

DEPARTMENT OF AGRICULTURE**Rural Utilities Service****Turning Point Solar LLC; Notice of Intent To Hold a Public Scoping Meeting and Prepare an Environmental Assessment**

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice of Intent To Prepare an Environmental Assessment and Hold a Public Scoping Meeting.

SUMMARY: The Rural Utilities Service (RUS) intends to hold a public scoping meeting and prepare an Environmental Assessment (EA) to meet its responsibilities under the National Environmental Policy Act (NEPA), the Council on Environmental Quality's regulations for implementing NEPA (40 CFR parts 1500–1508), and RUS's Environmental and Policies and Procedures (7 CFR part 1794) in connection with potential impacts related to a proposal by Turning Point Solar LLC. The proposal consists of constructing a 49.9 megawatt (MW) ground-mounted solar photovoltaic generating facility in Noble County, Ohio. Turning Point Solar LLC is requesting that RUS provide a loan or loan guarantee for the proposal.

DATES: RUS will conduct a public scoping meeting in an open-house format on Thursday, July 14, 2011, from 5 to 9 p.m. at: Caldwell Elementary School, 44350 Fairground Road, Caldwell, Ohio 43724. Representatives from RUS and Turning Point Solar LLC will be available at the meeting to discuss the environmental review process, the proposal, and the scope of environmental issues currently under consideration. Written comments regarding the proposal may be submitted at the public scoping meeting or by August 15, 2011, to the RUS address provided in this Notice.

ADDRESSES: To send comments or for further information, please contact Ms. Lauren McGee, Environmental Scientist, USDA Rural Utilities Service, Engineering and Environmental Staff, 1400 Independence Avenue, SW., Stop 1571, Room 2244–S, Washington, DC 20250–1571, telephone: (202) 720–1482, fax: (202) 690–0649, or e-mail: <mailto:lauren.mcgee@wdc.usda.gov>.

An Alternatives Evaluation and Site Selection Study, which discusses the purpose and need for the proposal and the alternatives considered in the proposal's development, is available for public review at the RUS address provided in this Notice, at the following RUS Web site: <http://www.rurdev.usda.gov/UWP-ea.htm>, and

at the following repository: Caldwell Public Library, 517 Spruce Street, Caldwell, OH 43724–0230; telephone: (740) 732–4506 for operating hours.

SUPPLEMENTARY INFORMATION: Turning Point Solar LLC proposes to construct a 49.9 MW solar generating facility in Brookfield Township, Noble County, Ohio. The proposal involves the installation of high-efficiency monocrystalline photovoltaic panels mounted on fixed solar racking equipment and the construction of access roads, a powerhouse, transmission improvements, and other supporting facilities. The applicant's proposed site for the proposal is located eight miles northwest of Caldwell, Ohio, on approximately 771 acres of reclaimed strip-mined land owned by Columbus Southern Power Company and Ohio Power Company, collectively American Electric Power Ohio ("AEP Ohio"). The land was mined by the Central Ohio Coal Company between 1969 and 1991, after which time it was reclaimed. The proposed generating facility would interconnect to AEP Ohio's South Cumberland 69kV substation, subject to completion of the PJM Generation Interconnection application process.

Among the alternatives that RUS will address in the EA is the No Action alternative, under which the proposal would not be undertaken. In the EA, the effects of the proposal will be compared to the existing conditions in the proposal area. Public health and safety, environmental impacts, and engineering aspects of the proposal will be considered in the EA.

RUS is the lead federal agency, as defined at 40 CFR 1501.5, for preparation of the EA. With this Notice, federally recognized Native American Tribes and federal agencies with jurisdiction or special expertise are invited to be cooperating agencies. Such tribes or agencies may make a request to RUS to be a cooperating agency by contacting the RUS contact provided in this Notice. Designated cooperating agencies have certain responsibilities to support the NEPA process, as specified at 40 CFR 1501.6(b).

As part of its broad environmental review process, RUS must take into account the effect of the proposal on historic properties in accordance with Section 106 of the National Historic Preservation Act (Section 106) and its implementing regulation, "Protection of Historic Properties" (36 CFR part 800). Pursuant to 36 CFR 800.2(d)(3), RUS is using its procedures for public involvement under NEPA to meet its responsibilities to solicit and consider the views of the public during Section

106 review. Accordingly, comments submitted in response to scoping will inform RUS decision-making in its Section 106 review process. Any party wishing to participate more directly with RUS as a "consulting party" in Section 106 review may submit a written request to the RUS contact provided in this Notice.

