

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have concluded this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded, under figure 2-1, paragraph (34)(g), of the Instruction. This rule involves the establishment of a temporary safety zone to protect the public from bridge maintenance operations. An environmental analysis checklist and a categorical exclusion determination are available in the docket where indicated under

ADDRESSES.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05-1, 6.04-1, 6.04-6, 160.5; Pub. L. 107-295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1

■ 2. Add temporary § 165.T05-0184 to read as follows:

§ 165.T05-0230 SAFETY ZONE; Newport River, Morehead City, NC.

(a) *Definitions.* For the purposes of this section, Captain of the Port means the Commander, Sector North Carolina. Representative means any Coast Guard commissioned, warrant, or petty officer who has been authorized to act on the behalf of the Captain of the Port.

(b) *Location.* The following area is a safety zone: This zone includes the waters of Newport River directly under latitude 34°43'15" North, longitude 076°41'39" West, and 100 yards on either side of the U.S. Highway 70 Fixed bridge at Morehead City, North Carolina.

(c) *Regulations.* (1) The general regulations contained in Sec. 165.23 of this part apply to the area described in paragraph (b) of this section.

(2) Persons or vessels requiring entry into or passage through any portion of the safety zone must first request authorization from the Captain of the Port, or a designated representative, unless the Captain of the Port previously announced via Marine Safety Radio Broadcast on VHF Marine Band Radio channel 22 (157.1 MHz) that this regulation will not be enforced in that portion of the safety zone. The Captain of the Port can be contacted at telephone number (910) 343-3882 or by radio on VHF Marine Band Radio, channels 13 and 16.

(d) *Enforcement.* The U.S. Coast Guard may be assisted in the patrol and enforcement of the zone by Federal, State, and local agencies.

(e) *Enforcement period.* This section will be enforced from 10 a.m. to 4 p.m. on August 20, 2011 unless cancelled earlier by the Captain of the Port.

Dated: June 13, 2011.

A. Popiel,

Captain, U.S. Coast Guard, Captain of the Port North Carolina.

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket No. USCG-2011-0516]

RIN 1625-AA00

Safety Zone; Bay Point Fireworks, Bay Point Marina; Marblehead, OH

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone in the Captain of the Port Detroit Zone on Lake Erie, Marblehead, Ohio. This Zone is intended to restrict vessels from portions of Lake Erie for the Bay Point Fireworks. This temporary safety zone is necessary to protect spectators and vessels from the hazards associated with fireworks displays.

DATES: This regulation is effective from 10 p.m. on July 2, 2011 through 10:20 p.m. July 3, 2011.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG-2011-0516 and are available online by going to <http://www.regulations.gov>, inserting

USCG–2011–0516 in the “Keyword” box, and then clicking “Search”. They are also available for inspection or copying at the Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary rule, call or e-mail BM1 Tracy Girard, Response Department, Marine Safety Unit Toledo, Coast Guard; telephone (419) 418–6036, e-mail tracy.m.girard@uscg.mil. If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION:

Regulatory Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because waiting for a comment period to run would be impracticable and contrary to the public interest because it would prevent the Captain of the Port Detroit from protecting the public from the hazards associated with maritime fireworks displays.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. For the same reasons discussed in the preceding paragraph, a 30-day notice period would be impracticable and contrary to the public interest.

Background and Purpose

The Bay Point fireworks displays will occur between 10 p.m. and 10:20 p.m. on July 2, 2011. In the case of inclement weather on July 2, 2011, the fireworks display will occur between 10 p.m. until 10:20 p.m. on July 3, 2011, weather permitting. The Captain of the Port Detroit has determined that the Bay Point fireworks display will present hazards to spectators within the vicinity

of the launch site. Such hazards include obstructions to the waterway, the explosive danger of fireworks, and debris falling into the water.

Discussion of Rule

Because of the aforesaid hazards, the Captain of the Port, Sector Detroit has determined that a temporary safety zone is necessary to ensure the safety of spectators and vessels during the setup, loading, and launching of the Bay Point Fireworks display. Accordingly, the safety zone will encompass all U.S. navigable waters of Lake Erie within a 140-yard radius of the fireworks launch site, located at position 41°30′29.23″ N, 082°43′8.45″ W. All geographic coordinates are North American Datum of 1983 (NAD 83).

