

ANNUAL BURDEN ESTIMATES—Continued

Field data collection instrument clearance

Instrument	Annual number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Discussion Guide for Use with Program Staff	40	1	2	80
Focus Group Discussion Guide for Use with Program Participants	100	1	1.5	150
Discussion Guide for Use with School Administrators	70	1	1	70
Short Survey with Program Directors	70	1	0.25	17.5
Short Survey with Program Staff	140	1	0.25	35
Short Survey with School Administrators	70	1	0.25	17.5
Estimated Annual Burden Total for Field Clearance				460

Additional Information

Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 370 L'Enfant Promenade, SW., Washington, DC 20447, Attn: OPRE Reports Clearance Officer. All requests should be identified by the title of the information collection. E-mail address: OPREinfocollection@acf.hhs.gov.

OMB Comment

OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication. Written comments and recommendations for the proposed information collection should be sent directly to the following: Office of Management and Budget, Paperwork Reduction Project, Fax: 202-395-6974, Attn: Desk Officer for the Administration for Children and Families.

Dated: July 1, 2011.

Submission for OMB Review; Comment Request

Title: Descriptive Study of Early Head Start (Early Head Start Family and Child Experiences Study; Baby FACES).

OMB No.: 0970-0354.

Description: The Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS), anticipates continuing data collection for wave 4 of the parent interview, teacher child reports, care provider interviews and observations, direct child assessments, program director interviews, and family service tracking for the pen-natal cohort of the Descriptive Study of Early Head Start (Early Head Start Family and Child Experiences Study; Baby FACES). Data collection will continue for an additional 12 months beyond the current date of expiration (October 31, 2011).

This data collection is a part of Baby FACES, which is an important opportunity to provide a description of the characteristics, experiences, and outcomes of Early Head Start children and families, and Early Head Start Program services and delivery. All of the information obtained will be used to help Early Head Start improve services to infants and toddlers and their families. Baby FACES uses a longitudinal age cohort study design that selected all children in the spring of 2009 that were within a four month

pen-natal window. These children will be followed in the study until they are age 3 unless they leave the Early Head Start before reaching that age.

Materials for the wave 4 program visit data collection effort, previously submitted to OMB, covered peri-natal and age 1 cohort data collections. Data collection for the age 1 cohort will be completed by October 31, 2011. ACF anticipates collecting data for an additional 12 months in order to complete data collection for the peri-natal cohort.

Respondents: Program Directors, teachers and home visitors of sampled children, parents of sampled children, sampled children.

Estimates of Annualized Burden Hours

As in the first three waves, the proposed data collection does not impose a financial burden on respondents. Respondents will not incur any expenses other than the time spent completing the interviews, reports and direct assessments.

The estimated annual burden for study respondents—parents, children, and program staff—is listed in the table below.

Response times are the same as reported in the initial OMB statement. The times were derived from previous studies using the same instruments with a similar population and confirmed with our population during earlier rounds of data collection. The number of respondents is based on the number of pen-natal cohort members as of spring 2010 (our most recent round of data collection).

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Parent Interview	1,554	1	.95	1,479
Program Director Interview	90	1	.67	60
Child Care Provider Interview	180	1	.25	45

ANNUAL BURDEN ESTIMATES—Continued

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Home Visitor Interview	270	1	.25	68
Primary Caregiver/Home Visitor Child Rating	450	3.2	.333	480
Family Service Tracking	450	166	.125	9,360
Child Direct Assessment	774	1	1	774
Parent-Child Interaction	774	1	.25	194
Estimated Total Annual Burden Hours				12,460

Additional Information

Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 370 L'Enfant Promenade, SW., Washington, DC 20447, Attn: OPRE Reports Clearance Officer. All requests should be identified by the title of the information collection.

E-mail address: OPREinfocollection@acf.hhs.gov.

OMB Comment

OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. BILLING CODE 4184-03-M

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Evaluation of Adolescent Pregnancy Prevention Approaches—First Follow-up Data Collection.

OMB No.: ICRAS: 0970-0360.

Description: The Office of Adolescent Health (OAH), Office of the Assistant Secretary for Health (OASH), U.S. Department of Health and Human Services (HHS), is overseeing and coordinating adolescent pregnancy prevention evaluation efforts as part of the Teen Pregnancy Prevention Initiative. OAH is working collaboratively with the Office of the Assistant Secretary for Planning and Evaluation (ASPE), the Centers for Disease Control and Prevention (CDC), and the Administration for Children and Families (ACF) on adolescent pregnancy prevention evaluation activities.

The Evaluation of Adolescent Pregnancy Prevention Approaches (PPA) is one of these efforts. PPA is a random assignment evaluation which will expand available evidence on effective ways to reduce teen pregnancy. The evaluation will document and test a range of pregnancy prevention

approaches in up to eight program sites. The findings from the evaluation will be of interest to the general public, to policy-makers, and to organizations interested in teen pregnancy prevention.

This request for comment follows on a 60-Day **Federal Register** Public Comment Request Notice, published on Monday, July 12, 2010, pp. 39695–39696, with the document identifier of OS-0990–New.

This proposed information collection activity focuses on collecting follow-up data from a self-administered questionnaire which will be analyzed to determine program effects. Through a survey instrument, respondents will be asked to answer questions about demographics and risk and protective factors related to teen pregnancy.

Respondents: The data will be collected through private, self-administered questionnaires completed by study participants, i.e. adolescents assigned to a select school or community teen pregnancy prevention program or to a control group. Surveys will be distributed and collected by trained professional staff.

ANNUAL BURDEN ESTIMATES

Instrument	Annual number of respondents	Number of responses per respondent	Average burden hours per response	Total annual burden hours
Chicago Public Schools/Health Teacher	430	1	.5	215
Oklahoma Institute of Child Advocacy/Power Through Choices	306	1	.6	184
Estimated Total Annual Burden Hours				399

Additional Information

Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of Planning, Research

and Evaluation, 370 L'Enfant Promenade, SW., Washington, DC 20447, Attn: OPRE Reports Clearance Officer. All requests should be identified by the title of the information

collection. E-mail address: OPREinfocollection@acf.hhs.gov.
