SUMMARY: This final rule amends the regulations of the Bureau of Economic Analysis (BEA) related to direct investment surveys. Specifically, BEA is eliminating reporting requirements for several direct investment surveys that are no longer necessary because the information is collected on other surveys of direct investment conducted by BEA. The surveys that are eliminated from the regulations are: A survey of foreign direct investment in the U.S. seafood industry, two schedules of expenditures for property, plant, and equipment of U.S. direct investment abroad, and two industry classification questionnaires. In addition, BEA is eliminating the reporting requirements for two surveys of new foreign direct investment in the United States. BEA suspended collection of these surveys in 2009 in order to align its international survey program with available resources. The surveys had been used to collect identification information on the U.S. business being established or acquired and on the new foreign owner, information on the cost of the investment and source of funding, and limited financial and operating data for the newly established or acquired entity. The data had been used to measure the amount of new foreign direct investment in the United States and assess its impact on the U.S. economy. BEA continues to identify newly acquired or established U.S. affiliates of foreign investors and bring them into its international survey program through the BE–12, BE–15, and BE–605 surveys, which are the benchmark, annual, and quarterly surveys of foreign direct investment in the United States, respectively, but they are not separately identified in BEA’s published statistics.

BEA is eliminating the regulations for the BE–21, BE–133B, BE–133C, BE–507, and BE–607 surveys since they have not been conducted in many years and are no longer necessary because the information is collected on other surveys of direct investment conducted by BEA.

In addition, BEA is making other minor revisions to its regulations to eliminate outdated information. These revisions eliminate references to outdated information regarding BE–10 survey forms and inactive OMB control numbers.

Executive Order 12866
This final rule has been determined to be not significant for purposes of E.O. 12866.

Executive Order 13132
This final rule does not contain policies with Federalism implications as that term is defined in E.O. 13132.

Paperwork Reduction Act
The Office of Management and Budget (OMB) approvals under the Paperwork Reduction Act for the seven surveys that BEA is eliminating have expired. The information collection approval for the BE–13 and BE–14 (under OMB control number 0608–0035) expired on August 31, 2009; the BE–21 approval (OMB control number 0608–0050) expired September 30, 1983; the BE–133B and BE–133C (OMB control number 0608–0024) expired December 31, 1994; the BE–507 approval (OMB control number 0608–0032) expired April 30, 1997; and the BE–607 approval (OMB control number 0608–0030) expired on May 31, 1991.

Regulatory Flexibility Act
The Chief Counsel for Regulation, Department of Commerce, has certified to the Chief Counsel for Advocacy, Small Business Administration, under the provisions of the Regulatory Flexibility Act (5 U.S.C. 605(b)), that this final rule will not have a significant economic impact on a substantial number of small entities. The factual basis for the certification was published in the proposed rule and is not repeated here. No comments were received regarding the certification or the economic impact of the rule more
generally. No final regulatory flexibility analysis was prepared.