All persons and vessels shall comply with the instructions of the Coast Guard Captain of the Port, Sector Detroit or the designated representative. Entry into, transiting, or anchoring within the safety zone is prohibited unless authorized by the Captain of the Port, Sector Detroit or his designated representative. The Captain of the Port, Sector Detroit or his designated representative may be contacted via VHF Channel 16.

Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not “significant” under the regulatory policies and procedures of the Department of Homeland Security (DHS). We conclude that this rule is not a significant regulatory action because we anticipate that it will have minimal impact on the economy, will not interfere with other agencies, will not adversely alter the budget of any grant or loan recipients, and will not raise any novel legal or policy issues.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises

small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule will affect the following entities, some of which may be small entities: The owners and operators of vessels intending to transit or anchor in a portion of the Lake Erie, Bay Point Marina; Marblehead, OH between 10 p.m. and 10:20 p.m. on July 2, 2011 or, in the case of inclement weather on July 2, 2011, from 10 p.m. until 10:20 p.m. on July 3, 2011.

This safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons: This rule will only be in effect for twenty minutes total and commercial vessels can request permission to transit through the safety zone. The Coast Guard will give notice to the public via a Broadcast Notice to Mariners that the regulation is in effect.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we offer to assist small entities in understanding the rule so that they can better evaluate its effects on them and participate in the rulemaking process.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct

effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not affect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because

it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Commandant Instruction M16475.ID and Department of Homeland Security Management Directive 023–01, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded, under figure 2–1, paragraph (34)(g) of the Instruction because it involves the establishment of a temporary safety zone. This rule involves the establishment of a safety zone and is therefore categorically excluded under paragraph 34(g) of the Instruction. An environmental analysis checklist and a categorical exclusion determination are available in the docket where indicated under **ADDRESSES**.

List of Subjects in 33 CFR Part 165

Harbors, Marine Safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Pub. L. 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165.T09–0516 to read as follows:

§ 165.T09–0516 Safety Zone; Bay Point Fireworks, Bay Point Marina; Marblehead, OH.

(a) *Location.* The following area is a temporary safety zone: All U.S. navigable waters of Lake Erie, Bay Point Marina, Marblehead, OH within a 140-yard radius of the fireworks launch site located at position 41°30'29.23" N, 082°43'8.45" W.

(b) *Effective and enforcement period.* This regulation is effective from 10 p.m. on July 2, 2011 through 10:20 p.m. July 3, 2011. The safety zone will be enforced from 10 p.m. until 10:20 p.m. on July 2, 2011. In the case of inclement weather on July 2, 2011, this regulation may also be enforced from 10 p.m. until 10:20 p.m. on July 3, 2011, weather permitting.

(c) *Regulations.* (1) In accordance with the general regulations in § 165.23 of this part, entry into, transiting, or anchoring within this safety zone is prohibited unless authorized by the Captain of the Port, Sector Detroit or his designated representative.

(2) This safety zone is closed to all vessel traffic, except as may be permitted by the Captain of the Port, Sector Detroit or his designated representative.

(3) The “designated representative” of the Captain of the Port, Sector Detroit is any Coast Guard commissioned, warrant, or petty officer who has been designated by the Captain of the Port, Sector Detroit to act on his behalf. The designated representative of the Captain of the Port, Sector Detroit will be aboard either a Coast Guard or Coast Guard Auxiliary vessel. The Captain of the Port, Sector Detroit or his designated representative may be contacted via VHF Channel 16.

(4) Vessel operators desiring to enter or operate within the safety zone shall contact the Captain of the Port, Sector Detroit or his designated representative to obtain permission to do so. Vessel operators given permission to enter or operate in the safety zone must comply with all directions given to them by the Captain of the Port, Sector Detroit or his designated representative.

Dated: June 16, 2011.

J.E. Ogden,

Captain, U.S. Coast Guard, Captain of the Port, Sector Detroit.

