Final Rule Stage

445. • Regulation Z—Escrow Requirements (Docket No. R-1406)

Legal Authority: 12 U.S.C. 3806; 15 U.S.C. 1604; 15 U.S.C. 1637(c)(5); 15 U.S.C. 1639

Abstract: The Federal Reserve Board (Board) will publish in the **Federal Register** on March 2, 2011, a proposed rule that would amend Regulation Z (Truth in Lending) to implement certain amendments to the Truth in Lending Act made by the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act). Regulation Z currently requires creditors to establish escrow accounts for higher-priced mortgage loans secured by a first lien on a dwelling. The proposal would implement statutory changes made by the Dodd-Frank Act that lengthen the time for which a mandatory escrow account established for a higher-priced mortgage loan must be maintained. In addition, the proposal would implement the Act's disclosure requirements regarding escrow accounts. The proposal also would exempt certain loans from the statute's escrow requirement. The primary exemption would apply to mortgage loans extended by creditors that operate predominantly

in rural or underserved areas, originate a limited number of mortgage loans, and do not maintain escrow accounts for any mortgage loans they service.

446. • Regulation II—Debit Card Interchange Fees and Routing (Docket No. R-1404)

Legal Authority: 15 U.S.C. 16930
Abstract: The Board requested public comment on proposed new Regulation II, Debit Card Interchange Fees and Routing, which:(1) Establishes standards for determining whether an interchange fee received or charged by an issuer with respect to an electronic debit transaction is reasonable and proportional to the cost incurred by the issuer with respect to the transaction,

and (2) prohibits issuers and networks from restricting the number of networks over which an electronic debit transaction may be processed and from inhibiting the ability of a merchant to direct the routing of an electronic debit transaction to any network that may process such transactions. With respect to the interchange fee standards, the Board requested comment on two alternatives that would apply to covered issuers: (1) An issuer-specific standard with a safe harbor and a cap, or (2) a cap applicable to all such issuers. The proposed rule would additionally prohibit circumvention or evasion of the interchange fee limitations (under both alternatives) by preventing the issuer from receiving net compensation from the network (excluding interchange fees passed through the network). The Board also requested comment on possible frameworks for an adjustment to interchange fees for fraud-prevention costs. With respect to the debit-card routing rules, the Board requested comment on two alternative rules prohibiting network exclusivity: one alternative would require at least two unaffiliated networks per debit card, and the other would require at least two unaffiliated networks for each type of transaction authorization method. Under both alternatives, the issuers and

networks would be prohibited from inhibiting a merchant's ability to direct the routing of an electronic debit transaction over any network that may process such transactions.

448. • Regulation Z—Truth in Lending (Docket No. R-1394)

Legal Authority: 12 U.S.C. 3806; 15 U.S.C. 1604; 15 U.S.C. 1637c

Abstract: On October 28, 2010, the Federal Reserve approved for public comment an interim final rule amending Regulation Z (Truth in Lending)(75 FR 66554). The interim rule implements section 129E of the Truth in Lending Act (TILA), which was enacted on July 21, 2010, as section 1472 of the Dodd-Frank Wall Street Reform and Consumer Protection Act. TILA section 129E establishes new requirements for appraisal independence for consumer credit transactions secured by the consumer's principal dwelling. The amendments are designed to ensure that

real estate appraisals used to support creditors' underwriting decisions are based on the appraiser's independent professional judgment, free of any influence or pressure that may be exerted by parties that have an interest in the transaction. The amendments also seek to ensure that creditors and their agents pay customary and reasonable fees to appraisers. The Board sought comment on all aspects of the interim final rule, which were due by December 27, 2010. Compliance is mandatory for residential mortgage applications received by creditors on or after April 1, 2011.
