DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 4804-001]

San Luis Obispo Flood Control and Water Conservation District; Notice of Effectiveness of Surrender

On October 27, 1981, the Commission issued an Order Granting Exemption from Licensing for a Conduit Hydroelectric Project¹ to the San Luis Obispo Flood Control and Water Conservation District (District) for the Lopez Water Treatment Plant Hydropower Generation Unit Project No. 4804. The project was located on the county's water distribution system in San Luis Obispo County, California.

On October 24, 2005, the District filed an application with the Commission to surrender the exemption. On April 12, 2007, staff from the Commission's San Francisco Regional Office conducted an inspection of the project to verify that the District had dismantled and abandoned the project facilities as proposed. By letter dated May 3, 2007, Commission staff confirmed the project's abandonment.

Accordingly, the Commission accepts the District's surrender of its exemption from licensing issued on October 27, 1981, effective May 3, 2007.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On January 18, 2011 (76 FR 2904), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received two

(2) comments during the comment period, which are addressed in the ICR. Any additional comments on this ICR should be submitted to EPA and OMB within 30 days of this notice.

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-OECA-2010-0777, which is available for online viewing at <http://www.regulations.gov>, or in person viewing at the Enforcement and Compliance Docket and Information Center (ECDIC) in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is 202-566-1744, and the telephone number for the ECDIC is 202-566-1752.

Use EPA's electronic docket and comment system at <http://www.regulations.gov>, to submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the docket that are available electronically. Once in the system, select "docket search," then key in the docket ID number identified above. Please note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at <http://www.regulations.gov> as EPA receives them and without change, unless the comment contains copyrighted material, confidential business information (CBI), or other information whose public disclosure is restricted by statute. For further information about the electronic docket, go to <http://www.regulations.gov>.

Title: Source Compliance and State Action Reporting (Renewal).

ICR numbers: EPA ICR No. 0107.10, OMB Control No. 2060-0096.

ICR Status: This ICR is scheduled to expire on July 31, 2011. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: Source Compliance and State Action Reporting is an activity whereby State, District, Local, and Commonwealth governments (hereafter referred to as either “states/locals” or “state and local agencies”) make air compliance and enforcement information available to the U.S. Environmental Protection Agency (EPA or the Agency) on a cyclic basis via input to the Air Facility System (AFS). The information provided to EPA includes compliance activities and determinations, and enforcement activities. EPA uses this information to assess progress toward meeting emission requirements developed under the authority of the Clean Air Act (CAA or the Act) to protect and maintain the atmospheric environment and the public health. The EPA and many of the state and local agencies access the data in AFS to assist them in the management of their air pollution control programs. This renewal information collection request (ICR) affects oversight of approximately 39,005 stationary sources by 99 state and local agencies and the Federal EPA. On average, the burden imposed by this collection amounts to approximately one-tenth of a full-time equivalent employee for each small state and local agency, one-fourth of a full-time equivalent employee for each medium sized state and local agency and one and one-tenth of a full-time equivalent employee for each large sized state and local agency for national reporting of compliance and enforcement related data under all of the applicable Clean Air Act programs.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 92 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: State and Local Agencies.

Estimated Number of Respondents: 99.

Frequency of Response: Every 60 days.

Estimated Total Annual Hour Burden: 54,384.

Estimated Total Annual Cost: \$2,843,187 in labor costs. There are no capital or O&M costs.

Changes in the Estimates: There is a decrease of 18,689 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. This decrease is due to a continuing decrease in the number of major sources in the reportable universe and a reported decrease of time and resources available for use in data management by small and medium sized agencies.

Dated: June 28, 2011.

Joseph A. Sierra,

Acting Director, Collection Strategies Division.