[FR Doc. 2011-16246 Filed 6-28-11; 8:45 am]

BILLING CODE 9110-04-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R04-OAR-2011-0316-201139; FRL-9426-1]

Approval and Promulgation of Implementation Plans and Designations of Areas for Air Quality Planning Purposes; Alabama: Birmingham; Determination of Attaining Data for the 1997 Annual Fine Particulate Standard

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA has determined that the Birmingham, Alabama, fine particulate (PM_{2.5}) nonattainment area (hereafter referred to as “the Birmingham Area” or “Area”) has attained the 1997 annual average PM_{2.5} National Ambient Air Quality Standard (NAAQS). The Birmingham Area is comprised of Jefferson and Shelby Counties in their entireties, and a portion of Walker County in Alabama. This determination of attainment is based upon quality-assured and certified ambient air monitoring data for the 2008–2010 period showing that the Area has monitored attainment of the 1997 annual PM_{2.5} NAAQS. The requirements for the Area to submit an attainment demonstration and associated reasonably available control measures (RACM), a reasonable further progress (RFP) plan, contingency measures, and other planning State Implementation Plan (SIP) revisions related to attainment of the standard shall be suspended so long as the Area continues to attain the 1997 annual PM_{2.5} NAAQS.

DATES: *Effective Date:* This final rule is effective on July 29, 2011.

ADDRESSES: EPA has established a docket for this action under Docket ID Number EPA-R04-OAR-2011-0316. All documents in the docket are listed in the <http://www.regulations.gov> Web site. Although listed in the electronic docket, some information is not publicly available, i.e., confidential business information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on

the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through <http://www.regulations.gov> or in hard copy for public inspection during normal business hours at the Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960.

FOR FURTHER INFORMATION CONTACT: Joel Huey or Sara Waterson, Regulatory Development Section, Air Planning Branch, Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street, SW., Atlanta, Georgia 30303-8960. Mr. Huey may be reached by phone at (404) 562-9104 or via electronic mail at huey.joel@epa.gov. Ms. Waterson may be reached by phone at (404) 562-9061 or via electronic mail at waterson.sara@epa.gov.

SUPPLEMENTARY INFORMATION:

- I. What action is EPA taking?
- II. What is the effect of this action?
- III. What is EPA's final action?
- IV. Statutory and Executive Order Reviews

I. What action is EPA taking?

EPA is determining that the Birmingham Area (comprised of Jefferson and Shelby Counties in their entireties, and a portion of Walker County in Alabama) has attaining data for the 1997 annual PM_{2.5} NAAQS. This determination is based upon quality assured, quality controlled and certified ambient air monitoring data that shows the Area has monitored attainment of the 1997 annual PM_{2.5} NAAQS based on the 2008–2010 data.

Other specific requirements of the determination and the rationale for EPA's action are explained in the notice of proposed rulemaking (NPR) published on April 12, 2011 (76 FR 20291). For summary purposes, the Pelham High School monitor did not meet data completeness for the 3rd quarter of 2010. The 3-year 2008–2010 design value with data substitution is 11.8 µg/m³; therefore, the monitor passes the data substitution test. The official design value for the monitor is 10.9 µg/m³. The Area's highest 3-year average annual concentration for 2008–2010 is 13.7 µg/m³ at the North Birmingham monitor. The comment period closed on May 12, 2011. No comments were received in response to the NPR.

II. What is the effect of this action?

This final action, in accordance with 40 CFR 51.1004(c), suspends the requirements for this Area to submit attainment demonstrations, associated RACM, RFP plans, contingency measures, and other planning SIPs related to attainment of the 1997 annual PM_{2.5} NAAQS as long as this Area continues to meet the 1997 annual PM_{2.5} NAAQS. Finalizing this action does not constitute a redesignation of the Birmingham Area to attainment for the 1997 annual PM_{2.5} NAAQS under section 107(d)(3) of the Clean Air Act (CAA). Further, finalizing this action does not involve approving maintenance plans for the Area as required under section 175A of the CAA, nor does it involve a determination that the Area has met all requirements for a redesignation.

III. What is EPA's final action?

EPA is determining that the Birmingham Area has attaining data for the 1997 annual PM_{2.5} NAAQS. This determination is based upon quality assured, quality controlled, and certified ambient air monitoring data showing that this Area has monitored attainment of the 1997 annual PM_{2.5} NAAQS during the period 2008–2010. This final action, in accordance with 40 CFR 51.1004(c), will suspend the requirements for this Area to submit attainment demonstrations, associated RACM, RFP plans, contingency measures, and other planning SIPs related to attainment of the 1997 annual PM_{2.5} NAAQS as long as the Area continues to meet the 1997 annual PM_{2.5} NAAQS. EPA is taking this final action because it is in accordance with the CAA and EPA policy and guidance.

IV. Statutory and Executive Order Reviews

This action makes a determination of attainment based on air quality, and will result in the suspension of certain federal requirements, and it will not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a “significant regulatory action” subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