RUS will use input provided by government agencies, private organizations, and the public in the preparation of the EA. The EA will be available for review and comment for 30 days. If RUS finds, based on the EA, that the proposal will not have a significant effect on the quality of the human environment, RUS will prepare a Finding of No Significant Impact (FONSI). Notification of the EA and FONSI will be published in the **Federal Register** and in newspapers with circulation in the proposal's area. If substantive comments are received on the EA, RUS may provide an additional period (15 days) for public review following the publication of its FONSI. When appropriate to carry out the purposes of NEPA, RUS may impose, on a case-by-case basis, additional requirements associated with the preparation of an EA. If at any point in the preparation of an EA, RUS determines that the proposal will have a significant effect on the quality of the human environment, the preparation of an Environmental Impact Statement will be required.

Any final action by RUS related to the proposal will be subject to, and contingent upon, compliance with all relevant executive orders and federal, state, and local environmental laws and regulations in addition to the completion of the environmental review requirements as prescribed in RUS's Environmental Policies and Procedures, 7 CFR part 1794, as amended.

Dated: June 20, 2011.

Richard Fristik,

Acting Director, Engineering and Environmental Staff, USDA, Rural Utilities Service.

BILLING CODE P

DEPARTMENT OF COMMERCE**Submission for OMB Review; Comment Request**

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: Bureau of Economic Analysis (BEA).

Title: Expenditures Incurred by Recipients of Biomedical Research Awards from the National Institutes of Health (NIH).

OMB Control Number: 0608-0069.

Form Number: None.

Type of Request: Regular submission.

Number of Respondents: 150.

Average Hours per Response: 8 hours.

Estimated Total Annual Burden

Hours: 1,200.

Needs and Uses: The survey to obtain the distribution of expenditures incurred by recipients of biomedical research awards from the National Institutes of Health Research (NIH) will provide information on how the NIH award amounts are expended across several major categories. This information, along with wage and price data from other published sources, will be used to generate the Biomedical Research and Developmental Price Index (BRDPI). The Bureau of Economic Analysis (BEA) of the Department of Commerce develops this index for the National Institutes of Health (NIH) under reimbursable contract. The BRDPI is an index of prices paid for the labor, supplies, equipment, and other inputs required to perform the biomedical research the NIH supports in its intramural laboratories and through its awards to extramural organizations. The BRDPI is a vital tool for planning the NIH research budget and analyzing future NIH programs. A survey of award recipient entities is currently the only means for updating the expenditure categories that are used to prepare the BRDPI.

A survey questionnaire with a cover letter that includes a brief description of, and rationale for, the survey will be sent to potential respondents by the first week of June of each year. A report of the respondent's expenditures of the NIH award amounts, following the proposed format for expenditure categories attached to the survey's cover letter, will be requested to be returned

no later than 60 days after mailing. Survey respondents will be selected on the basis of award levels, which determine the weight of the respondent in the biomedical research and development price index. BEA proposes to survey 150 organizations that receive NIH biomedical research awards. This will include the top 100 academic organizations in awards received and the top 50 nonacademic organizations in awards received. Based on awards data for FY 2007 by type of organization (the most recent data available from NIH at this writing), academic organizations received \$16.1 billion in awards, compared with \$6.5 billion received by nonacademic organizations. The top 100 academic recipients received \$14.0 billion, representing 86.9 percent of all awards going to academic organizations. The top 50 nonacademic organizations received \$3.6 billion, representing 56.3 percent of all awards going to nonacademic institutions. The combined sample of 150 organizations will thus account for \$17.7 billion in total NIH awards, representing 78.1 percent of all awards given in FY 2007.

Affected Public: Businesses or other for-profit institutions, and not-for-profit institutions.

Frequency: Annual.

Respondent's Obligation: Voluntary.

Legal Authority: 45 CFR subpart C, Post-Award Requirements, sections 74.21 and 74.53; 42 U.S.C. 282; Economy Act (31 U.S.C. 1535 and 1536); 15 U.S.C. 1525; and 15 U.S.C. 1527a.

OMB Desk Officer: Paul Bugg, (202) 395-3093.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6616, 14th Street and Constitution Avenue, NW., Washington DC 20230, or via e-mail at dhynek@doc.gov.

Written comments and recommendations for the proposed information collection should be sent

within 30 days of publication of this notice to Paul Bugg, OMB Desk Officer, Fax number (202) 395-7245, or via e-mail at pbugg@omb.eop.gov.

Dated: June 22, 2011.

Glenna Mickelson,

Management Analyst, Office of the Chief Information Officer.
