40 acres, more or less, in Colusa and Glenn Counties.

**Parcel No. 2**

T. 15 N., R. 10 W., sec. 15, W1⁄2W1⁄2 and SE1⁄4SW1⁄4. The area described contains 200 acres, more or less, in Lake County.

**Parcel No. 3**

T. 15 N., R. 10 W., sec. 22. The area described contains 640 acres, more or less, in Lake County.

**Parcel No. 4**

T. 15 N., R. 10 W., sec. 27, W1⁄4NW1⁄4 and NW1⁄4SW1⁄4. The area described contains 120 acres, more or less, in Lake County.

The public lands have been identified as suitable for disposal in the BLM’s September 2006 Ukiah Resource Management Plan, as amended, because they are isolated from large blocks of public land and are considered to be difficult and uneconomic to manage as part of the public lands. Parcels Nos. 2, 3, and 4 lack legal access, which increases the difficulty of managing them as part of the public lands. In addition, they are not needed for any Federal purpose. The BLM has completed a mineral potential report which identified oil and gas resources in Parcel No. 1 and geothermal
resources in Parcel Nos. 2, 3, and 4. Otherwise, there are no other mineral values in the lands. The BLM proposes to reserve oil and gas mineral interests in Parcel No. 1 and geothermal mineral interests in Parcel Nos. 2, 3, and 4 and convey all other Federal mineral interests with the sale of the lands. On June 27, 2011, the above described lands will be segregated from all forms of appropriation under the public land laws, including the mining laws, except the sale provisions of the FLPMA. Until completion of the sale, the BLM will no longer accept land use applications affecting the public lands, except applications for the amendment of previously filed right-of-way (ROW) applications or existing authorizations to increase the term of the grants in accordance with 43 CFR 2807.15. The segregation will terminate upon issuance of a patent, publication in the Federal Register of a termination of the segregation, or June 27, 2013, unless extended by the BLM State Director in accordance with 43 CFR 2711.1-2(d) prior to the termination date. Proceeds from the sale will be deposited into the Federal Land Disposal Account, pursuant to the Federal Land Transaction Facilitation Act of July 25, 2000. The lands will not be sold until at least August 26, 2011. Any patent issued would contain the following terms, conditions, and reservations:

1. A reservation of a right-of-way to the United States for ditches and canals constructed by authority of the United States under the Act of August 30, 1890 (43 U.S.C. 945).

2. A reservation of all oil and gas mineral resources to the United States together with the right to prospect for, mine and remove such mineral resources under applicable law and any regulations as the Secretary of the Interior may prescribe, along with all necessary access and exit rights (Parcel No. 1).

3. A reservation of all geothermal mineral resources to the United States together with the right to prospect for, mine, and remove such mineral resources under applicable law and any regulations as the Secretary of the Interior may prescribe, along with all necessary access and exit rights (Parcel Nos. 2, 3, and 4).

4. Subject to such rights as Colusa and Glenn County may have under Revised Statute 2477 for Rail Canyon Road and County Road 401 on Parcel No. 1 (Colusa and Glenn County may apply for, and BLM may grant, permanent easements for these roads prior to conveyance).

5. An appropriate indemnification clause protecting the United States from claims arising out of the patentee’s use, occupancy, and/or operators of the patented lands.

6. Additional terms and conditions that the authorized officer deems appropriate.

The parcels may be subject to applications for ROWs received prior to publication of this Notice if processing the application would not adversely affect the marketability or appraised value of the land. Interested bidders are advised to obtain an Invitation For Bids (IFB) from the BLM Ukiah Field Office at the address above or by calling (707) 468-4082. Bidders must follow the instructions in the IFB to participate in the bidding process. Sealed bids must be for not less than the federally approved fair market value. Each sealed bid must include a certified check, money order, bank draft, or cashier’s check made payable in U.S. dollars to the order of the Bureau of Land Management, for 10 percent of the amount of the bid. The highest qualifying bidder among the qualified bids received for the sale will be declared the high bid and the high bid will receive written notice. Bidders submitting matching high bid amounts will be provided an opportunity to submit supplemental bids. The BLM Ukiah Field Manager will determine the method of supplemental bidding, which may be by oral auction or additional sealed bids. The successful bidder must submit the remainder of the full bid price in the form of a certified check, money order, bank draft, or cashier’s check made payable in U.S. dollars to the Bureau of Land Management prior to the expiration of 180 days from the date of the sale. Personal checks will not be accepted. Failure to submit the full bid price prior to, but not including, the 180th day following the day of the sale will result in the forfeiture of the 10 percent bid deposit to the BLM in accordance with 43 CFR 2711.3-1(d). No exceptions will be made. The BLM will return checks submitted by unsuccessful bidders by U.S. mail. The BLM may accept or reject any or all offers, or withdraw any parcel of land or interest therein from sale, if, in the opinion of the BLM authorized officer, consummation of the sale would not be fully consistent with the FLPMA or other applicable law or is determined to be not in the public interest. Under Federal law, public lands may only be conveyed to U.S. citizens 18 years of age or older; a corporation subject to the laws of any State or of the United States; a State, Statistical, or political subdivision authorized to hold property, or an entity legally capable of conveying and holding lands under the laws of the State of California. Certification of qualifications, including citizenship or corporation or partnership, must accompany the sealed bid. A bid to purchase the land will constitute an application for conveyance of the mineral interests of no known value, and in conjunction with the final payment, the high bidder will be required to pay a $50 non-refundable filing fee and any applicable administrative costs for processing the conveyance of the mineral interests. If not sold, the land described in this Notice may be identified for sale later without further legal notice and may be offered for sale by sealed bid, internet auction, or oral auction. In order to determine the value, through appraisal, of the land proposed to be sold, certain extraordinary assumptions may have been made of the attributes and limitations of the lands and potential effects of local regulations and policies on potential future land uses. Through publication of this Notice, the BLM gives notice that these assumptions may not be endorsed or approved by units of local government. It is the buyer’s responsibility to be aware of all applicable local government policies, laws, and regulations that would affect the lands, including any required dedication of lands for public uses. It is also the buyer’s responsibility to be aware of existing or projected uses of nearby properties. When conveyed out of Federal ownership, the lands will be subject to any applicable reviews and approvals by the respective unit of local government for proposed future uses, and any such reviews and approvals will be the responsibility of the buyer. Any land lacking access from a public road or highway will be conveyed as such, and future access acquisition will be the responsibility of the buyer. Detailed information concerning the proposed land sale including the reservations, sale procedures and conditions, appraisal, planning and environmental documents, and a mineral report are available for review at the location identified in “Addresses” above. Public Comments regarding the proposed sale may be submitted in writing to the attention of the BLM Ukiah Field Manager (see Addresses above) on or before August 11, 2011. Comments received in electronic form, such as e-mail or facsimile, will not be considered. Any adverse comments regarding the proposed sale will be reviewed by the BLM State Director or authorized officer. The Department of the Interior, who may sustain, vacate, or modify this realty
