Defense Federal Acquisition Regulation Supplement; Extension of Restrictions on the Use of Mandatory Arbitration Agreements (DFARS Case 2011-D035)

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: DoD is issuing a final rule to implement section 8102 of the DoD and Full-Year Continuing Appropriations Act, 2011 and similar sections in subsequent appropriations acts, to extend the restriction on the use of mandatory arbitration agreements, when awarding contracts that exceed \$1 million, to use of 2011 and subsequent fiscal year funds appropriated or otherwise made available by this Act or any subsequent DoD appropriation act. Section 8102

allows the Secretary of Defense to waive applicability to a particular contractor or subcontractor, if determined necessary to avoid harm to national security.

DATES: *Effective date:* June 29, 2011.

FOR FURTHER INFORMATION CONTACT: Mr. Julian Thrash, 703-602-0310.

SUPPLEMENTARY INFORMATION:**I. Background**

Section 8102 of the DoD and Full-Year Continuing Appropriations, 2011 (Pub. L. 112-10), prohibits the use of Fiscal Year (FY) 2011 funds for any contract (including task or delivery orders and bilateral modifications adding new work) in excess of \$1 million, if the contractor restricts its employees to arbitration for claims under title VII of the Civil Rights Act of 1964, or tort related to or arising out of sexual assault or harassment, including assault and battery, intentional infliction of emotional distress, false imprisonment, or negligent hiring, supervision, or retention.

This rule does not apply to the acquisition of commercial items. Section 8102(b) requires the contractor to certify compliance by subcontractors.

Additionally, enforcement of the mandatory arbitration provisions related to the covered areas, does not affect the enforcement of other aspects of an agreement that is not related to those areas.

This rule allows the Secretary of Defense to waive applicability to a particular contract or subcontract, if determined necessary to avoid harm to national security.

Section 8102 of the DoD and Full-Year Continuing Appropriations, 2011, extends the restrictions of section 8116 of the Defense Appropriations Act for Fiscal Year 2010 (Pub. L. 111-118). In implementing section 8116, public comments were obtained under DFARS Case 2010-D004.

This final rule does not constitute a significant DFARS revision as defined at FAR 1.501-1 because the requirements are already in place and this final rule merely extends the existing DFARS coverage. Therefore, there is no significant cost or administrative impact on contractors or offerors resulting from issuance of this rule and public comment is not required in accordance with 41 U.S.C. 1707(a).

Since DoD anticipates that this will be an ongoing requirement, this rule applies to use of all subsequent fiscal year funds appropriated or otherwise made available under subsequent DoD appropriations acts. If the restriction is

removed at a future date, DoD will amend the DFARS accordingly.

II. Executive Orders 12866 and 13563

Executive Orders 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is a significant regulatory action and, therefore, was subject to review under section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

III. Regulatory Flexibility Act

The Regulatory Flexibility Act does not apply to this rule. This final rule does not constitute a significant DFARS revision within the meaning of FAR 1.501 and public comment is not required in accordance with 41 U.S.C. 1707.

IV. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

SUPPLEMENTARY INFORMATION:

I. Background

Section 866 of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2011 (Pub. L. 111–383), enacted on January 7, 2011, authorized the Secretary of Defense to carry out a pilot program to assess the feasibility and advisability of acquiring military-purpose nondevelopmental items in accordance with the streamlined procedures of the pilot program. The authority for this pilot program expires on January 6, 2016. Under this pilot program, DoD may enter into contracts with nontraditional defense contractors for the purpose of—

—Enabling DoD to acquire items that otherwise might not have been available to DoD;

—Assisting DoD in the rapid acquisition and fielding of capabilities needed to meet urgent operational needs; and

—Protecting the interests of the United States in paying fair and reasonable prices for the item or items acquired.

This pilot program is designed to test whether the streamlined procedures, similar to those available for commercial items, can serve as an effective incentive for nontraditional defense contractors to (1) channel investment and innovation into areas that are useful to DoD and (2) provide items developed exclusively at private expense to meet validated military requirements.
